LAW ENFORCEMENT CODE OF ETHICS
As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

100.2 PEACE OFFICER POWERS
Sworn members of this department are authorized to exercise peace officer powers pursuant to applicable state law (Penal Code § 830.1 et seq.).

100.2.1 ARREST AUTHORITY OUTSIDE THE JURISDICTION OF THE LAKE COUNTY SHERIFF'S OFFICE
The arrest authority outside the jurisdiction of the Lake County Sheriff's Office includes (Penal Code § 830.1; Penal Code § 836):

(a) When the deputy has probable cause to believe the person committed a felony.

(b) When the deputy has probable cause to believe the person has committed a misdemeanor in the presence of the deputy and the deputy reasonably believes there is immediate danger to person or property or of escape.

(c) When the deputy has probable cause to believe the person has committed a misdemeanor for which an arrest is authorized even if not committed in the presence of the deputy such as certain domestic violence offenses and there is immediate danger to person or property or of escape or the arrest is mandated by statute.

(d) When authorized by a cross jurisdictional agreement with the jurisdiction in which the arrest is made.

(e) In compliance with an arrest warrant.

On-duty arrests will not generally be made outside the jurisdiction of this department except in cases of hot or fresh pursuit, while following up on crimes committed with the County or while assisting another agency.

On-duty deputies who discover criminal activity outside the jurisdiction of the County should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

100.2.2 ARREST AUTHORITY INSIDE THE JURISDICTION OF THE LAKE COUNTY SHERIFF'S OFFICE
The arrest authority within the jurisdiction of the Lake County Sheriff's Office includes (Penal Code § 830.1; Penal Code § 836):

100.2.3 TIME OF MISDEMEANOR ARRESTS
Deputies shall not arrest a person for a misdemeanor between the hours of 10:00 p.m. of any day and 6:00 a.m. of the next day unless (Penal Code § 840):

100.2.4 OREGON AUTHORITY
Sworn members of this department who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles from the California-Oregon border (ORS 133.405). Such authority shall only apply when deputies are acting:

(a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.

(b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life, and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.

(c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents or other similar public safety situations, regardless of whether an Oregon law enforcement official is present at the scene of the incident.

Lake County Sheriff's Office deputies have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, deputies should seek permission from a department supervisor before entering Oregon to provide law enforcement services. As soon as practicable, deputies exercising law enforcement authority in Oregon shall submit any appropriate written reports concerning the
incident to the Oregon agency having primary jurisdiction over the area in which the incident occurred.

100.3 POLICY
It is the policy of the Lake County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, deputies are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate the abuse of law enforcement authority.

100.4 INTERSTATE PEACE OFFICER POWERS
Peace officer powers may be extended to other states:

(a) As applicable under interstate compacts, memorandums of understanding or mutual aid agreements in compliance with the laws of each state.

(b) When a deputy enters an adjoining state in close or fresh pursuit of a person believed to have committed a felony (ARS § 13-3832; NRS 171.158; ORS 133.430).

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

100.5 CONSTITUTIONAL REQUIREMENTS
All members shall observe and comply with every person’s clearly established rights under the United States and California Constitutions.
101.1 PURPOSE AND SCOPE
The LCSO has a written plan that defines the authority of the Sheriff and establishes the chain of command and supervisory accountability to provide employees with a clear understanding of operating constraints and organizational expectations.

(a) Responsibility for Direction and Control
1. The Sheriff of the LCSO is an elected official and the chief law enforcement officer in the County of Lake. The LCSO provides law enforcement services in unincorporated and incorporated areas of Lake County. The LCSO is responsible for enforcing criminal law on Native American tribal lands as prescribed by Public Law 280.

(b) Command order of Precedence and Protocol
1. When the Sheriff is absent, the order of precedence for command authority is the Under-sheriff. In case of incapacitating injury to, or death of the sheriff, the Under-sheriff is responsible for the operation of the LCSO until a replacement has been named. The echelon of command for the LCSO is as follows:
   (a) Sheriff
   (b) Undersheriff
   (c) Captain
   (d) Lieutenant
   (e) Sergeant

2. In the event of a planned absence, the line of succession, in the absence of the Sheriff is as follows:
   (a) Undersheriff
   (b) Captain
   (c) Lieutenant
   (d) Sergeant

3. Command protocol in situations involving personnel of different divisions or units engaging in a single operation is as follows:
   (a) The command structure always follows the chain of command
Direction

(b) Whenever the command structure is not easily distinguishable by rank, responsibility of command remains with the command officer having primary functional responsibility.

(c) Whenever command structure is easily distinguishable by rank, but the command officer having primary functional responsibility is of lower rank, the responsibility of command remains with the highest ranking officer.

(d) Primary functional responsibility means matters that fall within a deputy's normal responsibilities and duties.

(c) **Requirement to Obey Lawful Orders**

(a) Employees must promptly obey any lawful orders or directives of a supervisor. This includes orders or directives from a superior that an employee of the same of lesser rank relays. If an employee receives a conflicting order or directive, the employee must respectfully call the conflict to the attention of the supervisor giving him or her the last order. If the supervisor giving the last order does not change the order, the employee must obey the last order and is not responsible for disobedience of the first order.

(d) **Unlawful Orders**

(a) Employees must never obey any order that they know or should know would require them to commit an illegal act. If in doubt as to the legality of an order, employees must request the issuer to clarify the order or to confer with a higher authority. Any employee who disobeys or disregards a supervisor's lawful order or directive, verbal or written, is subject to disciplinary action.

(e) **Interoffice Communication and Meetings**

(a) It is the policy of the LCSO to conduct regular meetings at all levels of command within the organization, to maintain an effective communications network and promote cooperation throughout the organization. In addition to formal meetings, non-patrol employees should take opportunities to attend briefings, when held, and all employees should read LCSO informational publications.

(f) **Department Meetings**

(a) The Sheriff or his or her designee may call a meeting of all personnel at his or her discretion. When an employee feels a meeting of all LCSO personnel is necessary, he or she may make a written request for such a meeting to the Sheriff through the chain of command.

(g) **Command Staff Meetings**
(a) Command Staff Meetings are generally held once per week. The attendees of these meetings include: Lieutenants, Lieutenants, the Finance Manager, and any other member invited on specific topics.

(h) **Full Staff Meetings**

(a) The Full Staff Meeting includes all supervisory and command staff members, and at the discretion of the Sheriff, may include the LCSO Deputy Sheriff's Association President or Vice President. Other Department members may be invited regarding specific topics to be discussed. Full Staff Meetings are held at the discretion of the Sheriff as he or she deems necessary.

(i) **Manager, Supervisor, Special Unit Meetings by Division**

(a) The LCSO supports the use of meetings among managers and supervisors of each Division and special unit members communicating policy, procedure and information pertinent to efficient operations. Managers and supervisors attending such meetings are those who must carry out and oversee the practical application of such policies specific to operations in the division. Coordination, scheduling and composition of manager meetings, supervisor meetings, special unit meetings, or a combination thereof are at the discretion of the Division Commander and his or her designee.

(b) All managers, supervisors and/or special unit members must attend unless his or her supervisor excuses him or her or extenuating circumstances exist.

(j) **Labor Management Meetings**

(a) The sheriff supports the use of Labor Management meetings as a tool to maintain labor management relations and open communication. These meetings are scheduled as needed between the Sheriff and President of the LCSO Deputy Sheriff's Association.

(k) **E-mail Communications**

(a) The LCSO encourages the use of E mail to aid in communicating internally and externally in an efficient manner. However, information overload is always a problem. Members should refrain from sending unnecessary E mails and choose recipients narrowly. The LCSO Deputy Sheriff's Association is welcome to use the Department E mail for member notifications of events and non-private matters.

Jurisdiction and Geographical Boundaries

104.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the geographical boundaries of the County of Lake and define jurisdictional responsibilities.

(a) BOUNDARIES OF JURISDICTION
1. The County of Lake maintains a Geographic Information System including a map that delineates the specific geographical boundaries of jurisdiction. An electronic version of that map is accessible through the County Intranet. The County of Lake is generally situated between the counties of Mendocino, Glenn Colusa, Yolo, Napa and Sonoma.

2. The City of Lakeport and the City of Clearlake are two incorporated cities within Lake County. Both cities have their own police departments: The Lakeport Police Department and the Clearlake Police Department. These two agencies hold the primary Law Enforcement responsibilities for their respective cities.

3. Unincorporated towns in Lake County include: North Lakeport, Blue Lakes, Upper Lake, Nice, Lucerne, Glenhaven, Clearlake Oaks, Spring Valley, Lower Lake, Hidden Valley Lake, Middletown, Cobb, Loch Lomond, Whispering Pines, Kelseyville, Finley and South Lakeport. Unincorporated areas include Bartlett Springs, Indian Valley, Highland Springs and Pillsbury. The LCSO provides law enforcement services to these areas and other unincorporated areas throughout Lake County.

4. The LCSO Marine Patrol Unit patrols and provides law enforcement services on Clear Lake.

5. The areas of LCSO responsibility are divided into beats and sub-beats. A Beat Map follows.

(b) CONCURRENT JURISDICTION RESPONSIBILITY AND AGREEMENTS
1. It is the intent of this directive to identify basic shared responsibilities of the LCSO and other policing agencies as they relate to overlapping, shard or concurrent law enforcement services delivered within the geographic boundaries of the County of Lake. In that regard, the LCSO works cooperatively with the following agencies within the County: the Lakeport Police Department, Clearlake Police Department, California Highway Patrol, California Department of Fish and Game, Bureau of Land Management and the California Department of Forestry.

2. It is the policy of the LCSO to coordinate its efforts with these concurrent agencies as outlined below.
(a) **Lakeport Police Department** - Our primary relationship with the Lakeport Police Department is to accept the booking, housing and care of inmates whose custody is transferred from their officers to the LCSO Custody Division. The LCSO provides Coroner services within the incorporated areas of Lakeport. Criminal investigations within the city limits shall be the responsibility of the Lakeport Police Department, regardless of any assistance from the LCSO, except as authorized by the Sheriff. The Sheriff and the Lakeport Police Chief may constitute an operational agreement for policing areas located within the Lakeport City Limits.

(b) **Clearlake Police Department** - Our primary relationship with the Clearlake Police Department is to accept the booking, housing and care of inmates whose custody is transferred from their officers to the LCSO Custody Division. The LCSO provides Coroner services within the incorporated areas of Clearlake. Criminal investigations within the city limits shall be the responsibility of the Clearlake Police Department, regardless of any assistance from the LCSO, except as authorized by the Sheriff. The Sheriff and the Clearlake Police Chief may constitute an operational agreement for policing areas located within the Clearlake City Limits.

(c) **California Highway Patrol** - Our primary relationship with the California Highway Patrol is to accept the booking, housing and care of inmates whose custody is transferred from their officers to the LCSO Custody Division. The LCSO will be the primary investigative entity for criminal acts within the jurisdiction of the LCSO, with the exception of driving related crimes routinely handled by the California highway Patrol (i.e. DUI, hit and run, etc.) The California highway Patrol has the primary responsibility for investigating traffic related offenses within the unincorporated areas of Lake County. The LCSO will provide assistance to the California Highway Patrol, as needed, and when called upon to do so. LCSO personnel are encouraged to assist California Highway Patrol personnel with their duties of enforcing traffic laws within the unincorporated areas of Lake County, and must take appropriate action when witnessing violations, or if requested to do so by members of the public or supervisors.

(d) **California Fish and Game** - California Fish and Game maintains peace officers who respond to and handle fish and game incidents that occur on property located within the geographic boundaries of the County of Lake. The LCSO will provide assistance to California Fish and Game Wardens, as needed, and when called upon to do so due to events requiring their services. Additionally, the LCSO will accept for booking,
housing, and care, the prisoners brought to the Hill Road Correctional Facility by California Fish and Game Wardens.

(e) **Bureau of Land Management** - Bureau of Land Management (BLM) maintains peace officers who respond to and handle incidents that occur on BLM located within the geographic boundaries of the County of Lake. The LCSO will provide assistance to BLM Officers, as needed, when called upon to do so due to events requiring their services. Additionally, the LCSO will accept for booking, housing, and care, prisoners brought to the Hill Road Correctional Facility by Bureau of Land Management Officers.

(f) **California Department of Forestry** - California Department of Forestry maintains peace officers who respond to and handle incidents that occur on National Forest land located within the geographic boundaries of the County of Lake. Additionally, the LCSO will accept for booking, housing, and care, prisoners brought to the Hill Road Correctional Facility by California Department of Forestry Officers.

3. Usually the first agency upon the scene, and having jurisdiction has responsibility and is in charge. The LCSO recognizes this responsibility and either assumes jurisdiction on that basis or provides assistance to other agencies, as they require.

The Sheriff exercises command over all personnel in the Department. In the event of the Sheriff's absence or unavailability, the Undersheriff will serve as the acting Sheriff.

The order of command authority in the absence or unavailability of the Sheriff and Undersheriff will follow the order of seniority in the following ranks of sworn personnel:

(a) Captain
(b) Lieutenant
(c) Sergeant

200.3.2 UNITY OF COMMAND
The principles of unity of command ensure efficient supervision and control within the Sheriff's Office. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., K-9, SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS
Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.
Seniority

201.1 POLICY
The primary consideration in making personnel schedules and assignments must, of necessity, be the needs and best interests of the Sheriff's Office. When Sheriff's Office needs can be filled by more than one fully qualified person, however, the next consideration will be seniority.

When a question regarding seniority arises, it shall be determined based on the following criteria:

(a) Employees of the same grade shall rank according to the date of their appointment to such grade., including high grade.

(b) Two or more members appointed to the same grade on the same date shall rank according to their original appointment date to the Sheriff's Office. In the event of two or more employees having the same date, the highest test score will prevail.

(c) For special purposes and for specific periods, any member may be designed by the Sheriff or his designee to take command of any particular division, bureau, or other unit without regard to his rank or seniority. Any member of lower rank who may be so temporarily assigned shall exercise the authority and perform the duties of such higher grade as through regularly appointed therto. Such member shall not, however, interfere unnecessarily with or countermand any order issued by the member whose place he temporarily holds.

(d) The granting of seniority is of secondary importance to the efficient operation of the Sheriff's Office as a whole or a division or bureau therein, and it is not always possible to make selections on a straight seniority basis. The Sheriff retains authority to assign personnel in any manner deemed advisable for the best interest of the Sheriff's Office.

201.2 PROCEDURE

(a) VACATIONS - With the exception of a person who has extenuating circumstances, vacation dates will be selected as outlined in Policy 1005 of this manual.

(b) BEAT ASSIGNMENT - Beat assignment will be based on various factors such as expertise, special abilities, and the nature of expected details.

(c) Seniority may be used as the basis for normal beat assignments at the Patrol Commander's discretion. In all cases, it must be remembered that the needs of the Sheriff's Office to properly accomplish its mission are always the primary factors in all assignments, and seniority is a secondary consideration.
Special Order

204.1 PURPOSE AND SCOPE
Special Orders establish an interdepartmental communication that may be used by the Sheriff to make immediate changes to policy and procedure consistent with the current Memorandum of Understanding and as permitted by Government Code § 3500 et seq. Special Orders will immediately modify or change and supersede sections of this manual to which they pertain.

204.1.1 SPECIAL ORDER PROTOCOL
Special Orders will be incorporated into the manual as required upon approval of the Sheriff. Special Orders will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual.

All existing Special Orders have now been incorporated in the updated Policy Manual as of the below revision date.

Any Special Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number "01" For example, 08-01 signifies the first Special Order for the year 2008.

204.2 RESPONSIBILITIES

204.2.1 STAFF
The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by a Special Order.

204.2.2 SHERIFF
The Sheriff shall issue all Special Orders.

204.3 ACCEPTANCE OF SPECIAL ORDERS
All employees are required to read and obtain any necessary clarification of all Special Orders. All employees are required to acknowledge in writing the receipt and review of any new Special Order. Signed acknowledgement forms and/or e-mail receipts showing an employee's acknowledgement will be maintained by the Training Manager.
Emergency Operations Plan

206.1 PURPOSE AND SCOPE
The County has prepared an Emergency Management Plan for use by all employees in the event of a major disaster or other emergency event. The plan provides for a strategic response by all employees and assigns specific responsibilities in the event that the plan is activated (Government Code § 8610).

206.2 ACTIVATING THE EMERGENCY PLAN
The Emergency Management Plan can be activated in a number of ways. For the Sheriff's Office, the Sheriff or the highest ranking official on duty may activate the Emergency Management Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL
In the event that the Emergency Management Plan is activated, all employees of the Lake County Sheriff's Office are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Sheriff or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

206.2.2 CRITICAL INCIDENT DEBRIEFING
PURPOSE
The purpose of this policy is to establish a procedure for preventing or reducing stress reactions in emergency personnel.

POLICY
It is the policy of the Sheriff's Office to address any situation faced by Sheriff's Office personnel that causes them to experience unusually strong emotional reactions which have the potential to interfere with their ability to function either at the scene or later. All that is necessary is that the incident, regardless of type, generate unusually strong feelings in the Sheriff's Office member.

(a) OBJECTIVE - This policy is designed to minimize the harmful effects of job stress, particularly in crisis or emergency situations. It is not to replace on-going professional counseling; but is to provide emergency personnel immediate crisis intervention and tools to potentially alleviate stress related symptoms.

(b) SCOPE - Any incident faced by personnel that causes them to experience unusually strong emotional involvement may qualify for "Critical Incident Debriefing". The following are examples of incidents that may be selected for debriefing:

1. Serious injury or death of a Public Safety worker, i.e., law enforcement, fire fighter or other emergency personnel working at an incident or in route.

3. Suicide of a Sheriff's Office member.
4. Serious injury or death of a civilian resulting from department operations, i.e., auto accident, etc.
5. Death of a child or violence to a child.
6. Loss of life of a citizen following extraordinary and prolonged expenditure of physical and emotional energy during rescue efforts by Sheriff's Office personnel.
7. Incidents that attract extremely unusual or critical news media coverage.
8. Any incident that is charged with profound emotion.
9. An incident in which the circumstances were so unusual or the sights and sounds so distressing as to produce a high level of immediate or delayed emotional reaction. Indicated high priority for removing personnel from the scene.

(c) RESPONSIBILITY - All Sheriff's Office personnel are responsible for identifying and recognizing significant incidents that may require debriefing. When an occurrence is identified as a "Critical Incident" a request for a debriefing should be made as soon as possible. Several types of debriefings may be conducted, depending upon the circumstances of a particular incident.

(d) PROCEDURE

1. Once a "Critical Incident" has been identified, Sheriff's Office personnel shall contact the Watch Commander, either directly or through their Supervisor, requesting a debriefing. The Watch Commander will then contact all the personnel involved in the incident to determine the nature of the incident and assist in the assessment of the level of debriefing needed. The Watch Commander will then contact a member of the Command Staff and determine the need for a formal debriefing, an informal debriefing or a referral. If a formal debriefing is indicated then the Watch Commander shall arrange a time and location. Debriefings are optimally conducted within twenty-four to seventy-two hours of the incident and should not generally extend beyond one week.

2. Police Psychologist shall be used when a Deputy is referred for this service.

206.3 LOCATION OF THE PLAN
The Emergency Operations Plan manual for the employees is located on the LCSO 'G' Drive. All supervisors should familiarize themselves with the Emergency Operations Plan and what roles personnel will play if and when the plan is implemented. Additional manuals referred to as the 'Red' and 'Blue' manuals are available at the Cal EMA website. The Office of Emergency Services also has Action Plans specific to Cache Creek and Indian Valley Dams.
206.4 UPDATING OF MANUALS
The Sheriff or designee shall review the Emergency Management Plan Manual at least once every two years to ensure that the manual conforms to any revisions made by the National Incident Management System (NIMS) and the Standardized Emergency Management System (SEMS) and should appropriately address any needed revisions.
Law Enforcement Services Agreement

207.1 PURPOSE AND SCOPE
The purpose of this policy is to provide clear directives for the preparation of written agreements governing law enforcement services provided by the LCSO to outside agencies or entities. Written agreements shall be required anytime the LCSO undertakes a contractual obligation to provide County resources for law enforcement purposes to any other agency or entity.

(a) EMPLOYMENT RIGHTS OF ASSIGNED PERSONNEL - Any contract for law enforcement services shall be drafted and implemented to protect the employment rights of assigned personnel. Participation in contract law enforcement assignments shall not penalize participating employees of jeopardize promotional opportunities, training opportunities, or fringe benefits.

(b) PRINCIPLES OF CONTRACT CONSTRUCTION FOR LAW ENFORCEMENT SERVICES CONTRACTS - All contracts for law enforcement services shall be written agreements including, at a minimum, the following terms, conditions, and information:

1. A statement of the specific services to be provided;
2. Specific language dealing with financial agreements between the parties;
3. A clear statement of the records to be maintained by each party concerning the performance of services by the provider agency;
4. Language dealing with the duration, modification, and termination of the contract;
5. Specific language dealing with risk management and legal contingencies, including insurance and indemnification of parties;
6. Stipulation that the provider agency maintains control over its personnel;
7. Specific arrangement for the use of equipment and facilities; and
8. A procedure for review and revision, if needed, of the agreement.

(c) RECOMMENDATION AND APPROVAL - All contracts for law enforcement services shall be reviewed and authorized by the Sheriff and County Counsel for a recommendation to the Board of Supervisors (BOS). No contract for law enforcement services shall be valid until approved by resolution of the BOS of the County of Lake.

(d) MULTI JURISDICTIONAL INVESTIGATIVE TASK FORCES - The LCSO allows for participation in formal, long term, multi jurisdictional investigative Task Forces as staffing levels permit. The criteria for the use of such Task Forces shall be specified in the Memorandum of Understanding along with the kind of offenses for which they
Law Enforcement Services Agreement

should be used. The procedures for control and evaluation should be outlined as well. Non-formal, short term Task Force participation may be approved by the Sheriff or his/her designee. Such Task Force activities require a Memorandum of Understanding, which will include:

1. The Purpose
2. Defining Authority, Responsibilities, and Written Agreements; and
3. Evaluating Results and the need for Continued Operations (s).
Training Policy

208.1 PURPOSE AND SCOPE
It is the policy of the Sheriff's Office to administer a training program that will provide for the professional growth and continued development of its personnel. By doing so, the Sheriff's Office will ensure its personnel possess the knowledge and skills necessary to provide a professional level of service that meets the needs of the community.

208.2 PHILOSOPHY
The Sheriff's Office seeks to provide ongoing training and encourages all personnel to participate in advanced training and formal education on a continual basis. Training is provided within the confines of funding, requirements of a given assignment, staffing levels, and legal mandates. Whenever possible, the Sheriff's Office will use courses certified by the California Commission on Peace Officer Standards and Training (POST).

208.3 OBJECTIVES
The objectives of the Training Program are to:

(a) Enhance the level of law enforcement service to the public
(b) Increase the technical expertise and overall effectiveness of our personnel
(c) Provide for continued professional development of department personnel

• State Mandated Training
• Desirable Training
• Legislative and Statutory changes.

208.5 TRAINING NEEDS ASSESSMENT
The Training Supervisor will conduct an annual training-needs assessment of the Sheriff's Office. The needs assessment will be reviewed by staff. Upon approval by the staff, the needs assessment will form the basis for the training plan for the fiscal year.

208.6 TRAINING COMMITTEE
The Training Supervisor should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent the recurrence of the undesirable issues related to the incident. Specific incidents the Training Supervisor should review include, but are not limited to:
Training Policy

(a) Any incident involving the death or serious injury of an employee.

(b) Incidents involving a high risk of death, serious injury or civil liability.

(c) Incidents identified by a supervisor as appropriate to review to identify possible training needs.

The Training Supervisor should review the identified incidents to determine whether a training need exists and should focus on the type of training available.

The Training Supervisor will then determine what training should be addressed, taking into consideration the mission of the Sheriff's Office and available resources.

208.7 TRAINING PROCEDURES

(a) All employees assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisor. Excused absences from mandatory training should be limited to the following:

1. Court appearances

3. Sick leave
4. Physical limitations preventing the employee's participation.
5. Emergency situations

(b) When an employee is unable to attend mandatory training, that employee shall:

2. Document his/her absence in a memorandum to his/her supervisor.
3. Make arrangements through his/her supervisor and the Training Manager to attend the required training on an alternate date.

208.8 DAILY TRAINING BULLETINS

The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Lake County Sheriff's Office Policy Manual and other important topics. Generally, one training bulletin is available for each day of the month. However, the number of DTBs may be adjusted by the Training Manager.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the Training Manager. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.
Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Electronic Mail

210.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department’s electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

210.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

210.3 PROHIBITED USE OF E-MAIL

E-mail messages addressed to the entire Sheriff's Office are only to be used for official business related items that are of particular interest to all users and must be approved by the Sheriff or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's e-mail, name and/or password by others.

210.4 EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.
The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).

The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that
the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).

(c) The applicant shall complete a course of training approved by the agency, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).

218.3.2 QUALIFIED RETIREES FROM INCORPORATED JURISDICTION
The Lake County Sheriff's Office shall provide an identification card with a CCW Approved endorsement to honorably retired peace officers from any jurisdiction that this department now serves under the following conditions (Penal Code § 25905):

(a) The retiree’s previous agency is no longer providing law enforcement services or the relevant government body is dissolved.
Retiree Concealed Firearms

(b) This department is in possession of the retiree’s complete personnel record or can verify the retiree’s honorably retired status.

(c) The retiree is in compliance with all of the requirements of this department for the issuance of a CCW Approved endorsement.

218.3.3 QUALIFIED RETIRED RESERVES
Qualified retired reserve officers who meet the department requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

218.4 FORMER DEPUTY RESPONSIBILITIES
A former deputy with a card issued under this policy shall immediately notify the Shift Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

218.4.1 MAINTAINING A CALIFORNIA IDENTIFICATION CARD CCW ENDORSEMENT
In order to maintain a CCW Approved endorsement on an identification card issued under California law, the retired deputy shall (Penal Code § 26305):

(a) Remain subject to all applicable department policies and federal, state and local laws.

(b) Not engage in conduct that compromises public safety.

(c) Only be authorized to carry a concealed firearm inspected and approved by the Department.

218.5 DENIAL, SUSPENSION OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD
A CCW endorsement under Penal Code § 25470 for any deputy retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Shift Supervisor when the conduct of a retired peace officer compromises public safety.

(a) In the event that a CCW endorsement is initially denied, the retired deputy shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).

(a) The retiree shall have 15 days from the date of service to file a written request for a hearing.

(b) The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
(c) The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.

2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Shift Supervisor as soon as practicable. The Shift Supervisor should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

(a) Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).

(b) The Shift Supervisor should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Sheriff.

(c) The personal and written notification should be as follows:

(a) The retiree’s CCW endorsement is immediately and temporarily suspended.

(b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.

(c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

(d) In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Shift Supervisor should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Shift Supervisor may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

218.6 FIREARM QUALIFICATIONS

The Rangemaster may provide former deputies from this department an opportunity to qualify, during regularly scheduled range qualifications. Written evidence of the qualification and the
Retiree Concealed Firearms

weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

300.1.1 DEFINITIONS
Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any deputy present and observing another deputy using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. A deputy who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

300.3 USE OF FORCE
Deputies shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably
Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by the Department. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall a deputy be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABILITY OF FORCE
When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to deputies or others (Penal Code § 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
(c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
(d) The conduct of the involved deputy (Penal Code § 835a).
(e) The effects of drugs or alcohol.
(f) The individual’s apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with deputy commands (Penal Code § 835a).
Use of Force

(h) Proximity of weapons or dangerous improvised devices.

(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.

(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).

(k) Seriousness of the suspected offense or reason for contact with the individual.

(l) Training and experience of the deputy.

(m) Potential for injury to deputies, suspects, and others.

(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.

(o) The risk and reasonably foreseeable consequences of escape.

(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.

(r) Prior contacts with the subject or awareness of any propensity for violence.

(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed department-approved training. Deputies utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the deputy.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The deputy shall have successfully completed department-approved training in the use and application of the carotid control hold.
(b) The carotid control hold may only be used when circumstances perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm deputies, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The deputy shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any deputy attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the deputy in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Lake County Sheriff's Office for this specific purpose.
300.4 DEADLY FORCE APPLICATIONS
If an objectively reasonable deputy would consider it safe and feasible to do so under the totality of the circumstances, deputies should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the deputy or another person.

(b) A deputy may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the deputy reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the deputy shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.

Deputies shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable deputy would believe the person does not pose an imminent threat of death or serious bodily injury to the deputy or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable deputy in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the deputy or another person. A deputy’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.
Use of Force

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.
(b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
(c) The individual subjected to the force complained of injury or continuing pain.
(d) The individual indicates intent to pursue litigation.
(e) Any application of a TASER device or control device.
(f) Any application of a restraint device other than handcuffs, shackles or belly chains.
(g) The individual subjected to the force was rendered unconscious.
(h) An individual was struck or kicked.
(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the deputy’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).
Use of Force

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
Use of Force

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY
The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 TRAINING
Deputies will receive periodic training on this policy and demonstrate their knowledge and understanding.
Deadly Force Review

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Lake County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Lake County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board may also investigate and review the circumstances surrounding any discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Administration Division Commander should select three Use of Force Review Board members from the following, as appropriate:

- Commanding officer in the involved member's chain of command
- Training Manager
Deadly Force Review

- A peer deputy
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD
The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the deputy at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the deputy at the time shall neither justify nor call into question a deputy's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee's actions were within department policy and procedure.

(b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.
The Sheriff shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Sheriff's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Sheriff.
306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Lake County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Lake County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy, or damage property.

306.3.4 NOTIFICATIONS
Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or
distorting that person’s vision. Deputies should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, deputies should consider:

(a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints, the following guidelines should be followed:

(a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
Handcuffing and Restraints

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.

(e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

306.9 TRAINING

Subject to available resources, the Training Manager should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Lake County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES
The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Supervisor, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.
Control Devices and Techniques

Deputies encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the deputy should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject's clothing.

(d) The subject's proximity to others.

(e) The location of the subject.

(f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

308.9.3 SAFETY PROCEDURES
Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.
Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.9.4 POST DEPLOYMENT PROCEDURES
After deployment of any Kinetic Energy Projectile and upon detention or arrest of the suspect. Medical personnel shall be requested to assess any injury prior to the transportation to the hospital, unless life threatening circumstances are present which would prevent medical personnel from entering the scene. Deputies will:

(a) Photograph the scene.
(b) Measure the approximate distance each Kinetic Energy Projectile was deployed from, at or near the location the Kinetic Energy Projectile was deployed.
(c) Make every effort to photograph and collect all expended Kinetic Energy Projectiles and spent shells, booking them into evidence.
(d) After medical treatment, photograph all impact sites, with or without the visible presence of injury resulting from the deployment of the Kinetic Energy Projectile.

308.10 TRAINING FOR CONTROL DEVICES
The Training Manager shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
(b) All training and proficiency for control devices will be documented in the deputy’s training file.
(c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER devices.

309.2 POLICY
The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES
Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Deputies shall only use the TASER device and cartridges that have been issued by the Department. Uniformed deputies who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift. When carried while in uniform deputies shall carry the TASER device in a support-side holster on the side opposite the duty weapon.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the TASER device.

(c) Deputies shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.

(d) Deputies should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other deputies and individuals with a warning that the TASER device may be deployed.
Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy’s lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE
The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE
The TASER device may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
Conducted Energy Device

(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the TASER device probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Deputies should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one TASER device at a time against a single subject.
309.5.5 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.6 OFF-DUTY CONSIDERATIONS
Deputies are not authorized to carry department TASER devices while off-duty.

Deputies shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION
Deputies shall document all TASER device discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

309.6.1 TASER DEVICE FORM
Items that shall be included in the TASER device report form are:

(a) The type and brand of TASER device and cartridge and cartridge serial number.
(b) Date, time and location of the incident.
(c) Whether any display, laser or arc deterred a subject and gained compliance.
(d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(e) The range at which the TASER device was used.
(f) The type of mode used (probe or drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any deputies sustained any injuries.

The Training Manager should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Manager should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.
309.6.2 REPORTS
The deputy should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASER devices
(b) Identification of all witnesses
(c) Medical care provided to the subject
(d) Observations of the subject's physical and physiological actions
(e) Any known or suspected drug use, intoxication or other medical problems

309.7 MEDICAL TREATMENT
Properly trained staff may remove TASER probes from a person's body, EXCEPT when the probes are located in the head, neck, groin or any area of the body where the deputy or supervisor believes that the probe removal cannot be accomplished safely without qualified medical personnel. Used TASER probes shall be considered a sharp biohazard, similar to a used hypodermic needle. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.
309.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING
Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Manager. All training and proficiency for TASER devices will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Deputies who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Manager is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification. Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Manager should ensure that all training includes:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.
(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

310.2 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect’s actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved deputies.
- A civil investigation to determine potential liability.

310.3 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.3.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, the Lake County Sheriff’s Office would control the investigation if the suspect’s crime occurred in Lake County.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

310.3.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS
The control of the criminal investigation into the involved deputy’s conduct during the incident will be determined by the employing agency’s protocol. When a deputy from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.
Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Sheriff or the authorized designee for approval.

310.3.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.4 THE INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting.

310.4.1 UNINVOLVED DEPUTY RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved LCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

310.4.2 WATCH COMMANDER DUTIES
Upon learning of an officer-involved shooting, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until relieved by the Sheriff or a Division Commander.

310.4.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practical:

• Sheriff
• Undersheriff
• Captain
• Investigation Division Commander
• District Attorney OIS rollout team
• Professional Standards Unit supervisor
• Coroner (if necessary)
• DSA Representative

All outside inquiries about the incident shall be directed to the Watch Commander.
310.4.4 INVOLVED OFFICERS
The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.

1. Involved LCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

2. Requests from involved non-LCSO officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved LCSO deputy. A licensed psychotherapist may also be provided to any other affected LCSO members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.

2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer (Government Code § 8669.4).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer’s equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved LCSO deputy shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

310.4.5 SUPERVISOR RESPONSIBILITIES
Upon arrival at the scene, the first uninvolved LCSO supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.

1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
Officer-Involved Shootings and Deaths

(b) If necessary, the supervisor may administratively order any LCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Shift Supervisor and Central Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional LCSO members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved LCSO deputy should be given an administrative order not to discuss the incident with other involved officers or LCSO members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

310.5 CRIMINAL INVESTIGATION

The District Attorney’s Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney’s Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) LCSO supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of LCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity of each involved officer’s statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
Officer-Involved Shootings and Deaths

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.5.1 REPORTS BY INVOLVED LCSO DEPUTIES
In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved LCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved LCSO deputy may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.5.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect’s known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

310.5.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigative Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigative Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

310.6 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of LCSO deputies to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.

1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
In the event that an involved deputy has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy’s statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview (Government Code § 3303(g)).

4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.7 AUDIO AND VIDEO RECORDINGS
Any deputy involved in an incident may be permitted to review available Mobile Audio Video (MAV) or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the District Attorney or County Counsel's Office as appropriate.
310.8 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

310.9 DEBRIEFING
Following an officer-involved shooting or death, the Lake County Sheriff's Office should conduct both a critical incident/stress debriefing and a tactical debriefing.

310.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administration Division Commander is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law, or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other civilian personnel). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

310.9.2 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.10 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor, Investigation Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved LCSO deputy to visits by the media (Government Code § 3303(e)). No involved LCSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from
public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

310.11 REPORTING
If the death of an individual occurs in the Lake County Sheriff’s Office jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Enforcement Division Commander will ensure that the Records Bureau Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).
Firearms

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of a firearm that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY
The Lake County Sheriff's Office will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate, in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS
Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member’s Division Commander. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

312.3.1 HANDGUNS
The authorized department-issued handgun is the Glock model 17 9mm. The following additional handguns are approved for on-duty use:

Other make and model handguns of the following caliber may be used upon the approval of the Sheriff or his or her designee:

DUTY
9 mm
40 cal
45 cal
312.3.2 SHOTGUNS
The authorized department-issued shotgun is the Remington 870. The Benelli Super 90 shotgun is authorized for use by SWAT team members who have qualified with that weapon system.

When not deployed, the shotgun shall be properly secured in a locking weapons rack in the patrol vehicle with the magazine loaded, the action closed on an empty chamber, and the safety in the safe position.

312.3.3 AUTHORIZED SECONDARY HANDGUN
Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

(a) The handgun shall be in good working order and on the department list of approved firearms.

(b) Only one secondary handgun may be carried at a time.

(c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

(d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.

(e) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

(f) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Sheriff or the authorized designee shall approve the ammunition.

(g) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.

(h) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

312.3.4 AUTHORIZED OFF-DUTY FIREARMS
The carrying of firearms by members while off-duty is permitted by the Sheriff but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use a personally owned firearm that is carried in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.

1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
Firearms

(b) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.

(c) The firearm shall be subject to inspection by the Rangemaster.

(d) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.

(e) Members shall only carry department-authorized ammunition.

(f) When armed, deputies shall carry their badges and Lake County Sheriff's Office identification cards under circumstances requiring possession of such identification.

312.3.5 AMMUNITION
Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member’s firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

312.3.6 PATROL RIFLES
The authorized department-issued patrol rifle is the Ruger AR-556 .223 or other AR platform rifle, as determined by the Rangemaster.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the member reasonably anticipates an armed encounter.

(b) When a member is faced with a situation that may require accurate and effective fire at long range.

(c) Situations where a member reasonably expects the need to meet or exceed a suspect’s firepower.

(d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.

(e) When a member reasonably believes that a suspect may be wearing body armor.

(f) When authorized or requested by a supervisor.

(g) When needed to euthanize an animal.

When not deployed, the patrol rifle shall be properly secured consistent with department training in a locking weapons rack in the patrol vehicle.
312.3.7 PERSONALLY OWNED DUTY FIREARMS
Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Sheriff or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

(a) The firearm shall be in good working order and on the department list of approved firearms.

(b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

(c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

(d) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

312.4 EQUIPMENT
Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

312.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.4.2 OPTICS OR LASER SIGHTS
Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.4.3 TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been
properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.4.4 HOLSTERS
Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun. The Rangemaster shall be responsible for approving the safety and suitability of all uniform holsters.

312.5 SAFE HANDLING, INSPECTION AND STORAGE
Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.

(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except as instructed by the Rangemaster or other firearms training staff.

(c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.

(d) Shotguns or rifles removed from vehicles or the equipment storage room shall be loaded and unloaded in the parking lot and outside of the vehicle, using clearing barrels.

(e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member’s primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.
312.5.1 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

312.5.2 INSPECTION AND STORAGE
Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Firearms may be safely stored in lockers or another approved location at the end of the shift. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles shall be unloaded in a safe manner outside the building and then stored in the appropriate equipment storage room.

312.5.3 STORAGE AT HOME
Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

312.5.4 STORAGE IN VEHICLES
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Deputies are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

312.6 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to successfully complete qualification annually with their duty and secondary firearms. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.
312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
(c) No range credit will be given for the following:
   1. Unauthorized range make-up
   2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing
with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.7.2 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

312.7.3 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Manager after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Manager documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Manager.
312.9 FLYING WHILE ARMED
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Deputies must carry their Lake County Sheriff's Office identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy’s signature and the signature of the Sheriff or the official seal of the Department and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Lake County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Lake County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy’s need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the deputy’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
312.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time deputies of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The deputy shall carry his/her Lake County Sheriff's Office identification card whenever carrying such firearm.

(b) The deputy is not the subject of any current disciplinary action.

(c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The deputy will remain subject to this and all other department policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputy's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy’s signal to stop.

314.2 DEPUTY RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide deputies with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

314.2.1 WHEN TO INITIATE A PURSUIT
Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.
Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists and others.

(c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).

(d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing deputies familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing deputies under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The sheriff's unit is carrying passengers other than sheriff's deputies. Pursuits should not be undertaken with a prisoner in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT
Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in WHEN TO INITIATE A PURSUIT of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a
pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in 314.2.2 WHEN TO INITIATE A PURSUIT of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle’s location is no longer definitely known.
- (c) Deputy’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) There are hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Pursuit is terminated by a supervisor.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
Vehicle Pursuits

314.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a sheriff's motorcycle as primary and/or secondary pursuit unit as soon as practical.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Deputies in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those deputies should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to deputies using vehicles without emergency equipment.

314.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Central Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary deputy should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.4 SECONDARY UNITS RESPONSIBILITIES
The second deputy in the pursuit is responsible for the following:

(a) The deputy in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
Vehicle Pursuits

(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit.

(c) The secondary deputy should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:
   1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
   2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspects.

(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.
Vehicle Pursuits

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term "trail" means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 AIRCRAFT ASSISTANCE
When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide deputies and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this department.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.
Vehicle Pursuits

(f) Ensuring that aircraft are requested if available.
(g) Ensuring that the proper radio channel is being used.
(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
(i) Controlling and managing LCSO units when a pursuit enters another jurisdiction.
(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 SHIFT SUPERVISOR RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Supervisor shall review all pertinent reports for content and forward to the Division Commander.

314.5 COMMUNICATIONS
If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Central Dispatch will:

(a) Initiate a "Code 33" on the primary channel being used by members involved in the pursuit, closing the channel to unrelated/unnecessary radio traffic;
(b) Coordinate pursuit communications of the involved units and personnel;
(c) Notify and coordinate with other involved or affected agencies as practical;
(d) Ensure that a field supervisor is notified of the pursuit;
(e) Assign an incident number and log all pursuit activities;
(f) Broadcast pursuit updates as well as other pertinent information as necessary;
(g) Notify the Watch Commander as soon as practical.

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.
314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency’s jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Lake County Sheriff's Office is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by the Sheriff's Office shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to the Sheriff’s Office, the CHP should relinquish control.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing deputies

As soon as practicable, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Supervisor or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.
Vehicle Pursuits

Assistance to a pursuing allied agency by deputies of this department will terminate at the County limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION
Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the sheriff's unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

314.7.1 WHEN USE IS AUTHORIZED
Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the deputy at the time of the decision.

It is imperative that deputies act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS
Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

Roadblocks - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

Spikes or tack strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.
Vehicle Pursuits

314.7.3 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS
Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Deputies shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by deputies who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
4. The target vehicle is stopped or traveling at a low speed.
5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those deputies trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to deputies, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy’s disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct deputies in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:
Vehicle Pursuits

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing deputies should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to deputies, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Deputies should carefully consider the limitations of such devices as well as the potential risks to deputies, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies or other members of the public.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary deputy should coordinate efforts to apprehend the suspects following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans to contain and capture the suspects.

314.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:
Vehicle Pursuits

(a) The primary deputy should complete appropriate crime/arrest reports.

(b) The Shift Supervisor shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary deputy should complete as much of the required information on the form as is known and forward the report to the Shift Supervisor for review and distribution.

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary POST training on pursuits required by Penal Code § 13519.8, all sworn members of the Sheriff's Office will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others. (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

314.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.
Deputy Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS
Deputies responding to a call "Code-3" shall consider the call an emergency response and proceed immediately. Deputies responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055. Deputies shall only sound the HI-LO siren when notifying residents of the need to evacuate. At no time shall the HI-LO siren be used during a standard “Code-3” response.

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Deputies should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Deputies not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Central Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED
Normally, only the units dispatched should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

316.4 INITIATING CODE 3 RESPONSE
If a deputy believes a Code-3 response to any call is appropriate, the deputy shall immediately notify Central Dispatch. Should another deputy believe a Code-3 response is appropriate, Central
Deputy Response to Calls

Dispatch shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more deputies driving Code-3 is appropriate.

316.5 RESPONSIBILITIES OF RESPONDING DEPUTIES
Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Deputies shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Central Dispatch. A deputy shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, a deputy shall immediately give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when a deputy requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Shift Supervisor or a field supervisor prior to assigning units Code-3. The dispatcher shall:

(a) Attempt to assign the closest available unit to the location requiring assistance
(b) Immediately notify the Shift Supervisor
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Shift Supervisor or field supervisor

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

(a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response
(c) Affected outside jurisdictions are being notified as practical
Deputy Response to Calls

The Watch Commander or the field supervisor shall acknowledge on the radio, or recorded Central Dispatch telephone line, that they are aware of the Code-3 response.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT
If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the Code-3 response and respond accordingly. In all cases, the deputy shall notify the Watch Commander, field supervisor, or Central Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Sheriff's Office vehicles in which the emergency equipment has failed shall be taken out of service as soon as practical, and shall remain out of service until the necessary repairs can be made to bring the vehicle back in compliance with legal standards.
Canines

318.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 POLICY
It is the policy of the Lake County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

318.2.1 OTHER CANINE USES:

(a) Crowd Control
1. Canine teams should remain behind the front line of deputies to be used as a psychological advantage. In those instances when a police canine is deployed in riot conditions, deputy sheriffs will advance to the front line. The dogs should not be used in the same line as deputies. In all crowd control situations, the police canine will be worked on a leash. The Unit Coordinator or his designee shall be on hand prior to deployment of the dogs in a crowd control situation, time permitting.

(b) Searches
1. Before conducting any building search, the canine handler shall contact the primary unit at the scene and:
   (a) Verify perimeter security.
   (b) Verify entry and method used.
   (c) Develop intelligence from deputies at the scene on the best locations to start.
   (d) Check to see if any deputies have entered the building and are still inside.
   (e) Conduct perimeter survey. Unless tactically necessary, the dog shall be on a lead during the survey.
   (f) Establish time of occurrence.

(c) Commercial Buildings
   (a) Before entering the building, the canine handler shall:
      (a) Select a back-up deputy and brief the deputy regarding his/her role as the "back-up unit."
(b) Assume surveillance position at the point of entry. Stop, look, listen and
allow the dog to scent.

(c) If practical, a verbal warning similar in content to the following, should
be given at least two times loudly and clearly: "THIS IS THE SHERIFF’S
OFFICE. COME OUT NOW OR WE WILL SEND IN A DOG."

(d) After allowing a sufficient period of time for a response from the suspect,
send in the dog with the command to search.

(e) Allow the dog to clear the immediate area before entering.

(f) Once inside the building, the back-up deputy shall remain behind and with
the canine handler.

(d) **Residential Buildings**

1. The handler should utilize the same procedures for residential searches, as in
commercial searches; however, the following shall also apply:

(a) Before conducting a search of a residence, the handler shall make every
effort to ensure the safety of any residents and animals that might be
present.

(b) Residential searches should be conducted on a leash unless the handler
can reasonably determine there are no residents at home. This can be
done through witness or victim statements.

(e) **Open Areas**

(a) Before conducting a search for a suspect in an open area, the handler shall
contact the deputy in charge of the scene and determine the following:

(a) Nature of the crime.

(b) Suspect description.

(c) Location at which suspect was last seen and the direction of travel.

(d) Length of time since the suspect was last seen.

(e) If any deputies have entered and are still in the search area.

(f) If a perimeter has been established and maintained.

(b) When entering the search area, the handler shall ensure that the following has
been accomplished:

(a) Assign and brief a back-up deputy.

(b) Advise communications that a search is going to be conducted with a
police canine and the locations of the search. Communications shall then
advise all deputies at the site of the intended canine search.
Canines

(c) Use proper surveillance position as dictated by the circumstances.

(d) If practical, a verbal warning similar in content to the following, should be given at least two times loudly and clearly: "THIS IS THE SHERIFF’S OFFICE. COME OUT NOW OR WE WILL SEND IN A DOG."

(e) After allowing a sufficient period of time for a response from the suspect, give the command to search and send the dog.

(f) When conducting an open area search, the handler shall make every effort to maintain sight or sound of his or her dog.

(g) The back-up unit shall remain with the canine handler follow his or her directions.

(h) The cover deputy will be used to make the physical arrest of the suspect. The handler will remain in physical control of his or her dog.

(i) If there is only one suspect, the handler will follow the back-up deputy and suspect out of the area with the dog on lead.

(j) In the event of a bite, the handler shall notify communications and the Watch Commander immediately. The handler shall also notify the Canine Coordinator as soon as possible.

(k) In the event a foot pursuit develops, the handler will advise communications immediately.

(l) Care must be taken during foot pursuits to avoid injury to bystanders. Handlers should weigh the need for a foot pursuit in residential areas with onlookers and deputies present.

(m) When beginning a foot pursuit, the handler should, when practical, loudly shout a warning similar in content to the following: "SHERIFF’S OFFICE. STOP OR I’LL SEND MY DOG!"

318.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Enforcement Division to function primarily in assist or cover assignments. However, they may be assigned by the Shift Supervisor to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Shift Supervisor.

318.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Enforcement Division or the authorized designee.
The responsibilities of the coordinator include but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.5 REQUESTS FOR CANINE TEAMS
Enforcement Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Enforcement Division shall be reviewed by the Shift Supervisor.

318.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Shift Supervisor and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
(c) Calling out off-duty canine teams is discouraged.
(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

318.5.2 PUBLIC DEMONSTRATION
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.
318.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputy, or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to deputies, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT
Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

(a) The nature and seriousness of the suspected offense.

(b) Whether violence or weapons were used or are anticipated.

(c) The degree of resistance or threatened resistance, if any, the suspect has shown.

(d) The suspect’s known or perceived age.

(e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
Canines

(f) Any potential danger to the public and/or other deputies at the scene if the canine is released.

(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

318.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

318.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.
Canines

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

318.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

(a) Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

318.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags and other articles.

(b) Assisting in the search for narcotics during a search warrant service.

(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.
318.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).
(c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

318.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) Must be a Lake County Sheriff's Office deputy (currently off probation)
(b) Must have a minimum of three years Law Investigation experience
(c) Must reside in an adequately fenced, single-family, residence (minimum six-foot high fence with locking gates)
(d) Must live within Lake County
(e) Must agree to be assigned to the position for a minimum of three years

318.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Lake County Sheriff's Office facility.

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenned at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Supervisor.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

318.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

318.10 INJURED CANINE HANDLER
The following course of action shall be considered by all deputies in the event a canine handler is injured and unable to command his or her canine. If the handler is downed, his or her canine in all probability will stand guard and prevent anyone from approaching. Consider the following:

- Do not rush in on the handler or dog.
- Call to the handler. If he or she can, he or she will call the dog off.
- If the handler does not respond, position the canine vehicle near the canine with all windows up and either rear door open. Using an authoritative voice, call the canine
Canines

by name and command him to get into the car. Close the door behind and wait for another deputy to transport the canine to the station.

- Request the assistance of another canine handler immediately.
- Notify the Canine Unit Coordinator.
- The canine vehicle has protective sleeves and additional leads in the trunk. If the dog cannot be called off, he can be secured by allowing him to attack the protective sleeve. Once he has a grasp he will not let go. The canine can then be secured in the unit.
- After the canine is secured, another handler will transport him to the station.
- In the event a canine is also injured, request that communications contact the veterinarian and advise him or her of the emergency. Request the assistance of another canine handler to transport the dog to the veterinarian.
- Non-handlers should only command the canine in emergency situations when no handler is present, and only if proper commands are known.
- The dog and handlers train and work together. The dog's attitude will change if the handler is hurt or in danger.
- In the event that a service dog handler is injured and the service dog cannot be controlled, another person capable of exercising control over the animal shall be called to the scene immediately. This may include the handler's spouse or another service dog handler.

318.11 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

318.12 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids,
Canines

as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

318.12.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Lake County Sheriff's Office canine training provider.
(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
(c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

318.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler's and the canine's training file.

318.12.4 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Lake County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

318.12.5 CONTROLLED SUBSTANCE TRAINING AIDS
Deputies acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Lake County Sheriff's Office to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).
These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

318.12.6 CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine’s accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

318.12.7 EXPLOSIVE TRAINING AIDS
Deputies may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY
The Lake County Sheriff's Office’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY
It is the intent of the Legislature that the official response to domestic violence stresses the enforcement of the laws to protect the victim and shall communicate the attitude that violent behavior is criminal behavior and will not be tolerated. The following factors should not be used to avoid making an arrest:

(a) Marital status of suspect and victim
(b) Whether or not the suspect lives on the premises with the victim
(c) Existence or lack of temporary restraining order
(d) Potential financial consequences of arrest
(e) Complainant's history or prior complaints
(f) Verbal assurances that violence will cease
(g) Complainant's emotional state
(h) Non-visible injuries
(i) Location of the incident (public/private)
(j) Victim does not want to prosecute or make private person's arrest
(k) Speculation that complainant may not follow through with the prosecution
Domestic Violence

(l) The case may not result in a conviction

320.3.1 MISDEMEANOR ARRESTS
In accordance with state law, an arrest should generally be made when there is probable cause to believe a misdemeanor has occurred.

(a) Sheriff's deputies may make an arrest without a warrant for a misdemeanor assault or battery not committed in his/her presence when it is committed upon:

1. A current or former spouse.
2. A current or former cohabitant (Family Code § 6209 definition).
3. A fiancé or fiancée.
4. A person with whom the suspect currently is having or has previously had an engagement or dating relationship.
5. A person with whom the suspect has parented a child.
6. A child of the suspect or a child of one of the above listed categories.
7. Any person who is 65 years of age or older and who is related to the suspect by blood or legal guardianship.

(b) Both of the following conditions must be present in order to make an arrest in this situation pursuant to Penal Code § 836(d):

1. The deputy has probable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.
2. The deputy makes the arrest as soon as probable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

320.3.2 FIELD RELEASE
A field release may not be used and a physical arrest should be made when there is a reasonable likelihood that the offense may continue or resume, or that the safety of persons or property would be imminently endangered by releasing the arrested person in the field (Penal Code § 853.6).

(a) Any of the following may support the likelihood of a continuing offense:

1. Whether the suspect has a prior history of arrests or citations involving domestic violence.
2. Whether the suspect is violating a Stay Away Order issued by a criminal court.
3. Whether the suspect has previously violated, or is currently violating, a valid temporary restraining order.
4. Whether the suspect has a prior history of other assaultive behavior (e.g., arrests or convictions for assault and battery or aggravated assaults).
Domestic Violence

5. Statements from the victim that the suspect has a history of physical abuse toward the victim.

6. Statements from the victim expressing fear of retaliation or further violence should the suspect be released.

(b) Deputies shall not cite and release for the following offenses (Penal Code § 853.6(a) (3)):

1. Penal Code § 243(e)(1)
2. Penal Code § 273.5
3. Penal Code § 273.6 if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party.
5. Other offenses specified in Penal Code § 1270.1, such as serious or violent felonies.

320.3.3 PRIVATE PERSON'S ARREST
Deputies will advise the victim of his/her right to make a private person’s arrest when a crime has been committed outside the deputy’s presence which does not meet the requirements for a deputy initiated arrest either because it is not a felony or a qualifying misdemeanor offense under Penal Code § 836(d). Advisements regarding private person's arrests should be held out of the presence of the suspect. Deputies shall not dissuade victims from making a lawful private person's arrest. Deputies should refer to the provisions of Policy Manual § 364 for further options regarding the disposition of private person's arrests.

320.3.4 PROTECTIVE ORDER VIOLATIONS
Absent exigent circumstances, if probable cause exists to believe an offender has violated a protective order as defined in Penal Code § 13701(b), an arrest shall be made. These court orders involve the following:

(a) Prohibit threats, harassment or violence
(b) Excludes a party from a dwelling
(c) Prohibit other behaviors specified by the court

These protective orders pertain to parties labeled as petitioner and respondent who are married, formerly married, dating, formerly dated, engaged, formerly engaged, cohabiting, formerly cohabited or have had a child together.

The court orders under Penal Code § 13701(b) may be captioned as follows:

- Domestic Violence Protective Order
- Criminal Court Protective Order
Domestic Violence

- Emergency Protective Order (EPO)
- Order to Show Cause and Temporary Restraining Order (TRO)
- Order After Hearing
- Restraining Order - Juvenile
- Judgment of Dissolution and Order

Any deputy determining that there is probable cause to believe that a protective order issued by a tribunal of another state is valid shall enforce such order as if issued in this state.

320.3.5 TENANCY ISSUES

(a) Deputies may request a person who is not in lawful possession of the premises to leave when:
   1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.)
   2. The complainant has requested that the person leave the premises

(b) The deputy will stand by until the suspect removes essential belongings

(c) If the suspect does not leave upon request, an arrest should be made under Penal Code § 602.5

(d) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the deputy should refer the complainant for a Temporary Restraining Order or other appropriate civil remedy

(e) If appropriate, a domestic violence situation involving a tenancy issue may be resolved through the proper application for an Emergency Protective Order

320.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, deputies should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigative Bureau in the event that the injuries later become visible.

(f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.

(j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
Domestic Violence

11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, deputies should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE
If no arrest is made, the deputy should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(b) Document the resolution in a report.

320.4.3 PROOF OF SERVICE NOT VERIFIED
When the deputy verifies that a restraining order exists but cannot verify proof of service or prior knowledge of the order by the suspect, the deputy shall perform the following:

(a) At the request of the complainant and upon presentation of an endorsed copy of the restraining order and a proof of service form, serve a copy of the order on the suspect. Submit the completed proof of service form to the court, regardless of whether or not the suspect is taken into custody (Code of Civil Procedure § 527.8(i)(2).

(b) Immediately inform the suspect of the terms of the order and place the suspect on notice that violation of the order will result in arrest.

(c) Obtain the suspect's address.

(d) Enforce the order but do not make an arrest for any violation of the order occurring prior to verified proof of service or before a deputy's admonition of the terms of the order. If the suspect continues to violate the order after being advised of the terms, an arrest should be made (Code of Civil Procedure § 527.8(i)(4)).

If the suspect complies with the order the deputy shall complete a report detailing the specific terms of the order and advisement, the name of the advising deputy, and the date and time of the advisement (Penal Code § 13730(c). The Sheriff's Office Central Dispatch copy of the restraining order shall be updated to reflect the information listed above.
320.4.4 WHEN ORDERS ARE NOT VERIFIABLE
If the victim is not in possession of the restraining order and/or for any reason the deputy cannot verify the validity of the order the following action shall be taken:

(a) Write a report, give the police report number to the victim.

(b) Inform the victim of how to can contact the appropriate detective or investigation unit for further action (Penal Code § 13730(c)).

(c) Inform the victim of the right to make a private person’s arrest for the appropriate violation.

In domestic violence cases where the suspect has left the scene, an investigation should be conducted to determine if a crime has been committed. In such circumstances a written report shall be completed and the victim shall be informed of the case number and the follow-up criminal procedure (Penal Code §§ 13730(c) and 13701(c)).

320.4.5 EMERGENCY PROTECTIVE ORDERS

(a) Family Code § 6241 mandates the Superior Court to provide a judge, commissioner, or referee to hear applications and issue Emergency Protective Orders based on criteria outlined in Family Code § 6250(c). A judicial officer may issue an Emergency Protective Order whenever a law enforcement officer asserts reasonable grounds that:

1. A person is in immediate and present danger of domestic violence based upon the person’s allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought.

2. A child is in immediate and present danger of abuse by a family or household member, based on an allegation of a recent incident of abuse or threat of abuse by the family or household member.

3. A child is in immediate and present danger of being abducted by a parent or relative, based on a reasonable belief that a person has intent to abduct a child or flee with the child from the jurisdiction or based on an allegation of a reasonable threat to abduct the child or flee with the child from the jurisdiction.

4. An elder or dependent adult is in immediate and present danger of abuse as defined in Welfare and Institutions Code § 15610.07 based on an allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought, except that no emergency protective order shall be issued based solely on an allegation of financial abuse.

(b) Under Penal Code § 646.91, a deputy may also obtain an Emergency Protective Order when the deputy has reasonable grounds to believe that a person or the person’s immediate family is in immediate and present danger of being stalked.

1. Any such Emergency Protective Order shall be reduced to writing, signed by the deputy and include all of the information required by Penal Code § 646.91(c).
Domestic Violence

2. Any deputy seeking such an order shall serve the order on the restrained person if such person can be reasonably located and shall provide the person protected with a copy of the order. A copy of the order shall also be filed with the court as soon as practicable after issuance.

3. Any deputy requesting such an order shall carry copies of the order while on duty and shall use every reasonable means to enforce the order.

(c) Emergency Protective Orders may be obtained by telephone to prohibit a suspect who resides with a complainant, regardless of their marital status or relationship from:
   1. Physically or verbally contacting the victim or disturbing his or her peace.
   2. Remaining or returning to the victim’s residence, regardless of who holds legal title to, or leases the residence.
   3. Continuing a specified behavior as described in the order.

(d) Deputies investigating the scene of current or recent situations of domestic violence should remain cognizant of the potential for continued and escalated violence. An Emergency Protective Order should be sought if there is reason to believe, based on factual evidence such as a recent history of violence that the victim may still be in danger.

(e) Deputies should consider requesting an EPO if any of the following conditions exist:
   1. The victim requests an EPO.
   2. The investigating deputy has grounds to believe that there is an immediate danger of continuing violence against the victim.
   3. The investigating deputy or victim believes that the suspect may be able to make bail and the potential for further violence exists.

320.4.6 COURT ORDERS
Stay-away orders are issued in criminal cases when the probability of victim intimidation exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1). Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation of Penal Code § 422. Examples of witness intimidation include attempting to prevent or dissuade a victim from attending or giving testimony at any proceeding, or using force or expressing or implying a threat of force or violence related to the court proceeding.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Deputies should:
   (a) Recognize that a victim’s behavior and actions may be affected.
   (b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.
Domestic Violence

(c) Alert the victim to any available victim advocates, shelters and community resources.

(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.

(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

A deputy shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

320.5.1 PHOTOGRAPHS OF INJURIES
All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired.

Victims whose injuries are not visible at the time of the incident shall be advised to contact the investigating deputy or other member of the Sheriff's Office in the event the injuries become visible. However, the investigating deputy should photograph the area(s) the victim claims to be injured, whether or not the injuries are visible.

Investigating deputies shall follow up with victims, who at a later time may have bruises or other injuries that become visible. An investigator or deputy may be assigned follow up to ensure the injuries are photographed during the course of preparing the case for court.

320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.6.1 VICTIM INFORMATION AND NOTIFICATION EVERYDAY PROGRAM
When appropriate, deputies should advise the victim of the availability of the Victim Information and Notification Everyday (VINE) Program. VINE is a free, computer-based telephone service that allows victims to check on an offender's custody status and register to receive automatic notification when an inmate is released from County Jail. The contact phone number for VINE is printed on the Lake County Sheriff's Office Domestic Violence Information Pamphlet.
320.6.2 WRITTEN NOTICE TO VICTIMS
Penal Code § 13701 requires that victims of domestic violence be furnished written notice including the following information:

(a) A statement informing the victim that despite official restraint of the person alleged to have committed domestic violence, the restrained person may be released at any time

(b) A statement that provides information about a shelter they may contact in the area

(c) A statement that provides information about other community services they may contact in the area

(d) A statement informing the victim of domestic violence that he or she can ask the District Attorney to file a criminal complaint

(e) A statement that "For further information about the California Victim's Compensation Program, you may contact 1-800-777-9229."

(f) A statement informing the victim of the right to go to the Superior Court and file a petition requesting any of the following orders for relief:
   1. An order restraining the attacker from abusing the victim and other family members
   2. An order directing the attacker to leave the household
   3. An order preventing the attacker from entering the residence, school, business, or place of employment of the victim
   4. An order awarding the victim or the other parent custody of or visitation with a minor child or children
   5. An order restraining the attacker from molesting or interfering with minor children in the custody of the victim
   6. An order directing the party not granted custody to pay support of minor children, if that party has a legal obligation to do so
   7. An order directing the defendant to make specified debt payments coming due while the order is in effect
   8. An order directing that either or both parties participate in counseling

(g) A statement informing the victim of the right to file a civil suit for losses suffered as a result of the abuse. This includes medical expenses, loss of earnings, and other expenses for injuries sustained and damage to property, and any other related expenses incurred by the victim or any agency that shelters the victim

(h) In the case of an alleged violation of Penal Code §§ 243(e), 261, 261.5, 262, 273.5, 286, 288a, or 289, a Domestic Violence Information Pamphlet which shall include, but is not limited to, the following information:
Domestic Violence

1. The names and locations of rape victim counseling centers within the county, including those centers specified in Penal Code § 13837, and their 24-hour counseling service telephone numbers.

2. A simple statement on the proper procedures for a victim to follow after a sexual assault.

3. A statement that sexual assault by a person who is known to the victim, including sexual assault by a person who is the spouse of the victim, is a crime.

4. A statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime.

(i) The card should also provide information relating to the rights and duties of tenants and landlords regarding lock changes, evictions and related matters that may assist victims with housing and safety concerns (Code of Civil Procedure § 1161.3, Civil Code § 1941.5 and Civil Code § 1941.6).

320.6.3 DOMESTIC VIOLENCE SUPPORT
Victims of domestic violence or abuse have the right to have a domestic violence counselor (as defined in Evidence Code § 1037.1) and a support person of the victim’s choosing present at any interview by law enforcement authorities (Penal Code § 679.05).

The investigating deputy must advise the victim of his/her right to have an advocate and support person present at any subsequent interview(s), including additional interviews by the reporting and/or detectives handling the case. The victim should be advised that any advocate working for the agencies listed on the Domestic Violence resource card would qualify.

(a) For the purposes of this section, an initial investigation by law enforcement to determine whether a crime has been committed and to determine the identity of the suspect(s) shall not constitute a law enforcement interview.

(b) The support person may be excluded from an interview if the law enforcement authority or the District Attorney determines the presence of that person would be detrimental to the purpose of the interview.

(c) The investigating deputy should articulate in the report that the victim was advised of their right to a counselor and/or support person.

320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC
Domestic Violence

§ 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.7.1 RECORD-KEEPING RESPONSIBILITIES
Penal Code § 13730 also requires that all law enforcement agencies maintain records on the number of domestic violence related calls reported to their agency and to include whether or not weapons were used in the incident. This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the deputy shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.

1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

320.8.1 RETURN OF FIREARMS

(a) If, within five days after the seizure, a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident and the deputy has no reason to believe that such firearm or weapon would further endanger the victim or person reporting the domestic violence,
Domestic Violence

the Sheriff's Office shall notify the lawful owner or other person who was in lawful possession of the firearm or weapon of its availability (Penal Code § 18265).

(b) If, however, any deputy has reasonable cause to believe that a firearm or other deadly weapon seized in a domestic violence incident would likely result in further danger to the victim or person reporting such incident or that further investigation of such firearm or weapon is required through the Department of Justice or other sources, the Sheriff's Office shall within five days of the seizure, notify the owner or other person who was in lawful possession of the firearm or weapon that such firearm or weapon will be retained for up to 60 days of the seizure.

(c) If, after 45 days, the Sheriff's Office has been unable to clear the firearm or other deadly weapon for release, the Sheriff's Office shall commence the process of preparing a petition to the Superior Court to determine if the firearm or other weapon should be returned. Such petition shall be filed within 60 days of the initial seizure or upon timely application to the court for an extension within no more than 90 days (Penal Code § 18400(a)).

(d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code § 18270.

(e) The Sheriff's Office is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

320.9 LEGAL MANDATES AND RELEVANT LAWS
The Sheriff's Office considers calls of reported, threatened, imminent, or ongoing domestic violence, and the violation of any protection order, including orders issued pursuant to Penal Code § 136.2, and restraining orders of extreme importance and shall be ranked among the highest priorities. Dispatchers are not required to verify the validity of the protective order before responding to the request for assistance. All calls of domestic violence should be dispatched as soon as practical.

320.9.1 STANDARDS FOR ARRESTS
Deputies investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Deputies are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the deputy makes the arrest as soon as probable cause arises (Penal Code § 836).
(b) A deputy responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Deputies shall not dissuade victims from making a lawful private person’s arrest. Deputies should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Deputies shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, a deputy shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the deputy’s presence. After arrest, the deputy shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.9.2 COURT ORDERS

(a) A deputy who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The deputy shall file a copy with the court as soon as practicable and shall have the order entered
Domestic Violence

into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, a deputy at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any deputy serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the deputy shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The deputy shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

320.9.3 PUBLIC ACCESS TO POLICY
A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting deputies should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

(c) Deputies who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

320.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or
Domestic Violence

whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Bureau Supervisor to maintain and report this information as required.
Civil Division

321.1 PURPOSE AND SCOPE
CIVIL PROCESS, SERVICE OF A. POLICY

With deposit of appropriate fees, the Sheriff's Office shall accept for service any and all-lawful Civil Process, to be served within Lake County. Service attempts for such process shall be diligent, and executed according to applicable laws. The Civil Bureau of the Sheriff's Office shall have sole authority and responsibility for the discharge of this duty, except as otherwise provided.

PROCEDURE

(a) Requests for service of civil process, or specific information concerning same shall be directed to the Civil Bureau of the Sheriff's Office during regular business hours.

(b) Acceptance of Civil Process, fee requirements, service attempts of same, and required returns for other documents shall be governed by procedures set forth in the Sheriff's Office Civil Procedures Manual. There is a copy of this Manual in the Civil Bureau in the Sheriff's Office. The Civil Procedures Manual can also be found on the INTERNET at the California County Sheriff's Association website, under Resources.

(c) Members of the Sheriff's office, other than those attached to the Civil Bureau, may, as required, be assigned to perform a function usually directed to the Civil Bureau.

(d) No member or employee of the Sheriff's Office shall serve civil process, for a fee, to any person or under any circumstances, except as expressly authorized by the Sheriff or his designee.
Search and Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Lake County Sheriff's Office personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the Lake County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.2.1 SEARCH PROTOCOL
(a) Employees of this department will conduct person searches with dignity and courtesy.

(b) Employees of the Sheriff's Office will conduct property searches in a manner that returns the condition of the property to its pre-search status as nearly as reasonably practical.

(c) Employees of the Sheriff's Office should attempt to gain keys to locked property when a search is anticipated and the time and effort required to gain the keys makes it a practical option.

(d) When the person to be searched is of the opposite sex of the deputy, a deputy of the like sex should be summoned to the scene to conduct the search.

(e) A search may be undertaken of a member of the opposite sex when it is not practical to summon a deputy of the like sex. In these instances the deputies will adhere to the following guidelines:
   1. A supervisor and/or one other deputy should witness the search, if practical.
   2. Deputies will use the back side of their hands and fingers to search sensitive areas of the opposite sex to include the breast, crotch and buttocks areas.
   3. Deputies will make every reasonable effort to conduct the search within the view of an activated MAV system.

(f) The deputy will explain to the person being searched the reason for the search and how the deputy will conduct the search.
Search and Seizure

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.
(b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
(e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
1. Another deputy or a supervisor should witness the search.

2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION
Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Juvenile Operations

323.1 PURPOSE AND SCOPE
This Policy is to establish guidelines and operational procedures for the LCSO regarding aspects of preventing and combating juvenile delinquency.

(a) RESPONSIBILITY OF PERSONNEL
1. The LCSO recognizes the importance of preventing and combating juvenile delinquency. The LCSO further recognizes that traditional methods for dealing with juvenile offenders are not always sufficient. To meet its commitment to provide exceptional services to the community, the LCSO participates in preventive programs and actions designed to prevent young people from developing criminal tendencies.

2. Deputies have a wide range of alternatives they may employ when dealing with juvenile offenders from warnings to intake. Deputies should use the least coercive alternative, consistent with preserving public safety, order, and individual liberty that is appropriate when deciding what action to take with juvenile offenders. Furthermore, it is the policy of the LCSO to implement problem solving strategies through positive programs that deal with delinquency and youth crime.

3. All employees share in the responsibility for participating in and supporting the juvenile operations function to ensure that the appropriate action is taken in all cases where juveniles come to the attention of the LCSO. All sworn personnel will maintain a working knowledge of the California Welfare and Institutions Code concerning the handling of juveniles and familiarize themselves with the various support programs within Lake County. Each deputy assists, as applicable, in the design and implementation of programs intended to prevent and control delinquent and criminal behavior by juveniles.

(b) TEMPORARY JUVENILE CUSTODY
1. When taking a juvenile into temporary custody for a law violation, deputies should select from the following alternatives, the most appropriate course of action dependent upon the situation and needs of the juvenile:

   (a) Divert the juvenile from the court system by release, counsel and release, or release to parent or guardian on a Notice to Appear to the Juvenile Probation Office.

   (b) Seek a juvenile petition

   (c) Deliver the juvenile to the Probation Department 602W&I
Juvenile Operations

(d) Refer to Policy 324 Temporary Custody of Juveniles for additional requirements

(c) LCSO PROGRAMS AND SERVICES

(a) LCSO enforcement personnel shall make regular visits to schools within their assigned areas. Positive interaction and the education of the youth are essential to preventing juvenile delinquency. The intent of the visits is to provide a positive image of the Law Enforcement professional to the youth, to educate and mentor the youth, and to be available to the youth for any questions or problems they may have or be dealing with.

(b) Deputies will be assigned to participate in such local programs as D.A.R.E., Every 15 minutes, and Sober-Grad events.

(c) Services offered by the LCSO which benefit juveniles in the community include:

(a) LCSO Explorer Post - see Policy 1048

(b) LCSO Citizens’ and Youth Academy - see Policy 1047

(c) LCSO Sheriff's Activity League - see Policy 1049

(d) JUVENILE POLICY DEVELOPMENT AND REVIEW

1. The Enforcement Lieutenant or his or her designee will meet annually with representatives from the Lake County Juvenile Probation Department, and school districts within LCSO jurisdiction to review and obtain feedback on relevant juvenile and school resource programs currently in force. All elements of agency Juvenile operations will be assessed to determine the need to continue, modify or discontinue a program. The Enforcement Lieutenant or his or her designee shall prepare a report summarizing that meeting. The report shall be submitted to the Sheriff.
Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Lake County Sheriff's Office (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact.

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

### 324.2 POLICY

The Lake County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Lake County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

### 324.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Lake County Sheriff's Office:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Shift Supervisor. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
(e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).
Temporary Custody of Juveniles

These juveniles should not be held at the Lake County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Shift Supervisor shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Lake County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Lake County Sheriff's Office without authorization of the arresting deputy's supervisor or the Shift Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to another authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Lake County Sheriff's Office (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Lake County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.
Temporary Custody of Juveniles

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Lake County Sheriff’s Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:
(a) Released upon warning or citation.
(b) Released to a parent or other responsible adult after processing at the Department.
(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating deputy or supervisor shall prefer the alternative which least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the deputy should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS
Deputies shall take immediate steps to notify the juvenile’s parent, guardian or a responsible relative that the juvenile is in custody, the location where the juvenile is being held and the intended disposition (Welfare and Institutions Code § 627).
Temporary Custody of Juveniles

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625). Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Lake County Sheriff’s Office (15 CCR 1150).
(c) Shift Supervisor notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Shift Supervisor shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.
Temporary Custody of Juveniles

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Lake County Sheriff's Office (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Lake County Sheriff's Office shall ensure the following:

(a) The Shift Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Lake County Sheriff's Office more than four hours. This will enable the Shift Supervisor to ensure no juvenile is held at the Lake County Sheriff's Office more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
   1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
   2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
Temporary Custody of Juveniles

(n) Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse (15 CCR 1142).

324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Lake County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10 JUVENILE CITATIONS AND DETENTION

324.10.1 POLICY

It is the option of the investigating member whether to release a juvenile on citation or take the juvenile into custody. In reaching that decision, consideration should be given to the welfare of the juvenile and the community, using the same criteria as would apply to a similar decision for an adult offender, and taking into account the definitions outlined above.

324.10.2 DEFINITIONS

Section 626 of the Welfare and Institutions Code provides for release of juveniles on citation. Juveniles accused of misdemeanor offenses should be released on a signed promise to appear. Juveniles accused of felony offenses may be released on a signed promise to appear. It is suggested however, that the member obtain fingerprints and a photograph of the minor prior to releasing him/her directly to the custody of the juvenile's parent(s) or legal guardian.

324.10.3 PROCEDURE

(a) CITATIONS:

1. Record all necessary information on the citation form.
2. Direct the juvenile's attention to the date, time and place of the promised appearance, and that a parent or guardian must be present at that appearance.
3. Obtain the juvenile's signature on the citation. If possible, obtain the signature of a parent or guardian on the citation also.
4. Present the juvenile with the appropriate copy of the citation.
Temporary Custody of Juveniles

5. The original citation and remaining copy shall be attached to the original written report and submitted as soon as practicable.

6. When citing juveniles to appear before a Probation Officer cite as provided for in Standard Operating Procedures Manual (SOP).

(b) DETENTION OF JUVENILES:

1. 300 W & I: In all cases of neglect or abuse, the juvenile shall be removed from the neglectful or abusive environment and placed with the appropriate agency or location as determined by Child Protective Services (CPS).

2. 601 W & I: A juvenile reported as a runaway or beyond parental control shall not be booked into Juvenile Hall. However, the Deputy may refer the juvenile to an approved service agency, or release the juvenile to his parent(s) or guardian(s).

3. 602 W & I:

   (a) Unless cited, all juveniles charged with 602 W & I violations shall be booked into Juvenile Hall with the following observations: Lake County Juvenile Hall is a "602 W&I" only facility. This means that only people who commit crimes, which have confinement time, while under the age of 18, can be booked into the facility. This includes all "602" wards of the court under the age of 19, who have committed a violation of their juvenile wardship or have an active or valid juvenile court "602 W&I" warrant for their arrest (208.5 W&I). This includes out of state warrants, which must be for criminal acts with confinement time.

   (b) Deputies are cautioned to insure that the warrant ordering the arrest of the person is an active or valid juvenile 602 W&I warrant and the person is under the age of 19 before taking the person to Juvenile Hall for booking. When a minor is taken into custody pursuant to a Juvenile Dependency Court Protective Custody Warrant (Section 340 W&I) the minor is to be taken to Child Protective Services. The child cannot be booked into the Lake County Juvenile Hall. This minor does not fall within the jurisdiction of the Lake County Probation Department or the Lake Juvenile Delinquency Court.

   (c) If a person is 18 or older and is arrested for both a new crime committed while they were 18, but under 19, and an active juvenile court warrant the person must be booked into the county jail under both the adult crime and the juvenile warrant.

   (d) If the person is released from the county jail on the "adult charge" he is to be detained on the juvenile warrant. Probation or Juvenile Hall is to be notified so he can be transferred, in custody, to the Juvenile Hall (if not yet 19 y.o.a.) for arraignment in juvenile court on the warrant. If a
person 19 or older is arrested on just an active juvenile court warrant he is to be booked into the county jail and the Probation Department is to be contacted immediately to arrange for the arraignment in juvenile court.

(e) Juvenile Warrant Arrests Only juveniles under the age of 19 with active 602 W&I warrants can be booked into the Lake County Juvenile Hall. (Reference Lake County Juvenile Hall section).

(f) A copy of the warrant must be presented to Juvenile Hall staff at the time of booking. Deputies are reminded to have "Warrants" pull the warrant out of NCIC/CLETS.

(c) DOCUMENTATION:

(a) Juvenile Crime Reports All juvenile crime reports are to be submitted to the Probation Department.

(b) In Custody Arrest/Crime Reports All juvenile crime reports for juveniles booked into the Juvenile Hall are to be submitted to the Probation Department within the following time frames:

(a) If the juvenile is arrested between midnight and 3:30 p.m. the report is to be received by the Probation Department no later than 8 a.m. on the next court day following the arrest, or the minor will be released.

(b) If the juvenile is arrested between 3:30 p.m. and midnight the report is to be received by the Probation Department no later than 10:30 a.m. on the next court day or the minor will be released.

(c) Exceptions: The only exceptions will be when the arresting deputy or his supervisor contacts the Assistant Chief Probation Officer, or the Chief Probation Officer when the Assistant Chief is not available, or the Senior Deputy Probation Officer in charge if the Assistant Chief and Chief are not available and receives approval.

(a) Out of Custody Crime Reports All juvenile crime reports, except "direct filings" are to be submitted to the Probation Department for action.

(b) Direct filings pursuant to 602 (b) W&I are to be submitted directly to the District Attorney.

(d) JUVENILE ARREST

(a) Any time a Deputy takes a minor into custody for a criminal act or a violation of wardship or probation and makes the decision to take the minor to Juvenile Hall for booking the Deputy must insure that the crime for which the minor is being booked has confinement time. Before a minor is booked for just a violation of wardship or probation the arresting Deputy must confirm with the Probation
Temporary Custody of Juveniles

Officer that the minor still has confinement time remaining on his wardship. If, in either case, there is no confinement time the minor cannot be booked into the Juvenile Hall and the Deputy should use one of the other legal options (626 and 626.5 W&I) such as a citation or routing of the report to the Probation Department.

(b) When a juvenile is a formal ward of the court a new law violation cannot be filed by the District Attorney or Probation Officer as a violation of probation. The law violation must be filed only as a new law violation per 602 W&I.

(c) When a Deputy books a minor into the Juvenile Hall the Deputy shall complete the juvenile referral or booking form and prepare a concise written statement of the probable cause for taking the minor into custody and provide that statement to the Probation Department or Juvenile Hall at the time of booking. (626 (d) W&I) In determining which disposition of the minor to make the Deputy shall prefer the alternative which least restricts the minor’s freedom of movement, provided that alternative is compatible with the interests of the minor and the community. (626.5 (b) W&I )

324.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Shift Supervisor approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).
Temporary Custody of Juveniles

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).

(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
   1. All safety checks shall be logged.
   2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
   3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE
The Shift Supervisor will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Lake County Sheriff’s Office (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Sheriff and Investigation Division Supervisor.

(b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.

(c) Notification of the appropriate prosecutor.
Temporary Custody of Juveniles

(d) Notification of the County attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, a deputy shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

(a) Information is necessary to protect life or property from an imminent threat.
(b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

324.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility or other fixed place of detention. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
Temporary Custody of Juveniles

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Lake County Sheriff's Office Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Bureau Supervisor and the appropriate Investigative Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.15 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Enforcement Division Commander shall coordinate the procedures related to the custody of juveniles held at the Lake County Sheriff's Office and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

324.16 RELIGIOUS ACCOMMODATION
Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).
326.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Lake County Sheriff's Office members as required by law.

326.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

326.2 POLICY
The Lake County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:

1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)

2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)

3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)

4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.

326.5 MANDATORY NOTIFICATION
Members of the Lake County Sheriff's Office shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have
observed, or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):  
1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
Adult Abuse

(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigative Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

326.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.
(b) The name and age of the elder or dependent adult.
(c) The present location of the elder or dependent adult.
(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
(e) The nature and extent of the condition of the elder or dependent adult.
(f) The date of incident.
(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.
326.6  PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to APS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

326.6.1  EMERGENCY PROTECTIVE ORDERS
In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

326.7  INTERVIEWS

326.7.1  PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

326.7.2  DETAINING VICTIMS FOR INTERVIEWS
A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:
Adult Abuse

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

326.8 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

326.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.9.1 DEPUTY RESPONSIBILITIES
Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:
   (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
   (b) Notify the Investigative Bureau supervisor so an interagency response can begin.

326.9.2 SUPERVISOR RESPONSIBILITIES
The Investigative Bureau supervisor should:
   (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
   (b) Activate any available interagency response when a deputy notifies the Investigative Bureau supervisor that he/she has responded to a drug lab or other narcotics crime
scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

326.10 RECORDS BUREAU RESPONSIBILITIES
The Records Bureau is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original adult abuse report with the initial case file.

326.11 JURISDICTION
The Lake County Sheriff's Office has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Discriminatory Harassment

328.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Lake County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS
Definitions related to this policy include:

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member’s work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with County or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Sheriff, the Director of Human Resources or the County Administrator.
Discriminatory Harassment

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that his/her subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Sheriff or Director of Human Resources in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

328.4.2 SUPERVISOR’S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Sheriff, the Director of Human Resources, the County Administrator, or the California Department of Fair Employment and Housing (DFEH) for further information, direction, or clarification (Government Code § 12950).
328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

328.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, Director of Human Resources or the County Administrator.

328.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

328.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Sheriff. The outcome of all reports shall be:
Discriminatory Harassment

- Approved by the Sheriff, the County Administrator or the Director of Human Resources, depending on the ranks of the involved parties.
- Maintained in accordance with the department’s established records retention schedule.

328.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

328.7.1 STATE-REQUIRED TRAINING
The Training Manager should ensure that employees receive the required state training and education regarding sexual harassment, prevention of abusive conduct, and harassment based on gender identity, gender expression, and sexual orientation as follows (Government Code § 12950.1; 2 CCR 11024):

(a) Supervisory employees shall receive two hours of classroom or other effective interactive training and education within six months of assuming a supervisory position.

(b) All other employees shall receive one hour of classroom or other effective interactive training and education within six months of their employment or sooner for seasonal or temporary employees as described in Government Code § 12950.1.

(c) All employees shall receive refresher training every two years thereafter.

If the required training is to be provided by DFEH online training courses, the Training Manager should ensure that employees are provided the link or website address to the training course (Government Code § 12950).

328.7.2 TRAINING RECORDS
The Training Manager shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11024).
Discriminatory Harassment

328.8 WORKING CONDITIONS

328.9 REQUIRED POSTERS
The Department shall display the required posters regarding discrimination, harassment and transgender rights in a prominent and accessible location for members (Government Code § 12950).
Child Abuse

330.1 PURPOSE AND SCOPE

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

330.2 POLICY
The Lake County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

330.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);

(Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors,
nor does it include an injury caused by the reasonable and necessary force used by a peace
officer acting within the course and scope of his/her employment as a peace officer.

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax
or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the
information concerning the incident.

330.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators
should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school
administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the
child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable
(Welfare and Institutions Code § 18961.7).

330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a
report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as
applicable:

(a) The overall basis for the contact. This should be done by the investigating deputy in
all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if deputies interviewed the child victim without
the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the
statements.
(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to CPS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.
Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The deputy reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the deputy shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The deputy reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the deputy that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

330.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

330.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, deputies can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.
Deputies shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

**330.7 INTERVIEWS**

330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- Exigent circumstances exist, such as:
  1. A reasonable belief that medical issues of the child need to be addressed immediately.
  2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
  3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

- A court order or warrant has been issued.

330.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

**330.8 MEDICAL EXAMINATIONS**

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a
medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES
The Investigative Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when a deputy notifies the Investigative Bureau supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the child.

330.9.2 DEPUTY RESPONSIBILITIES
Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigative Bureau supervisor so an interagency response can begin.

330.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:

330.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

330.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active
case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

330.10.3 CACI HEARING OFFICER
The Investigative Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

330.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney's Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

330.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).
330.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to child abuse investigations.
(f) Availability of victim advocate or guardian ad litem support.
**Missing Persons**

**332.1 PURPOSE AND SCOPE**
This policy provides guidance for handling missing person investigations.

**332.1.1 DEFINITIONS**

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

**Missing person** - Any person who is reported missing to law enforcement when the person’s location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

**Missing person networks** - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

**332.2 POLICY**
The Lake County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Lake County Sheriff's Office gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

**332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS**
The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:
- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)
Missing Persons

• Missing person school notification form
• Medical records release form from the California Department of Justice
• California DOJ missing person forms as appropriate
• Biological sample collection kits

332.4 ACCEPTANCE OF REPORTS
Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

332.5 INITIAL INVESTIGATION
Deputies or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.
(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
(e) Ensure that entries are made into the appropriate missing person networks as follows:
   1. Immediately, when the missing person is at risk.
   2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
(f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
(g) Collect and/or review:
   1. A photograph and a fingerprint card of the missing person, if available.
2. A voluntarily provided biological sample of the missing person, if available (e.g.,
toothbrush, hairbrush).

3. Any documents that may assist in the investigation, such as court orders
   regarding custody.

4. Any other evidence that may assist in the investigation, including personal
   electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing
   person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing
   person report and another agency is actively investigating that report. When this
   is not practical, the information should be documented in an appropriate report for
   transmission to the appropriate agency. If the information relates to an at-risk missing
   person, the member should notify a supervisor and proceed with reasonable steps to
   locate the missing person.

332.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the
appropriate supervisor as soon as a missing person report is ready for review.

332.6.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of the supervisor shall include, but are not limited to:

(a) Reviewing and approving missing person reports upon receipt.
   1. The reports should be promptly sent to the Records Bureau.

(b) Ensuring resources are deployed as appropriate.

(c) Initiating a command post as needed.

(d) Ensuring applicable notifications and public alerts are made and documented.

(e) Ensuring that records have been entered into the appropriate missing persons
   networks.

(f) Taking reasonable steps to identify and address any jurisdictional issues to ensure
   cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer
of the case to the agency of jurisdiction.

332.6.2 RECORDS BUREAU RESPONSIBILITIES
The receiving member shall:

(a) As soon as reasonable under the circumstances, notify and forward a copy of the
   report to the law enforcement agency having jurisdiction over the missing person’s
residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).

(b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen (Penal Code § 14211).

(c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s intended or possible destination, if known.

(d) Forward a copy of the report to the Investigative Bureau.

(e) Coordinate with the NCIC Terminal Contractor for California to have the missing person record in the NCIC computer networks updated with additional information obtained from missing person investigations (34 USC § 41308).

332.7 INVESTIGATIVE BUREAU FOLLOW-UP
In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

(a) Shall ensure that the missing person’s school is notified within 10 days if the missing person is a juvenile.

1. The notice shall be in writing and should also include a photograph (Education Code § 49068.6).

2. The investigator should meet with school officials regarding the notice as appropriate to stress the importance of including the notice in the child’s student file, along with contact information if the school receives a call requesting the transfer of the missing child’s files to another school.

(b) Should recontact the reporting person and/or other witnesses within 30 days of the initial report and within 30 days thereafter to determine if any additional information has become available via the reporting party.

(c) Should consider contacting other agencies involved in the case to determine if any additional information is available.

(d) Shall verify and update CLETS, NCIC and any other applicable missing person networks within 30 days of the original entry into the networks and every 30 days thereafter until the missing person is located (34 USC § 41308).

(e) Should continue to make reasonable efforts to locate the missing person and document these efforts at least every 30 days.

(f) Shall maintain a close liaison with state and local child welfare systems and the National Center for Missing and Exploited Children® (NCMEC) if the missing person is under the age of 21 and shall promptly notify NCMEC when the person is missing from a foster care family home or childcare institution (34 USC § 41308).

(g) Should make appropriate inquiry with the Coroner.

(h) Should obtain and forward medical and dental records, photos, X-rays and biological samples pursuant to Penal Code § 14212 and Penal Code § 14250.
## Missing Persons

(i) Shall attempt to obtain the most recent photograph for persons under 18 years of age if it has not previously been obtained and forward the photograph to California DOJ (Penal Code § 14210) and enter the photograph into applicable missing person networks (34 USC § 41308).

(j) Should consider making appropriate entries and searches in the National Missing and Unidentified Persons System (NamUs).

(k) In the case of an at-risk missing person or a person who has been missing for an extended time, should consult with a supervisor regarding seeking federal assistance from the FBI and the U.S. Marshals Service (28 USC § 586).

### 332.8 WHEN A MISSING PERSON IS FOUND

When any person reported missing is found, the assigned investigator shall document the location of the missing person in the appropriate report, notify the relatives and/or reporting party, as appropriate, and other involved agencies and refer the case for additional investigation if warranted.

The Records Bureau Supervisor shall ensure that, upon receipt of information that a missing person has been located, the following occurs (Penal Code § 14213):

- Notification is made to California DOJ.
- The missing person’s school is notified.
- Entries are made in the applicable missing person networks.
- Immediately notify the Attorney General’s Office.
- Notification shall be made to any other law enforcement agency that took the initial report or participated in the investigation within 24 hours.

Department members investigating a case of an unidentified person who is deceased or a living person who cannot assist in identifying him/herself should:

- Obtain a complete description of the person.
- Enter the unidentified person’s description into the NCIC Unidentified Person File.
- Use available resources, such as those related to missing persons, to identify the person.

### 332.9 CASE CLOSURE

The Investigative Bureau supervisor may authorize the closure of a missing person case after considering the following:

- Closure is appropriate when the missing person is confirmed returned or evidence has matched an unidentified person or body.
Missing Persons

(b) If the missing person is a resident of Lake County or this department is the lead agency, the case should be kept under active investigation for as long as the person may still be alive. Exhaustion of leads in the investigation should not be a reason for closing a case.

(c) If this department is not the lead agency, the case can be made inactivate if all investigative leads have been exhausted, the lead agency has been notified and entries are made in the applicable missing person networks as appropriate.

(d) A missing person case should not be closed or reclassified because the person would have reached a certain age or adulthood or because the person is now the subject of a criminal or civil warrant.

332.10 TRAINING
Subject to available resources, the Training Manager should ensure that members of this department whose duties include missing person investigations and reports receive regular training that includes:

(a) The initial investigation:
   1. Assessments and interviews
   2. Use of current resources, such as Mobile Audio Video (MAV)

334.6.2 PROCEDURE FOR SILVER ALERT
Requests for a Silver Alert shall be made through the California Highway Patrol (Government Code § 8594.10).

334.7 MUTUAL AID
The experiences of other law enforcement jurisdictions that have implemented similar plans indicate an AMBER Alert or Blue Alert will generate a high volume of telephone calls to the handling agency.

The Sheriff’s Department Emergency Communications Bureau facilities and staff can be made available in the event of a high call volume.

If the Shift Supervisor or Investigative Bureau Supervisor elects to use the services of the Sheriff’s Department, the following will apply:

Law Enforcement Mutual Aid Plan

335.1 PURPOSE AND SCOPE
The purpose and scope of this section is to provide a brief overview of the Law Enforcement Mutual Aid Plan and direct personnel toward additional information regarding the plan. The State of California, Law Enforcement Mutual Aid Plan is issued and revised under the Authority of §§ 8550, 8569, 8615 through 8619, and 8668 of the California Government Code, the California Emergency Plan, and the Master Mutual Aid Agreement.

(a) DEFINITIONS

1. Operational Area: A county, along with all the political subdivisions within that county constitutes an Operational Area.

2. Operation Area Law Enforcement Coordinator: The county Sheriff is the Operational Area law enforcement coordinator, with the exception of the City and County of San Francisco, where the Chief of Police is the Operational Area Law Enforcement Coordinator.

3. Mutual Aid Region: A Mutual Aid Region is a geographic area comprised of multiple operational areas. A Mutual Aid Region manages and coordinates information and resources among operational areas within the mutual aid region and between the Operation Areas and the State level.

4. Regional law Enforcement Mutual Aid Coordinator: A regional law Enforcement Mutual Aid Coordinator is an Operational Area Law Enforcement Coordinator, who is elected by other Operational Area Coordinators within the mutual aid Region, to coordinate the collective law enforcement mutual aid response of agencies within the Region.

5. State Law Enforcement Mutual Aid Coordinator: The State Law Enforcement Mutual Aid Coordinator is the Chief of the Law Enforcement Branch of the Governor’s Office of Emergency Services. The State Coordinator is responsible for mutual aid response coordination and administrative interaction between state and local law enforcement agencies during emergency and non-emergency situations, where the mutual aid system is, or could be, involved.

(b) LOCAL REQUEST FOR MUTUAL AID

1. When it is determined that an unusual occurrence may become or is already beyond the control of the LCSO and its resources, it is the responsibility of the Sheriff or his/her designee to request mutual aid.

2. A declaration of local emergency may or may not be appropriate for the circumstances; however the Sheriff may request mutual aid prior to the activation of an EOC or formal declaration of local emergency. Mutual aid request and response is not dependent on a declaration of local emergency.
(c) LOCAL EMERGENCY

1. Local emergency means the duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, complications resulting from the Year 2000 Problem, or other conditions, other than conditions resulting from a labor controversy, which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of that political subdivision and require the combined forces of other political subdivisions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission. (Government Code § 8558(c))

(a) In periods of local emergency, political subdivisions (cities or counties) have the power to provide mutual aid to any affected area in accordance with local ordinances, resolutions, plans or agreements. (It could be argued that having signed the Master Mutual Aid Agreement, the entity is bound to provide resources, if requested in accordance with the Mutual Aid Plan.)

(b) During a local emergency, state agencies may provide mutual aid, including personnel, equipment, and other available resources, to assist local jurisdictions in accordance with mutual aid plans or at the direction of the Governor.

(c) By proclaiming a local emergency, the governing body of a city or county expands its regulatory enforcement, subject to constitutional constraints, increases its police power and may promulgate temporary emergency orders and regulations necessary to provide for the protection of life and property.

(d) Response costs are absorbed by the responding agency notwithstanding any other agreements to the contrary or disaster reimbursement funds that may become available.

(e) To reiterate, a Declaration of Local Emergency is not required before requesting law enforcement mutual aid.

Standards of Conduct

This policy establishes standards of conduct that are consistent with the values and mission of the Lake County Sheriff's Office and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

340.2 POLICY
The continued employment or appointment of every member of the Lake County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

340.3 DIRECTIVES AND ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

340.3.2 SUPERVISOR RESPONSIBILITIES

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

340.3.3 ORDERS

(a) Orders issued to a subordinate member by a superior may be written or oral and shall be done in a respectful manner.

(b) No command or supervisory member shall knowingly issue any order or directive which is in violation of any law, ordinance, or Office rule.

(c) Obedience to an unlawful order is never a defense for an unlawful act. No member is required to obey any order which is contrary to Federal or County law, or City or County ordinance. Responsibility for refusal to obey rests with the member, who shall be strictly required to justify any refusal of or compliance with any unlawful order.

(d) Upon receiving an order conflicting with any previous order or instruction, the subordinate shall advise the issuing superior of the conflict and the initial order causing the conflict. Responsibility for countermanding the initial order then rests with the superior issuing the subsequent conflicting order. If so directed after advisement, the most recent order shall be obeyed. Conflicting or countermanding orders shall be issued only when necessary for the good of the Office.

340.4 GENERAL STANDARDS
Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.
Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

Reserve Deputies

350.1 PURPOSE AND SCOPE
The Lake County Sheriff's Office Reserve Unit was established to supplement and assist regular sworn sheriff's deputies in their duties. This unit provides professional, sworn volunteer reserve deputies who can augment regular staffing levels.

350.2 SELECTION AND APPOINTMENT OF SHERIFF'S RESERVE DEPUTIES
The Lake County Sheriff's Office shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this department.

350.2.1 PROCEDURE
All applicants shall be required to meet and pass the same pre-employment procedures as regular sheriff's deputies before appointment.

Before appointment to the Sheriff's Reserve Unit, an applicant must have completed, or be in the process of completing, a POST approved basic academy or extended basic academy.

350.2.2 APPOINTMENT
Applicants who are selected for appointment to the Sheriff's Reserve Unit shall, on the recommendation of the Sheriff, be sworn in by the Sheriff and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their ability.

350.2.3 EMPLOYEES WORKING AS RESERVE DEPUTIES
Qualified employees of this department, when authorized, may also serve as reserve deputies. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention deputy working as a reserve deputy for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

350.3 DUTIES OF RESERVE DEPUTIES
Reserve deputies assist regular deputies in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve deputies will usually be to augment the Enforcement Division. Reserve deputies may be assigned to other areas within the Department as needed. Reserve deputies are required to work a minimum of 16 hours per month.

350.3.1 POLICY COMPLIANCE
Sheriff's reserve deputies shall be required to adhere to all departmental policies and procedures. A copy of the policies and procedures will be made available to each reserve deputy upon appointment and he/she shall become thoroughly familiar with these policies.
Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time deputy, it shall also apply to a sworn reserve deputy unless by its nature it is inapplicable.

350.3.2 RESERVE DEPUTY ASSIGNMENTS
All reserve deputies will be assigned to duties by the Reserve Coordinator or his/her designee.

350.3.3 RESERVE COORDINATOR
The Sheriff shall delegate the responsibility for administering the Reserve Deputy Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

(a) Assignment of reserve personnel
(b) Conducting reserve meetings
(c) Establishing and maintaining a reserve call-out roster
(d) Maintaining and ensuring performance evaluations are completed
(e) Monitoring individual reserve deputy performance
(f) Monitoring overall Reserve Program
(g) Maintaining liaison with other agency Reserve Coordinators

350.4 FIELD TRAINING
Penal Code § 832.6 requires Level II reserve deputies, who have not been released from the immediate supervision requirement per the Completion of the Formal Training Process subsection, to work under the immediate supervision of a peace officer who possesses a Basic POST Certificate.

350.4.1 TRAINING OFFICERS
Deputies of this department, who demonstrate a desire and ability to train reserve deputies, may train the reserves during Phase II, subject to Shift Supervisor approval.

350.4.2 PRIMARY TRAINING OFFICER
Upon completion of the Academy, reserve deputies will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve deputy will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.

350.4.3 FIELD TRAINING MANUAL
Each new reserve deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as a deputy with the Lake County Sheriff's Office. The reserve deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.
350.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve deputy in training.

If the reserve deputy has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

350.4.5 SECONDARY TRAINING PHASE
The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve deputy will no longer be required to ride with his/her primary training officer. The reserve deputy may now ride with any deputy designated by the Shift Supervisor.

During Phase II of training, as with Phase I, the reserve deputy's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Deputy's Field Training Manual. At the completion of Phase II of training, the reserve deputy will return to his/her primary training officer for Phase III of the training.

350.4.6 THIRD TRAINING PHASE
Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve deputy will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve deputy for suitability to graduate from the formal training program.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve deputy's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve deputy has satisfactorily completed his/her formal training. If the reserve deputy has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

350.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve deputy has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve deputy may now be assigned to ride with any deputy for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.

350.5 SUPERVISION OF RESERVE DEPUTIES
Reserve deputies who have attained the status of Level II shall be under the immediate supervision of a regular sworn deputy (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve deputies who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Division Commander.
Reserve Deputies

350.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve deputies certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve deputies may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Shift Supervisor may assign a certified Level I reserve deputy to function under the authority of Penal Code § 832.6(a) (1) for specific purposes and duration.

350.5.2 RESERVE DEPUTY MEETINGS
All reserve deputy meetings will be scheduled and conducted by the Reserve Coordinator. All reserve deputies are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

350.5.3 IDENTIFICATION OF RESERVE DEPUTIES
All reserve deputies will be issued a uniform badge and a Department identification card. The uniform badge shall be the same as that worn by a regular full-time deputy. The identification card will be the standard identification card with the exception that "Reserve” will be indicated on the card.

350.5.4 UNIFORM
Reserve deputies shall conform to all uniform regulation and appearance standards of this department.

350.5.5 INVESTIGATIONS AND COMPLAINTS
If a reserve deputy has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Enforcement Division Commander.

Reserve deputies are considered at-will employees. Government Code § 3300 et seq. applies to reserve deputies with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve deputy shall be accomplished as outlined in the Policy Manual.

350.5.6 RESERVE DEPUTY EVALUATIONS
While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.
350.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve deputy as having peace officer powers during his/her assigned tour of duty, provided the reserve deputy qualifies or falls within the provisions of Penal Code § 832.6.

350.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve deputies to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

350.6.2 CONCEALED FIREARMS PROHIBITED
No reserve deputy will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve deputies who possess a valid CCW permit. An instance may arise where a reserve deputy is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve deputy may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve deputy who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve deputy and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve deputy shall have demonstrated his/her proficiency with said weapon.

When a reserve deputy has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Sheriff with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve deputy’s qualification will be individually judged. A reserve deputy’s dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve deputy remains in good standing as a Reserve Deputy with the Lake County Sheriff's Office.

350.6.3 RESERVE DEPUTY FIREARM TRAINING
All reserve deputies are required to maintain proficiency with firearms used in the course of their assignments. Reserve deputies shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

(a) All reserve deputies are required to qualify at least every other month

(b) Reserve deputies may fire at the department approved range at least once each month and more often with the approval of the Reserve Coordinator
Reserve Deputies

(c) Should a reserve deputy fail to qualify over a two-month period, that reserve deputy will not be allowed to carry a firearm until he/she has reestablished his/her proficiency.

350.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL
The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.
Outside Agency Assistance

352.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

352.2 POLICY
It is the policy of the Lake County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

352.3 ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the Shift Supervisor's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Deputies may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

352.3.1 INITIATED ACTIVITY
Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Lake County Sheriff's Office shall notify his/her supervisor or the Shift Supervisor and Central Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

352.4 REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.
Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

352.5 REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Supervisor.

352.6 MANDATORY SHARING
Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Division Commander or the authorized designee.

The documentation should include:

(a) The conditions relative to sharing.

(b) The training requirements for:
   1. The use of the supplies and equipment.
   2. The members trained in the use of the supplies and equipment.

(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Central Dispatch and the Shift Supervisor to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Manager should maintain documentation that the appropriate members have received the required training.
Registered Offender Information

356.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Lake County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

356.2 POLICY
Whenever this Sheriff's Office determines that it is necessary to provide information to the public regarding a person required to register as a sex offender pursuant to Penal Code § 290 in order to ensure the public safety, such information may only be released by means determined by the Sheriff to be appropriate (Penal Code § 290.45(a)(1)).

Deputies shall obtain approval from a supervisor prior to the public release of any information regarding a registered sex offender. Under exigent circumstances, a deputy may release the information without prior supervisory approval, however, a supervisor shall be notified of the information release as soon thereafter as is practical.

Included with all public disclosures of information about any registered sex offender will be a statement that the purpose of the release is to allow members of the public to protect themselves and their children from sex offenders (Penal Code § 290.45(a)(2)).

356.2.1 LIMITATIONS ON EXTENDED RELEASE
Individuals and entities receiving information regarding registered sex offenders may only be authorized to disclose such information to additional persons if the Sheriff's Office determines the appropriate scope and that such disclosure will enhance the public safety. The Sheriff's Office may not authorize any disclosure of such information by its placement on a non-Sheriff's Office Internet Web site (Penal Code § 290.45(c)(1)).

356.3 REGISTRATION
The Investigative Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).
The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

356.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

356.3.2 INFORMATION PERMITTED FOR INTERNET RELEASE
For those offenders listed in Penal Code § 290.46(c)(2) and (d)(2), the following information may be included on the Sheriff's Office Internet Web site:

(a) The offender's full name.
(b) The offender's known aliases.
(c) The offender's gender.
(d) The offender's race.
(e) The offender's physical description.
(f) The offender's photograph.
(g) The offender's date of birth.
(h) Crimes resulting in the registration of the offender under Penal Code § 290.
(i) The community of residence and ZIP Code in which the registrant resides or the county in which the person is registered as a transient.
(j) Any other information which the Sheriff's Office deems relevant, such as:
   1. Description of the offender's vehicle(s) or vehicle(s) the offender is known to drive (only if the offender is currently wanted for a criminal offense).
   2. Type of victim targeted by the offender.
   3. Relevant parole or probation conditions, such as prohibiting contact with children.
   4. Dates of crimes resulting in current classification.
   5. Dates of release from confinement.
   6. The offender's enrollment, employment, or vocational status with any university, college, community college, or other institution of higher learning.

For those offenders listed in Penal Code § 290.46(b)(2), the address at which the offender resides may also be included on the Sheriff's Office Internet Web site in addition to the above.

Before releasing the address of any offender, the deputy shall verify that the information is correct.
Registered Offender Information

356.3.3 USE OF DISCLOSURE FORMS
Whenever information regarding any sex offender is publicly disseminated, the deputy shall include with the disclosure a statement that the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders. A copy of this statement shall be promptly forwarded to the Investigation Unit (Penal Code § 290.45).

The release of such information shall also be noted by entering the notification into the comment field on the offender's Supervised Release File record.

356.3.4 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
In addition to the authority provided elsewhere within this policy, any campus police department or local agency having jurisdiction over any university, college, community college or other institution of higher learning may release the following information within the campus community regarding other registered sex offenders:

(a) The offender's full name.
(b) The offender's known aliases.
(c) The offender's gender.
(d) The offender's race.
(e) The offender's physical description.
(f) The offender's photograph.
(g) The offender's date of birth.
(h) Crimes resulting in the registration of the offender under Penal Code § 290.
(i) The date of last registration.

The release of any information pursuant to this section shall be strictly limited to that which is intended to reach persons only within the campus community. For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d)(1).

356.4 MONITORING OF REGISTERED OFFENDERS
The Investigative Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
(b) Review of information on the California DOJ website for sex offenders.
(c) Contact with a registrant’s parole or probation officer.

Any discrepancies should be reported to the California DOJ.
Registered Offender Information

The Investigative Bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Lake County Sheriff's Office personnel, including timely updates regarding new or relocated registrants.
Major Incident Notification

358.1 PURPOSE AND SCOPE
Incidents that are of significant nature and that fall into listed criteria require notification to certain members of the Sheriff's Office. It is critical that staff members are informed of certain incidents in order to apprise their superiors and properly address inquiries from members of the press.

358.2 MINIMUM CRITERIA FOR NOTIFICATION
Most situations where the media show a strong interest are also of interest to the Sheriff and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides
- Traffic accidents with fatalities
- Officer-involved shooting - on or off duty (see Officer-Involved Shootings and Deaths Policy for special notifications)
- Significant injury or death to employee - on or off duty
- Death of a prominent Lake County official
- Arrest of a department employee or prominent Lake County official
- Arrest of a peace officer from another agency
- Aircraft crash with major damage and/or injury or death
- In-custody deaths

358.2.1 DEATH OF MEMBER OR EMPLOYEE
It is the policy of the Lake County Sheriff's Office to establish various procedures which will be implemented in the event of the death of a member or employee (active or retired) of the Sheriff's Office. While a policy cannot cover all circumstances for every member or employee or that members or employees family, it will be the policy of the Lake County Sheriff's Office to provide as many of the services, herein described, as necessary and/or allowed or requested by the survivors. It is intended that this policy, or portions of it, can be used whether the member or employee dies as a result of performing his duties or while off duty. Depending on whether the deceased was a sworn (active or retired) member or employee, and whether the demise was an off-duty or on duty death, the participation of the Sheriff's Office may vary.

NOTIFICATION
In the event of the death of a member or employee, the ranking on-duty Deputy (Watch Commander or Field Supervisor) shall immediately notify the Sheriff. If the Sheriff is unavailable, the Undersheriff or a Captain shall be notified. Additionally, other Command Staff shall be notified (through the ranking on-duty Deputy) as soon as practical unless otherwise directed by the Sheriff.
or his designee. If the family of the deceased member or employee is not aware of the death, the Sheriff or his designee shall make notification as soon as is practical. The Sheriff or his designee may elect to be accompanied by other Sheriff's Office member(s), a close friend of the deceased, a Sheriff's Office Priest or Chaplain, a psychological services professional or a friend of the family.

(a) If the family members are located an extended distance from the agency, the Sheriff may want to request the assistance of another agency to make the initial notification. That allied agency will be assured that we will send a representative to assist as soon as is practical.

(b) At the appropriate time, the Sheriff or his designee shall provide information to the surviving family members about Chaplain program for the LCSO.

(c) The press releases about the death shall be handled as described in Policy 346 of this manual. Additionally, the Press Officer shall shield the family from the press, if so requested.

(d) If the remains of the deceased are located in a hospital, the ranking Sheriff's Office member at the hospital shall meet with hospital staff to arrange appropriate reception and waiting facilities for family members. The family members shall be allowed to view the deceased at the hospital if they so request.

1. Sheriff's Office transportation shall be provided to family members. If they desire to have their vehicle available they shall be provided a driver (if possible) who will drive that vehicle to the hospital. If they are transported in a Sheriff's vehicle, the radio traffic shall not be audible to them.

2. Members who transport family members under these circumstances shall notify the ranking member at the hospital prior to begin the transport.

3. The ranking officer shall update the family as soon as they arrive at the hospital. He or she, or a family liaison, shall remain with the family the entire time at the hospital to arrange whatever assistance they may require.

(e) The department WILL NOT make decisions for the family. If assigned, you may provide information and support that will allow them to make the necessary decisions.

(f) The Sheriff shall appoint a family liaison. The duties of that position will include involvement with the family at the earliest possible time. He or she shall provide all practical information and support to the family between the time of the death through the funeral.

358.2.2 THE FUNERAL
The emotional nature of a funeral service, particularly one associated with the death of a Law Enforcement Officer, demands the utmost compassion and sensitivity on behalf of the Sheriff's Office personnel. The welfare of the bereaved family is of primary concern. While the Sheriff's Office is interested in assisting the family during this difficult period and can provide many helpful
services, we must recognize the private and very personal nature of a funeral service. It is, therefore, important that in our desire to help, we do not unwittingly impose our services on the family. It is, however, within our scope and responsibility to assist with the funeral arrangements when so requested by the family. Some of the assistance that can be provided to the family (if requested) is as follows:

(a) **Pre-Funeral Arrangements:**

1. Depending on whether the deceased was a sworn (active or retired) member or employee of the Sheriff's Office, and whether the demise was an off-duty or on-duty death, a designated Command Officer, with the assistance of the family liaison, shall be responsible, prior to the member's funeral, for the following:

2. Offer the family a uniformed honor guard service, a conventional service, or, if the deceased has served in the active military, a full military service.

3. Secure flags, in order to present flags to the spouse and parents at the service. It is important that the parents receive a flag as well as the victim's immediate survivor.

4. Make the family aware of alternate churches with seating capacities large enough to accommodate attendance at the funeral. However, the family minister should officiate at the service.

5. See that the family is briefed on the funeral procedure, presentation of flag, playing of taps, etc.

6. The Sheriff's Office Press Officer shall handle the media throughout this traumatic ordeal. However, the family may decide to grant interviews. The assigned commanding officer will attend interviews (when possible) and screen questions so as not to jeopardize any upcoming legal proceeding.

358.2.3 **LOGISTICAL PLANNING - UNIFORMED CEREMONIES FOR FUNERALS**

It can be anticipated that large numbers of personnel, including ranking members of Law Enforcement agencies, will attend, particularly if the death was duty related. Certain logistical and operational concerns, therefore, must be addressed. These issues will be the responsibility of the Command Officer who was assigned pre-funeral arrangements.

(a) The ingress or egress of the Sheriff and Sheriff's Office Command Staff shall be pre-arranged.

(b) The procession (cortege) should normally consist of one Sheriff's Office Pursuit vehicle, the hearse, a family limousine(s), Command Staff vehicle(s), pursuit vehicles from all agencies participating, followed by the rest of the procession. A marked Sheriff's Office pursuit vehicle will be the last vehicle in the procession.

(c) Oversee arrangement for travel and lodging for out-of-town members of the family who will be attending the funeral.
(d) The liaison should be able to answer all questions by family members who arrive for the funeral, concerning the death and the continuing investigation.

(e) Have the service videotaped and either obtain copies of the press photographs or have a photographer photograph the services. These are invaluable for the officer's children or grand-children, who may not be old enough to remember the services.

(f) That the surviving parents are afforded recognition and will have the proper placement arranged for them during the funeral. If a badge or medal of valor is presented at a later date, the parents should also be considered recipients.

(g) Arrange for buglers.

(h) Transportation to be arranged for the family in the event that this is required.

(i) Conduct an on-site inspection of the place of burial:
   1. Make a diagram of the cemetery and surrounding areas.
   2. Determine where entrances to the cemetery are located, processional routes to the graveside and parking locations.
   3. Determine where the funeral coach and family's limousine(s) will stop.
   4. Determine where the family will be during the committal service and locations for the ceremonial unit, media, honor guards, pallbearers, family friends and citizens, and uniformed officers.

(j) Make parking arrangements.

(k) Arranging for and training ushers.

(l) Planning the formations at the church or chapel and graveside.

(m) Preparing maps showing the route and parking at the church/chapel and graveside.

(n) Preparing seating arrangements at the church or chapel and graveside.

(o) Schedule Deputies for parking, traffic control and security

358.2.4 BENEFIT ASSISTANCE
A number of benefits are available to survivors in the event of the death of a Law Enforcement employee. Some of these are similar to those offered by other types of jobs, while some are unique to Law Enforcement Officers.

The Sheriff shall appoint a "benefit coordinator" who will assist family members. This person can be the Command Officer assigned pre-funeral arrangements along with the family liaison. They will be available to assist the family in obtaining benefits from, but not limited to, the following:

(a) Public Employees Retirement System (PERS)

(b) Workers Compensation
Major Incident Notification

(c) Public Safety Officers Benefits Acts of 1976
(d) Social Security E. Veterans Administration
(e) County Insurance Policies
(f) Any other Insurance Policies, memberships, loan insurance, etc.
(g) Both Captains will keep information on the above named benefits and will review the material annually and update it as necessary.

358.2.5 SUMMARY
The death of a Law Enforcement member, or any other member of the Sheriff's Office, is not something that this agency wishes to experience. It is the position of the Sheriff’s Office that every practical consideration will be given to the surviving family in the event that this does occur. Conversely, if the family does not wish this assistance, that position will be respected.

358.3 SHIFT SUPERVISOR RESPONSIBILITY
The Shift Supervisor is responsible for making the appropriate notifications. The Shift Supervisor shall make reasonable attempts to obtain as much information on the incident as possible before notification. The Shift Supervisor shall attempt to make the notifications as soon as practicable. Notification should be made by calling the home telephone number first and then by any other available contact numbers.

358.3.1 STAFF NOTIFICATION
In the event an incident occurs described in the Major Incident Notification Policy, the Sheriff shall be notified along with the affected Division Commander and the Detective Lieutenant if that division is affected.

358.3.2 DETECTIVE NOTIFICATION
If the incident requires that a detective respond from home, the immediate supervisor of the appropriate detail shall be contacted who will then contact the appropriate detective.

358.3.3 PUBLIC INFORMATION OFFICER (PIO)
The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.
Death Investigation

360.1 PURPOSE AND SCOPE
The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

360.2 INVESTIGATION CONSIDERATIONS
Death investigation cases require certain actions be taken. Paramedics shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed). A supervisor shall be notified in all death investigations.

360.2.1 CORONER INQUEST
Government Code § 27491 and Health & Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner and cause of certain deaths. The Coroner shall be called in any of the following cases:

(a) Unattended deaths (No physician in attendance or during the continued absence of the attending physician. Also, includes all deaths outside hospitals and nursing care facilities).

(b) Deaths where the deceased has not been attended by either a physician or a registered nurse, who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746 in the 20 days prior to death.

(c) Physician unable to state the cause of death. Unwillingness does not apply. Includes all sudden, unexpected and unusual deaths and fetal deaths when the underlying cause is unknown.

(d) Known or suspected homicide.

360.2.2 SEARCHING DEAD BODIES
The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that a deputy is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to a deputy that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating deputy shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the deputy pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

360.2.3 DEATH NOTIFICATION
When practical, and if not handled by the Coroner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.
Death Investigation

360.2.4 UNIDENTIFIED DEAD BODIES
If the identity of a dead body cannot be established after the Coroner arrives, the Coroner’s office will issue a “John Doe” or “Jane Doe” number for the report.

360.2.5 DEATH INVESTIGATION REPORTING
All incidents involving a death shall be documented in RIMS.

(a) For standard Coroner’s investigations, members shall obtain as much facesheet information as possible. In addition to the Coroner's Report form, a narrative report shall be prepared including but not limited to:

1. Identification of the decedent
2. Information concerning decedent's activity during the 24 hours proceeding death.
3. Complete description of scene
4. Description of decedent including vital signs, trauma, etc.
5. Persons present at time of death
6. Medical treatment, if any, immediately prior to or at the time death
7. Brief chronology of medical history of decedent including current medications or therapies
8. Property seized or sealed
9. Call animal control (if a pet is present)
10. Disposition of remains
11. Identification of person pronouncing death

360.2.6 SUSPECTED HOMICIDE
If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the Investigations Unit shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

EVIDENCE
Any property or evidence related to the investigation or prosecution of any known or suspected criminal death known to the Coroner may be delivered to the appropriate law enforcement agency or District Attorney, receipt for which shall be acknowledged. All evidence taken will be handled as in any criminal matter. The investigating law enforcement agency may collect any evidence necessary, receipting same to the Deputy Coroner handling the case.

360.2.7 EMPLOYMENT RELATED DEATHS OR INJURIES
Any member of this agency who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident at or in connection with the victim's
employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

360.2.8 INFANT AND FETAL DEATHS

(a) SUDDEN INFANT DEATH SYNDROME

1. When investigating any child death suspected of being a Sudden Infant Death Syndrome death, the SIDS protocol shall be utilized. For purposes of this section, Sudden Infant Death Syndrome means the sudden death of any infant one year or younger that is unexpected by the history of the infant.

   (a) Government Code Section 2749.4 further requires that in addition to an autopsy the coroner must complete a Death Scene and Deputy Coroner Investigation Protocol. This protocol was designed to be utilized by researchers in the study of sudden infant death syndrome and its potential causes and indications. This protocol shall be completed in each sudden infant death investigation.

(b) FETAL DEATH

   (a) Fetal death means a death prior to the complete expulsion or extraction from its mother of a product of conception irrespective of the duration of pregnancy). The death is indicated by the fact that the fetus does not breathe or show any other evidence of life such as the beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles.

   (b) The disposition of a fetus of 20 weeks uterogestation or more requires a fetal death certificate and therefore should be treated as reportable death if the circumstances of the death of the fetus fall under the conditions listed in the definition of “Reportable Cases” in Section A.

   (c) The disposition of a fetus of less than 20 weeks uterogestation does not require a fetal death certificate, therefore would not be a reportable death.

360.2.9 IN CUSTODY DEATHS

It shall be the policy of the Sheriff's Office to conduct a comprehensive investigation of the circumstances leading up to, during, and following the death of an inmate, pursuant to the procedures set forth in this section and in conjunction with California Government Code §12525. Any death of a human or fetus of 20 weeks uterogestation or more, which is directly attributable to an inmate's confinement in the Lake County Jail, shall be considered an in custody death, for the purposes of these special investigation and reporting requirements.

NOTIFICATIONS

The Watch Commander/Sergeant shall ensure the timely notification of the Sheriff, Administrative Commander, Jail Commander, Investigations Lieutenant, and an Investigator from the Lake County District Attorney's Office.
INTERNAL DEATH INVESTIGATION

A Detective from the Investigations Unit shall conduct the death investigation. In addition to the requirements outlined in §360.2.5, the investigative report shall include the following:

- copies of all custody medical records related to the deceased
- copies of all Cell Check and other logs related to the deceased including his/her housing unit
- copies of the booking file, disciplinary actions, classification reports, etc., related to the deceased
- statements from all custody and CFMG staff involved with the incident
- statements any or all inmates likely to have information related to the incident

The Detective shall take custody of the deceased inmate's personal property, from both the housing cell and Property Room, to include any money held for the deceased in the custody account. The items shall be released to the Next of Kin and/or held for safe keeping.

If it is determined the death was the result of a crime, a separate criminal investigation shall be conducted by members of the Investigation Unit.

OUTSIDE INVESTIGATION

The District Attorney's Investigator(s) will conduct an independent investigation into the circumstances surrounding the death of any inmate in the custody of the Sheriff's Office. The purpose of the investigation will be to determine if Sheriff's Office policy and (Federal/State) law were followed, and if changes to policy would aid in the prevention of future inmate deaths. Full cooperation shall at all times be given to the District Attorney's Investigator(s) during the course of the investigation.

MANDATORY REPORTING

Pursuant to California Government Code §12525 it is mandatory to submit a report detailing all known facts concerning the death of a person in custody to the California Attorney General's Office within 10 days after the death. The report will be prepared by the Jail Commander or his/her designee and be sent to:

Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

(a) In an effort to maintain uniformity in reporting, deputies presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:

1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides. The deputy shall take a report, regardless of jurisdiction, if requested by the victim.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of the Sheriff's Office should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting divisions, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting deputy should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate deputy OR detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Private Persons Arrests

364.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

364.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all deputies shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;

(b) When the person arrested has committed a felony, although not in his or her presence;

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike deputies, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.4 DEPUTY RESPONSIBILITIES
Any deputy presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)
(1). The deputy must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person’s arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever a deputy determines that there is reasonable cause to believe that a private person’s arrest is lawful, the deputy may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

364.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person’s Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

366.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

366.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

366.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Investigation Division Commander.

(c) By the tenth day of each month, it shall be the responsibility of the Investigation Division Commander to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

368.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Lake County Sheriff's Office, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY
It is the policy of the Lake County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR
The Sheriff shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Enforcement Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:
Limited English Proficiency Services

(a) Coordinating and implementing all aspects of the Lake County Sheriff's Office's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Central Dispatch Manager. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS
Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:
Limited English Proficiency Services

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE
Lake County Sheriff’s Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual’s primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.
Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other County departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.9 AUTHORIZED INTERPRETERS
Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.
(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS
The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other County departments.
• Individuals employed exclusively to perform interpretation services.
• Contracted in-person interpreters, such as state or federal court interpreters, among others.
• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.
Limited English Proficiency Services

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Lake County Sheriff's Office will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Central Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.
Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.
368.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.
The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.18.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Manager shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS
Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

370.2 POLICY
It is the policy of the Lake County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Enforcement Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the County ADA coordinator regarding the Lake County Sheriff's Office's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Central Dispatch Manager. The list should include information regarding the following:

1. Contact information

2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
370.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Lake County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE
Lake County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
370.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual
Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
370.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.
(b) Procedures for accessing qualified interpreters and other available resources.
(c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
(b) ASL syntax and accepted abbreviations.
(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Central Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

372.1 PURPOSE AND SCOPE

DNA Samples

374.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the collection of DNA evidence from those individuals required to provide such samples under the DNA Fingerprint, Unsolved Crime and Innocence Protection Act, and the State of California DNA Data Bank Program (Penal Code § 295, et seq.).

374.2 POLICY
While the courts may order DNA samples taken in a variety of circumstances under the Act, members of this department are only authorized to obtain DNA samples from the following individuals absent other lawful means (e.g., consent or a search warrant).

Only those qualifying individuals whose DNA sample is not currently on file with the Department of Justice may be required to provide samples. Verification of DNA samples on file may be determined by a DNA collection flag on the individual's criminal history record or, during regular business hours, by calling the Department of Justice designated DNA laboratory at (510) 620-3300. All DNA collection flags should be verified by contacting DOJ prior to the collection of the sample (Penal Code § 298(b)(5)).

It is a misdemeanor for any qualified individual to refuse to give any or all required DNA samples following written notice of the requirement to do so (Penal Code § 298.1(a)).

374.2.1 ARRESTEES
Any adult arrested or charged with any felony offense is required to provide DNA samples. DNA samples should be collected immediately following arrest, or during the booking process, or as soon as administratively practicable after arrest but in any case prior to release on bail or other physical release from custody (Penal Code § 296.1(a)(1)(A)).

374.2.2 SEX AND ARSON REGISTRANTS
Any adult or juvenile who is required to register as a sex offender under Penal Code § 290 or arsonist under Penal Code § 457.1, including those whose registration resulted from a qualifying misdemeanor crime is required to submit a DNA sample. (Penal Code § 296(a)(3)).

At the time that any such registrant registers, updates registration, or is notified by the Department of Justice or other law enforcement officer, an appointment shall be made designating the time and place for the collection of DNA samples if no such sample has already been provided (Penal Code § 296.2(c)).

374.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
DNA Samples

(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.

(c) An adult arrested or charged with any felony.

374.3.1 BLOOD SAMPLES
The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. Blood samples obtained for submission to the Department of Justice DNA lab shall be placed in Department of Justice blood vials (Penal Code § 298(a) and (b)(2)). A right thumbprint shall be placed on the sample vial along with other required identifying information.

374.3.2 BUCCAL SWABS
Buccal swab samples (taken from the inside of the mouth) may only be procured by employees who have successfully completed Sheriff's Office approved training in the collection of buccal swabs and with the use of Department of Justice buccal swab collectors. (Penal Code § 298(a) and (b)(3)). A right thumbprint shall be placed on the collector along with other required identifying information.

(Note: If an individual violently resists or presents other officer safety issues, employees may omit buccal swab samples upon approval of a supervisor.)

374.3.3 FULL PALM PRINTS
Full palm print impressions shall be obtained on Department of Justice prescribed forms along with all DNA samples. (Penal Code § 298(b)(4)).

374.3.4 USE OF FORCE TO OBTAIN SAMPLES
If, after a written or oral request, a qualified individual refuses to provide any or all of the required DNA samples, a sworn member of the Sheriff's Office may use reasonable force to obtain such sample(s) under the following conditions:

(a) Prior to the use of reasonable force, the deputy(s) shall take and document reasonable steps to secure voluntary compliance (Penal Code § 298.1(c)(1)(C)).

(b) Prior to the use of reasonable force, the deputy(s) shall obtain written authorization from a supervisor which shall minimally include that the individual was asked to provide the sample(s) and refused (Penal Code § 298.1(c)(1)(B)).

(c) If the authorized use of reasonable force includes a cell extraction, such extraction shall be video recorded (Penal Code § 298.1(c)(1)(D)).

For the purpose of this section, the "use of reasonable force" shall be defined as the force that an objective, trained and competent deputy faced with similar facts and circumstances would consider necessary and reasonable to gain compliance. (Penal Code § 298.1(c)(1)(A)).
374.4 PROCEDURE
All DNA samples and related materials shall be promptly forwarded to the DNA Lab using DOJ mailing tubes, labels and instructions for prompt analysis. (Penal Code § 298(a) and (b)(1)).

374.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

374.4.2 FOLLOW UP NOTICE TO DOJ
Within two years of submitting any DNA specimen, sample or impression to the Department of Justice, the Sheriff’s Office shall notify DOJ whether the individual remains a suspect in a criminal investigation (Penal Code § 297(c)(2)). It shall be the responsibility of the Department of Justice to thereafter purge samples of any individual(s) who are no longer a suspect in any criminal investigation from the DNA database.

374.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, deputies should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.

(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.

(c) The judge at the person’s next court appearance.

(d) The person’s attorney.

(e) A chaplain.

(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.

(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.
The supervisor shall review and approve any plan to use force and be present to document the process.

374.6 LITIGATION
The Sheriff or authorized designee shall immediately notify the Department of Justice DNA Legal Unit at (415) 703-5892 in the event the Sheriff's Office is named in a lawsuit involving the DNA Data Bank sample collection, sample use, or any aspect of the state’s DNA Data Bank Program.

374.7 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR § 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.

Chaplains

(g) Completing and disseminating, as appropriate, all necessary paperwork and information.

(h) Planning periodic recognition events.

(i) Maintaining liaison with other agency chaplain coordinators.

An evaluation of the overall use of chaplains will be conducted on an annual basis by the coordinator.

376.7 DUTIES AND RESPONSIBILITIES
Chaplains assist the Department, its members and the community, as needed. Assignments of chaplains will usually be to augment the Enforcement Division. Chaplains may be assigned to other areas within the Department as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person’s intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Lake County Sheriff's Office.

376.7.1 COMPLIANCE
Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteer Program Policy and other applicable policies.

376.7.2 OPERATIONAL GUIDELINES

(a) Chaplains will be scheduled to be on-call for a period of seven consecutive days during each month, beginning on Monday and ending on the following Sunday.

(b) Generally, each chaplain will serve with Lake County Sheriff's Office personnel a minimum of eight hours per month.

(c) At the end of each watch the chaplain will complete a chaplain shift report and submit it to the Sheriff or the authorized designee.

(d) Chaplains shall be permitted to ride with deputies during any shift and observe Lake County Sheriff's Office operations, provided the Shift Supervisor has been notified and has approved the activity.

(e) Chaplains shall not be evaluators of members of the Department.

(f) In responding to incidents, a chaplain shall never function as a deputy.
(g) When responding to in-progress calls for service, chaplains may be required to stand-by in a secure area until the situation has been deemed safe.

(h) Chaplains shall serve only within the jurisdiction of the Lake County Sheriff's Office unless otherwise authorized by the Sheriff or the authorized designee.

(i) Each chaplain shall have access to current department member rosters, addresses, telephone numbers, duty assignments and other information that may assist in his/her duties. Such information will be considered confidential and each chaplain will exercise appropriate security measures to prevent distribution of the data.

376.7.3 ASSISTING DEPARTMENT MEMBERS
The responsibilities of a chaplain related to department members include, but are not limited to:

(a) Assisting in making notification to families of members who have been seriously injured or killed and, after notification, responding to the hospital or home of the member.

(b) Visiting sick or injured members in the hospital or at home.

(c) Attending and participating, when requested, in funerals of active or retired members.

(a) Fostering familiarity with the role of law enforcement in the community.
(b) Providing an additional link between the community, other chaplain coordinators and the Department.
(c) Providing liaison with various civic, business and religious organizations.
(d) Promptly facilitating requests for representatives or leaders of various denominations.
(e) Assisting the community in any other function as needed or requested.
(f) Making referrals in cases where specialized attention is needed or in cases that are beyond the chaplain's ability to assist.

376.7.6 CHAPLAIN MEETINGS
All chaplains are required to attend scheduled meetings. Any absences must be satisfactorily explained to the chaplain coordinator.

376.8 PRIVILEGED COMMUNICATIONS
No person who provides chaplain services to members of the Department may work or volunteer for the Lake County Sheriff's Office in any capacity other than that of chaplain.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Lake County Sheriff's Office member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

380.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Lake County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.
(b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST
Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

380.4 DEPENDENT WELFARE SERVICES

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.3.4 SUPPORT AND COUNSELING REFERRAL

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or department adult, the handling deputy should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car or taken into formal protective custody.
Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING
The Training Manager is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Service Animals

382.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY
It is the policy of the Lake County Sheriff's Office to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with
schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.4 INQUIRIES AND COMPLAINTS
Under the Americans with Disabilities Act, people with disabilities have the right to be accompanied by service animals in all public areas and the Lake County Sheriff's Office considers interference with or denial of this right by any member of the Sheriff's Office to be a serious violation of this policy. Complaints alleging violations of this policy against any Sheriff's Office employee will be promptly investigated and should be referred to the Professional Standards Unit.

382.5 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Lake County Sheriff's Office affords to all members of the public (28 CFR 35.136).

382.5.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

382.5.2 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.5.3 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a deputy may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).
Service Animals

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

382.5.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Volunteer Program

384.1 PURPOSE AND SCOPE
It is the policy of the Sheriff's Office to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Sheriff's Office and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn deputies and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase Sheriff's Office responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Sheriff's Office and prompt new enthusiasm.

384.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve deputies, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

384.2 VOLUNTEER MANAGEMENT
The Volunteer Coordinator shall be appointed by the Administration Division Commander.

(a) The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Sheriff's Office staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions. The Volunteer Coordinator, or his or her designee, shall be responsible for the following:

1. Recruiting, organizing background checks, DMV checks, selecting and training qualified volunteers for various positions.
2. Facilitating the implementation of new volunteer activities and assignments.
3. Maintaining records for volunteers.
4. Tracking and evaluating the contribution of volunteers.
5. Outlining expectations, policies and responsibilities for all volunteers.
6. Maintaining a record of volunteer schedules and work hours.
7. Completion and dissemination as appropriate of all necessary paperwork and information.
8. Planning periodic recognition events.
9. Administering discipline when warranted.
10. Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

384.2.1 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with Sheriff's Office policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Sheriff's Office in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.2 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment

(c) References

(d) Credit check

A truth verification exam may be required of each applicant depending on the type of assignment.

384.2.3 SELECTION AND PLACEMENT
Service as a volunteer with the Sheriff's Office shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Sheriff's Office, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Sheriff's Office. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Sheriff's Office.
384.2.4 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Sheriff's Office, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn deputies or other full-time members of the Sheriff's Office. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Sheriff's Office.

384.2.5 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by the Sheriff's Office regarding drug and alcohol use.

384.2.6 DRESS CODE
As representatives of the Sheriff's Office, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to Sheriff's Office-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn deputies. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official Sheriff's Office assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he or she is off duty. See 1046.5

Volunteers shall be required to return any issued uniform or Sheriff's Office property at the termination of service.
384.3 SUPERVISION OF VOLUNTEERS
Volunteers who are accepted to a position with the Sheriff’s Office must have a clearly identified supervisor for the management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or Sheriff’s Office policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by Sheriff’s Office policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Sheriff’s Office. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Sheriff’s Office, or maintain that they represent the Sheriff’s Office in such matters without permission from the proper Sheriff’s Office personnel.

384.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be kept at all times while on-duty. Any fixed and portable equipment issued by the Sheriff’s Office shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Sheriff’s Office and shall be returned at the termination of service.

384.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:
Volunteer Program

(a) A driving safety briefing and Sheriff’s Office approved driver safety course.
(b) Verification that the volunteer possesses a valid California Driver License.
(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Sheriff's Office vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Sheriff's Office vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating "Out of service" or "Volunteer Service" and are not authorized to operate a Sheriff's Office vehicle Code-3.

384.5.2 RADIO AND MDT/MDC USAGE
 Volunteers shall successfully complete radio procedures training prior to using the Sheriff’s Office radio and comply with all related provisions. Volunteers shall successfully complete CLETS training prior to using the Sheriff's Office radio in a such a capacity that they would have access to restricted information.

The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

Volunteers are permitted to use the Sheriff's Office radio:

(a) to notify Central Dispatch when they are on and off duty
(b) to notify Central Dispatch when they are transporting
(c) to notify Central Dispatch or other Sheriff's Office member of any pertinent information
(d) to report a traffic accident
(e) to report a crime in progress
(f) to report a fire
(g) to report a medical emergency
(h) to report a suspected drunk driver
(i) to report other suspicious circumstances
(j) to report any other perceived emergency

384.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an
opportunity solely to clear his or her name through a liberty interest hearing which shall be limited to a single appearance before the Sheriff or authorized designee.

Volunteers are subject to the provisions set forth in policy §340 Disciplinary Policy.

Volunteers may resign from volunteer service with the Sheriff's Office at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

**384.6.1 EXIT INTERVIEWS**
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Sheriff's Office.

**384.7 EVALUATION**
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

386.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Lake County Sheriff's Office with respect to taking law enforcement action while off-duty.

386.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any sworn member of the Sheriff's Office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

386.3 FIREARMS
Deputies of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty deputies shall also carry their department-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the deputy’s senses or judgment.

386.4 DECISION TO INTERVENE
There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

(b) The inability to communicate with responding units.
(c) The lack of equipment, such as handcuffs, OC or baton.  
(d) The lack of cover.  
(e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.  
(f) Unfamiliarity with the surroundings.  
(g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

386.4.1 INTERVENTION PROCEDURE  
If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty deputy is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Lake County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

386.4.2 INCIDENTS OF PERSONAL INTEREST  
Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

386.4.3 CIVILIAN RESPONSIBILITIES  
Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

386.4.4 OTHER CONSIDERATIONS  
When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

386.5 REPORTING  
Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Shift Supervisor as soon as practicable. The Shift Supervisor shall determine whether a report should be filed by the employee.

Gun Violence Restraining Orders

391.3 GUN VIOLENCE RESTRAINING ORDERS
A deputy who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission from his/her supervisor to petition the court for a gun violence restraining order.

Deputies petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). If it is not practical under the circumstances to submit a written petition, a deputy may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

391.3.1 ADDITIONAL CONSIDERATIONS

If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

(a) The deputy serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.

(b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:

Marine Patrol

401.1 PURPOSE AND SCOPE

It shall be the policy of the Lake County Sheriff's Office Marine Division to promote compliance with the California marine statutes. The Marine Division will be actively involved in public education on both group and individual levels. The Division will assist and support outside agencies, including, but not limited to, The County of Lake Department of Water Resources, California Department of Fish & Game and Coast Guard Auxiliary toward this end. 401.11 BOATING UNDER THE INFLUENCE (BUI)
The Lake County Sheriff's Office recognizes the potential dangers inherent in operating vessels while under the influence of alcohol and/or drugs. It also recognizes that sobriety checkpoints on our waterways are an effective countermeasure to detect, deter and apprehend boaters that
are under the influence. Boating under the influence (B.U.I.) Checkpoints will be conducted on a periodic basis and/or when areas are identified to have a high incidence of alcohol related accidents or arrests consistent with safety considerations.

401.11.1 PURPOSE
The purpose of this policy is to provide guidelines for the physical construction and operation of a boating under the influence checkpoint. The goal of the checkpoint will be maximizing its deterrent effect by increasing the perceived risk of apprehension of boaters who would operate a vessel while impaired by alcohol or drugs, while minimizing the severity of the interference with individual liberty.

401.11.2 IMPLEMENTATION
The Enforcement Division Commander will ensure that the Marine Patrol Unit complies with the following restrictions:

(a) Conduct sobriety checkpoints with a minimum amount of intrusion or inconvenience to the boating public.
(b) Assure the safety of the general public and of the participating law enforcement officers.
(c) Objectively select a sobriety check point location based on relevant data.
(d) Provide for public information and education to maximize the deterrent effect and heighten awareness of the impaired boat operator problem.
(e) Provide a systematic procedure for both data collection and post checkpoint reporting to insure consistency with checkpoint guidelines.
(f) Select participating law enforcement officers based on relevant training, skills, and experience.
(g) Conduct a thorough briefing of participating deputies on operational guidelines prior to the beginning of the operation.
(h) Provide advance notice to the general public as to the time, date and location of the checkpoint.

401.11.3 GUIDELINES - GENERAL
(a) B.U.I. Checkpoints shall be conducted by personnel assigned to the Marine Patrol Unit, with assistance from other law enforcement agencies. They may be supplemented by Deputies from other assignments within the Sheriff's Office, when necessary.
(b) The Marine Patrol supervisor shall give no less than one day notice to the Press Information Officer for dissemination to the general public. This notice shall consist
of two media releases. One that is a general announcement and a second which will contain the location of the B.U.I. checkpoint.

(c) Appropriate warning buoys and other related safety equipment shall be maintained by the Marine Patrol Unit supervisor. If the equipment is not functional or the warning messages are not legible they shall not be used during the operation.

(d) The Marine Patrol Supervisor shall conduct a briefing for all personnel assigned to operate the B.U.I. checkpoint. The Marine Patrol Supervisor shall provide such personnel with required guidelines and procedures as well as answer questions concerning the operation.

(e) Frequency and Duration of B.U.I. Checkpoints

1. Checkpoints should be conducted during the peak boating season (May - October). Additional checkpoints may be conducted based on special circumstances or data collection and evaluation.

2. The duration of the checkpoint operation shall normally be four hours, but shall not exceed six hours.

3. All checkpoints shall be conducted during daylight hours and at no time after sunset.

(f) Site Selection - The Marine Patrol Supervisor shall select the site for the checkpoint operation. The selection shall be based on one or more of the following factors.

1. Area of high alcohol-related arrests or accidents.
2. Area of high vessel usage.
3. Safe flow of vessels through the checkpoint.
4. Maximum visibility of the location from each direction.
5. Sufficient area to conduct vessel screenings in a safe manner.
6. Area void of natural or manmade hazards or obstructions to safe navigation.

Once the site is selected, the Marine Patrol supervisor shall prepare a map or diagram of the checkpoint operations area. This map or diagram shall be utilized by personnel assigned to the checkpoint during the briefing and attached to the checkpoint activity form.

401.11.4 PHYSICAL CONSTRUCTION OF B.U.I. CHECKPOINTS

(a) All B.U.I. checkpoints established by the Lake County Sheriff's Office shall strive for consistency with accepted procedures regarding the use of warning buoys, warning signs and other safety equipment or warning devices that may be required. These warning devices shall provide the public with sufficient indicia of legitimacy.
401.11.5 STAFFING REQUIREMENTS AND RESPONSIBILITIES

(a) Team Leader

1. The checkpoint team shall be comprised of one supervisor (team leader) and enough officers to effectively operate the checkpoint. The exact number may vary depending on personnel availability and the site location.

2. The supervisor (team leader) may designate one of the Deputies as an assistant team leader.

3. The team leader will be responsible for the overall operation of the checkpoint and ensure adherence to court guidelines. In addition the team leader shall be responsible for:
   (a) Preparation of the Operational Plan.
   (b) Preparation of two Media Releases publicizing the checkpoint.

   (f) Assure that the checkpoint count sheets are completed and returned.
   (g) Prepare the checkpoint activity summary report.

(b) Initial Contact Officer

(a) Each B.U.I. checkpoint should have at least one peace officer, typically operating personal watercraft (PWC). These officers shall be utilized to contact boaters entering the checkpoint.

(b) The initial contact officer(s) will contact the boat operators as they pass the inner buoy line and inform them that they have entered a B.U.I checkpoint. They will then direct them to an available checkpoint screening vessel.

(c) Initial contact officers shall contact every vessel that passes the second or interior line of warning buoys. If a boat operator should decide to turn around and leave prior to passing the second line of warning buoys, they shall be allowed to do so.

(b) Placement of the warning buoys shall be dependent on the location of the checkpoint. Generally two lines of buoys will be set at least two hundred feet (200') apart. In all cases the warning buoys will be placed in such a way as to maximize their visibility to oncoming traffic.
(d) In addition the initial contact officers will be responsible for:

(a) Maintenance of the traffic control equipment and integrity of the buoy lines. Assuring that the printed warning banners are visible to on coming boaters at all times.

(b) Monitoring the overall traffic flow and reporting back up problems to the team leader for possible implementation of alternative screening measures to alleviate delays. (Refer to Contingency Plans for further details)

(c) Screening Officers

1. There shall be a minimum of two distinctively marked law enforcement vessels, staffed by a minimum of two personnel per vessel. An operator and a screener or contact officer.

2. All vessels, regardless of type, will be subject to screening.

3. Vessels shall not be stopped on a discretionary basis, e.g. due to the looks of the vessel. However, this does not preclude stopping a vessel when the operator exhibits obvious signs of intoxication or when any other violation is observed.

4. When making initial contact with vessels, screening officers should scan the interior and occupants, for weapons and/or contraband. Upon determining no obvious hazard exists, the screening officer should greet the boat operator and advise that this is a boating under the influence checkpoint. If there are no articulable signs of impairment, the operator should be handed an information pamphlet, thanked for stopping and allowed to continue.

5. The focus of the operation is on the detection of operators that are impaired due to drugs and alcohol. Vessel registration should not normally be requested during the initial screening. Optimally, screening should not take more than 30 seconds.

6. Each screening officer shall be responsible for maintaining a vessel count sheet, as per instructions and submitting same to the team leader at the termination of the operation.

401.11.6 ENFORCEMENT ACTIONS

(a) Enforcement action should be limited to B.U.I., drugs, and serious criminal violations. For most safety equipment and registration violations a verbal warning should be given. If the violation presents a serious safety hazard, the operator should be directed to remove the vessel from the water, make repairs, or obtain required equipment. (6550.5(d) Title 14 Termination Authority - Unsafe Conditions)
(b) When articulable signs or behavior normally associated with B.U.I. are observed, the operator will be directed to put on an approved PFD (personal flotation device) and will be transferred to the patrol vessel for field sobriety testing, unless said testing cannot be completed safely on the patrol vessel.

(c) If the operator fails the field sobriety tests he/she may be placed under arrest and transported for chemical testing and booking.

(d) One officer will be designated to administer all evidentiary breath tests.

(e) The officer will be designated to transport the arrested operator for evidentiary blood testing and booking at the Hill Road Correctional Facility.

401.11.7 CONTINGENCY PLANS

(a) The screening procedure will be dependent on traffic backups / delays. The team leader, through the initial contact officer shall continually monitor the traffic flow.

1. In the event of backup / delays occur, the following screening phases will be utilized:
   (a) Phase One - Every vessel
   (b) Phase Two - Every second vessel
   (c) Phase Three - Every third vessel

2. In the event a piece(s) of the checkpoint equipment fails or is damaged and can not be repaired within ten (10) minutes, the checkpoint will be terminated.
   (a) During this time all approaching vessels to the checkpoint will be directed through the checkpoint. The only exception will be if an operator is noticed to be obviously impaired.

3. At no time will the checkpoint continue to operate when any of the following conditions exist:
   (a) During periods of dense fog.
   (b) When visibility is less than 1000 feet.
   (c) During rain.
   (d) Anytime no screening officer is left at the location.
   (e) Anytime the team leader feels that the location is unsafe for vessels, officers, due to an unforeseeable event(s).

406.2 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

406.3 SEARCHES
Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.3.1 CONSENT
When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.4 POLICY
It is the policy of the Lake County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

406.5 SCENE RESPONSIBILITY
The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

Crisis Response Unit/SWAT

408.1 PURPOSE AND SCOPE
The Crisis Response Unit (CRU) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics Team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General’s Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

408.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY
The Policy Manual sections pertaining to the Crisis Response Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to Sheriff’s Office personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

408.1.2 SWAT TEAM DEFINED
A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

408.2 LEVELS OF CAPABILITY/TRAINING

408.2.1 LEVEL I
A level I SWAT team is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level deputies. This does not include ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g. active shooter response). Generally 5% of the basic team’s on-duty time should be devoted to training.

408.2.2 LEVEL II
A level II, Intermediate level SWAT team is capable of providing containment and intervention. Additionally, these teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At
least 5% of their on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team.

408.2.3 LEVEL III
A Level III, Advanced level SWAT team is a SWAT team whose personnel function as a full-time unit. Generally 25% of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

408.3 POLICY
It shall be the policy of the Sheriff's Office to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

(a) Command and Control
(b) Containment
(c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

408.3.1 POLICY CONSIDERATIONS
A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to the Sheriff's Office. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

408.3.2 ORGANIZATIONAL PROCEDURES
The Sheriff's Office shall develop a separate written set of organizational procedures which should address, at minimum, the following:

(a) Locally identified specific missions the team is capable of performing.
(b) Team organization and function.
(c) Personnel selection and retention criteria.
(d) Training and required competencies.
(e) Procedures for activation and deployment.
(f) Command and control issues, including a clearly defined command structure.
(g) Multi-agency response.
Crisis Response Unit/SWAT

(h) Out-of-jurisdiction response.

(i) Specialized functions and supporting resources.

408.3.3 OPERATIONAL PROCEDURES

The Sheriff's Office shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to CRU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

(a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
   1. All SWAT team members should have an understanding of operational planning.
   2. SWAT team training should consider planning for both spontaneous and planned events.
   3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.

(b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
   1. When possible, briefings should include the specialized units and supporting resources.

(c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.

(d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.

(e) The appropriate role for a trained negotiator.

(f) A standard method of determining whether or not a warrant should be regarded as high-risk.

(g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

(h) Post incident scene management including:
   1. Documentation of the incident.
   2. Transition to investigations and/or other units.
3. Debriefing after every deployment of the SWAT team.
   
   (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
   
   (b) Such debriefing should not be conducted until involved deputies have had the opportunity to individually complete necessary reports or provide formal statements.
   
   (c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
   
   (d) When appropriate, debriefing should include specialized units and resources.
       
       (i) Sound risk management analysis.

       (j) Standardization of equipment deployed.

408.4 TRAINING NEEDS ASSESSMENT
The SWAT/CRU Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, Sheriff's Office policy and the training guidelines as established by POST (11 C.C.R. § 1084).

408.4.1 INITIAL TRAINING
SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

(a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed Sheriff's Office requirements or POST standardized training recommendations.

408.4.2 UPDATED TRAINING
Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training as certified by POST, or its equivalent, every 24 months.

408.4.3 SUPERVISION AND MANAGEMENT TRAINING
Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.
Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

408.4.4 SWAT ONGOING TRAINING
Training shall be coordinated by the CRU Commander. The CRU Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

(a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.

(b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.

(c) Those members who are on vacation, ill, or are on light duty status with a doctor’s note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.

(d) Quarterly, each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT Basic Drill for the handgun. Failure to qualify will require that officer to seek remedial training from a team range master approved by the CRU Commander. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

(e) Each SWAT team member shall complete the quarterly SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from the Rangemaster who has been approved by the CRU commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

408.4.5 TRAINING SAFETY
Use of a designated safety officer should be considered for all tactical training.
408.4.6  SCENARIO BASED TRAINING
SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

408.4.7  TRAINING DOCUMENTATION
Individual and team training shall be documented and records maintained by the Professional Standards Bureau. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

408.5  UNIFORMS, EQUIPMENT, AND FIREARMS

408.5.1  UNIFORMS
SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

408.5.2  EQUIPMENT
SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

408.5.3  FIREARMS
Weapons and equipment used by SWAT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

408.5.4  OPERATIONAL READINESS INSPECTIONS
The CRU Commander shall appoint a CRU supervisor to perform operational readiness inspections of all unit equipment at least quarterly. The result of the inspection will be forwarded to the CRU Commander in writing. The inspection will include personal equipment issued to members of the unit, operational equipment maintained in the CRU facility and equipment maintained or used in CRU vehicles.

408.6  MANAGEMENT/SUPERVISION OF CRISIS RESPONSE UNIT

The following procedures serve as directives for the administrative operation of the Crisis Negotiation Team.

408.7.1 SELECTION OF PERSONNEL

Interested sworn personnel, who have served a minimum of one year as a full time employee (Deputy Sheriff, Correctional Officer, or Communications Operator) with the Lake County Sheriff’s Office, shall submit a Letter of Interest to their Division Commander. 408.7.2 TRAINING OF NEGOTIATORS

Those deputies selected as members of the Negotiation Team should attend the Basic Negotiators Course as approved by the Commission on Peace Officer Standards and Training (POST) prior to
primary use in an actual crisis situation. Untrained deputies may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the Negotiation Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the unit.

408.8 SWAT TEAM ADMINISTRATIVE PROCEDURES
The Special Weapons and Tactics (SWAT) Team was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics in such situations as cases where suspects have taken hostages and/or barricaded themselves as well as prolonged or predictable situations in which persons armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the Special Weapons and Tactics Team.

408.8.1 SELECTION OF PERSONNEL
Interested sworn personnel who are off probation shall submit a Letter of Interest to their Division Commander, a copy of which will be forwarded to the CRU Commander and other SWAT supervisors. (e) A list of successful applicants shall be submitted to staff, by the CRU Commander, for final selection.

408.8.2 TEAM EVALUATION
Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the unit shall be conducted by the CRU Commander. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all SWAT Team members. Any member of the SWAT Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the team.

408.9 OPERATION GUIDELINES FOR CRISIS RESPONSE UNIT
The following procedures serve as guidelines for the operational deployment of the Crisis Response Unit. Generally, the Special Weapons and Tactics Team and the Crisis Negotiation Team will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the Crisis Negotiation Team such as warrant service operations. This shall be at the discretion of the CRU Commander.

408.9.1 ON-SCENE DETERMINATION
The supervisor in charge on the scene of a particular event will assess whether the Crisis Response Unit is to respond to the scene. Upon final determination by the Watch Commander, he or she will notify the CRU Commander.

Once the Incident Commander authorizes deployment, the CRU Commander will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security, and support for the Crisis Response Unit. The Incident Commander and the CRU Commander (or his or her designee) shall maintain communications at all times.

410.3 DEPUTY'S RESPONSIBILITY
The deputy shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Deputies shall consider the safety of the ride-along at all times. Deputies should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another sheriff's unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

(f) Under no circumstance shall a civilian ride along be permitted to enter a private residence with a deputy without the expressed consent of the resident or other authorized person.
Hazardous Material Response

412.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).

(b) Notify the Fire Department.

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).

(f) Notify the Department of Toxic Substances Control. This is mandatory when a deputy comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

412.3 REPORTING EXPOSURE(S)
Sheriff's Office personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.
Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

412.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Sheriff's Office will be obtained through the Fire Department.
Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

   (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

   (b) Unlawfully held against his/her will under threat or actual use of force.

414.2 POLICY
It is the policy of the Lake County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION
When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS
Only a deputy who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,
Hostage and Barricade Incidents

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

(a) The deputy reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The deputy reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

414.4 FIRST RESPONDER CONSIDERATIONS

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
Hostage and Barricade Incidents

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

414.4.2 HOSTAGE SITUATION
Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
Hostage and Barricade Incidents

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit (CRU) response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.
(h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Central Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

414.6 CRU RESPONSIBILITIES
The Incident Commander will decide, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

416.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Lake County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY
It is the policy of the Lake County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

416.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

416.4.1 LAKE COUNTY SHERIFF'S OFFICE FACILITY
If the bomb threat is against the Lake County Sheriff's Office facility, the Shift Supervisor will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's department, as he/she deems appropriate.

416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Lake County Sheriff's Office that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.
416.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the County of Lake County, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting sheriff's assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE
The Shift Supervisor should be notified when sheriff's assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
Response to Bomb Calls

(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

416.6 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
(i) Promptly relay available information to the Shift Supervisor including:
   1. The time of discovery.
Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

416.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CONSIDERATIONS
Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:
   (a) Assess the scope of the incident, including the number of victims and extent of injuries.
   (b) Request additional personnel and resources, as appropriate.
   (c) Assist with first aid.
   (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
   (e) Assist with the safe evacuation of victims, if possible.
   (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
   (g) Preserve evidence.
   (h) Establish an outer perimeter and evacuate if necessary.
   (i) Identify witnesses.

416.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate
Response to Bomb Calls

416.7.3 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Mental Illness Commitments

418.1 PURPOSE AND SCOPE
This policy provides guidelines for when deputies may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

418.2 POLICY
It is the policy of the Lake County Sheriff's Office to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

418.3 AUTHORITY
A deputy having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the deputy believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, deputies are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

418.3.1 VOLUNTARY EVALUATION
If a deputy encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the deputies should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.

(b) If at any point the person changes his/her mind regarding voluntary evaluation, deputies should proceed with the 5150 commitment, if appropriate.

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES
Any deputy handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:
Mental Illness Commitments

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Deputies should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person’s personal property, the deputy shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The deputy taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the deputy shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

418.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting deputy should have Central Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Shift Supervisor approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported
Mental Illness Commitments

and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

418.7 DOCUMENTATION
The deputy shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for deputy involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 ADVISEMENT
The deputy taking a person into custody for evaluation shall advise the person of:

(a) The deputy’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the deputy must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The deputy should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

418.8 CRIMINAL OFFENSES
Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

(a) Arrest the individual when there is probable cause to do so.
Mental Illness Commitments

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

(c) Facilitate the individual’s transfer to jail.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling deputies should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling deputies shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Deputies shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

418.10 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Cite and Release Policy

420.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

420.2 POLICY
It is the policy of the Lake County Sheriff's Office to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

420.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing deputy shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting deputy should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

420.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Shift Supervisor or the authorized designee.

420.4 NON-RELEASE
420.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

420.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Shift Supervisor may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Lake County Sheriff's Office shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).
(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

(a) Previous failure to appear is on record
(b) The person lacks ties to the area, such as a residence, job, or family
(c) Unusual circumstances lead the deputy responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Shift Supervisor for approval and included with the case file in the Records Bureau.

420.5 MISDEMEANOR WARRANTS
An adult arrested on a misdemeanor warrant may be released, subject to Shift Supervisor approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence
(b) The misdemeanor cited in the warrant involves a firearm
(c) The misdemeanor cited in the warrant involves resisting arrest
(d) The misdemeanor cited in the warrant involves giving false information to a peace deputy
(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics
Cite and Release Policy

(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety

(g) The person has other ineligible charges pending against him/her

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person

(i) The person refuses to sign the notice to appear

(j) The person cannot provide satisfactory evidence of personal identification

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear

Release under this section shall be done in accordance with the provisions of this policy.

420.6 JUVENILE CITATIONS
Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

• Misdemeanor traffic violations of the Vehicle Code
• Violations of the Lake County County codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Investigative Bureau for further action including diversion.

420.7 REQUESTING CASE NUMBERS
Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude a deputy from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.
Foreign Diplomatic and Consular Representatives

422.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Lake County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 POLICY
The Lake County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

422.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
422.4 ENFORCEMENT
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
   1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
   1. Diplomatic-level staff of missions to international organizations and recognized family members
   2. Diplomatic agents and recognized family members
   3. Members of administrative and technical staff of a diplomatic mission and recognized family members
   4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:
   1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
   2. Support staff of missions to international organizations
   3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
   4. Honorary consular officers
   5. Whenever a deputy arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the deputy shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the deputy shall begin the notification process.
422.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

424.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies in situations that call for rapid response and deployment.

424.2 POLICY
The Lake County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the deputies have the ability to effectively communicate with other personnel or resources.
(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

424.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.5 PLANNING
The Enforcement Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
424.6 TRAINING
The Training Manager should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   1. This should include the POST terrorism incident training required for deputies assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

428.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Lake County Sheriff's Office relating to immigration and interacting with federal immigration officials.

428.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person’s presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person’s presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

428.2 POLICY
It is the policy of the Lake County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

428.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity or national origin in any way that would violate the United States or California constitutions.

428.4 DETENTIONS AND ARRESTS
A deputy shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials.
to verify whether the United States Attorney General has granted the individual permission for
reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No
individual who is otherwise ready to be released should continue to be detained only because
questions about the individual’s status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully
detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to
prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense
(Government Code § 7284.6).

A deputy shall not detain any individual, for any length of time, for any other criminal immigration
violation of federal immigration laws (Government Code § 7284.6).

A deputy should notify a supervisor as soon as practicable whenever an individual is arrested for
violation of 8 USC § 1326(a).

428.4.1 SWEEPS

The Lake County Sheriff’s Office does not independently conduct sweeps or other concentrated
efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given
to all suspected violations and not just those affecting a particular race, ethnicity, age, gender,
sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation, arrest), while discretionary in each case,
shall not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion
or socioeconomic status.

428.4.2 IDENTIFICATION

Whenever any individual is reasonably suspected of a criminal violation (infraction, misdemeanor
or felony), the investigating deputy should take reasonable steps to determine the person’s identity
through valid identification or other reliable sources.

If an individual would have otherwise been released for an infraction or misdemeanor on a citation,
the person should be given a reasonable opportunity to verify his/her true identity (e.g., telephone
calls). If the person’s identity is thereafter reasonably established, the original citation release
should be completed without consideration of immigration status.

428.4.3 ARREST

If the deputy intends to take enforcement action and the individual is unable to reasonably establish
his/her true identity, the deputy may take the person into custody on the suspected criminal
violation (see Vehicle Code § 40302a, and Penal Code § 836, if pertinent to the circumstances).
428.4.4 SUPERVISOR RESPONSIBILITIES
When notified that a deputy has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.
(b) Transfer the person to jail.

428.5 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

428.6 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

428.6.1 TRANSFERS TO IMMIGRATION AUTHORITIES
Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
(c) The individual is a current registrant on the California Sex and Arson Registry.
(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

428.6.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Investigative Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Records Bureau Supervisor for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the [Records Bureau] Policy).
428.7 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigative Bureau supervisor assigned to oversee the handling of any related case. The Investigative Bureau supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

428.7.1 POLICE REPORTS
Upon request, a deputy or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

428.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by a deputy in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by a deputy in order for a T visa to be issued.
Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigative Bureau supervisor assigned to oversee the handling of any related case. The Investigative Bureau supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

428.9 HUMAN TRAFFICKING T-VISA
Deputies and their supervisors who are assigned to investigate a case of human trafficking shall complete the above process and documents needed for a T-Visa application within 15 business days of the first encounter with the victim, whether or not it is requested by the victim (Penal Code § 236.5).

428.10 TRAINING
The Training Manager shall ensure that all appropriate members receive immigration training.
Patrol Rifles

432.1 PURPOSE AND SCOPE
In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the Lake County Sheriff's Office will make patrol rifles available to qualified patrol deputies as an additional and more immediate tactical resource.

432.2 PATROL RIFLE

432.2.1 DEFINITION
A patrol rifle is an authorized weapon which is owned by the Sheriff's office and which is made available to properly trained and qualified deputies as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Sheriff and the Sheriff's Office armorer.

432.3 SPECIFICATIONS
Only weapons and ammunition that meet agency authorized specifications, approved by the Sheriff, and issued by the Sheriff's Office may be used by deputies in their law enforcement responsibilities. The authorized patrol rifle issued by the Sheriff's Office is the Ruger Mini 14. AR-15. or other rifle approved by the Sheriff.

432.4 RIFLE MAINTENANCE
(a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster or armorer who shall inspect and service each patrol rifle on a monthly basis.
(b) Each patrol deputy carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
(c) Each patrol deputy shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.
(d) Each patrol rifle shall be subject to inspection by a supervisor, the Rangemaster or Armorer at any time.
(e) No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster or armorer.

432.5 TRAINING
Deputies shall not carry or utilize the patrol rifle unless they have successfully completed Sheriff's Office training. This training shall consist of an initial 8-hour patrol rifle user's course and qualification score with a certified patrol rifle instructor. Deputies shall thereafter be required to successfully complete training and qualification as directed by a certified patrol rifle instructor.
432.6 DEPLOYMENT OF THE PATROL RIFLE
Deputies may deploy the patrol rifle in any circumstance where the deputy can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the deputy reasonably anticipates an armed encounter
(b) When a deputy is faced with a situation that may require the delivery of accurate and effective fire at long range
(c) Situations where a deputy reasonably expects the need to meet or exceed a suspect's firepower
(d) When a deputy reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage
(e) When a deputy reasonably believes that a suspect may be wearing body armor
(f) When authorized or requested by a supervisor

432.7 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Sheriff's Office Deadly Force Policy, Policy Manual § 300.

432.8 PATROL READY
Any qualified deputy carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned deputy, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

432.9 RIFLE STORAGE
(a) While on duty and not in use, the patrol rifle will be secured in the patrol car rifle lock. If no rifle lock is available, the rifle will be secured in the vehicle out of sight from the general public and the vehicle will be locked at all times when not in use.
(b) While off duty, the patrol rifle will be stored in accordance with policy §312.3.2.
Aircraft Accidents

433.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

433.1.1 DEFINITIONS
Definitions related to this policy include:

**Aircraft** - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY
It is the policy of the Lake County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 ARRIVAL AT SCENE
Deputies or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
433.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
Aircraft Accidents

(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

433.8 DOCUMENTATION
All aircraft accidents occurring within the County of Lake County shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of LCSO members deployed to assist; other County resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.8.1 WRECKAGE
When reasonably safe, members should:
(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.

(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should
Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.

(e) Monitor individual FTO performance
(f) Monitor overall FTO Program
(g) Maintain liaison with FTO coordinators of other agencies
(h) Maintain liaison with academy staff on recruit performance during the academy
(i) Develop ongoing training for FTOs

The FTO Program supervisor will be required to successfully complete a POST approved Field Training Administrator’s Course within one year of appointment to this position (11 CCR 1004(c)).

435.4 TRAINEE DEFINED
Any entry level or lateral sheriff's deputy newly appointed to the Lake County Sheriff's Office who has successfully completed a POST approved Basic Academy.

435.5 REQUIRED TRAINING
Entry level deputies shall be required to successfully complete the Field Training Program, consisting of a minimum of 10 weeks (11 CCR 1004; 11 CCR 1005).

The training period for a lateral deputy may be modified depending on the trainee’s demonstrated performance and level of experience. A lateral deputy may be exempt from the Field Training Program requirement if the deputy qualifies for an exemption as provided in 11 CCR 1005(a)(B).

To the extent practicable, entry level and lateral deputies should be assigned to a variety of Field Training Officers, shifts, and geographical areas during their Field Training Program.

435.5.1 FIELD TRAINING MANUAL
Each new deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as a deputy with the Lake County Sheriff's Office. The deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations adopted by the Lake County Sheriff's Office.

435.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.
435.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO Coordinator on a daily basis.
(b) Review the Daily Trainee Performance Evaluations with the trainee each day.
(c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.
(d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

435.6.2 FIELD TRAINING ADMINISTRATOR
The Field Training Administrator will review and approve the Daily Trainee Performance Evaluations submitted by the FTO through his/her immediate supervisor.

435.6.3 TRAINEE
At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

435.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the deputy's training files and will consist of the following:

(a) Daily Trainee Performance Evaluations
(b) End of phase evaluations
(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training
Obtaining Helicopter Assistance

437.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

437.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or deputy in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Shift Supervisor, or his/her designee, will call the closest agency having helicopter support available. The Shift Supervisor on duty will apprise that agency of the specific details of the incident prompting the request.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements
(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for deputies on the ground.
Contacts and Temporary Detentions

439.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

439.1.1 DEFINITIONS
Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person’s freedom of movement.

439.2 POLICY
The Lake County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.
Contacts and Temporary Detentions

439.3 FIELD INTERVIEWS
Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Lake County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

439.3.1 INITIATING A FIELD INTERVIEW
When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
(b) Actions suggesting that he/she is engaged in a criminal activity
(c) Presence in an area at an inappropriate hour of the day or night
(d) Presence in a particular area is suspicious
(e) Carrying of suspicious objects or items
(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
(g) Location in proximate time and place to an alleged crime
(h) Physical description or clothing worn that matches a suspect in a recent crime
(i) Prior criminal record or involvement in criminal activity as known by the deputy

439.4 PAT-DOWN SEARCHES
Once a valid stop has been made, and consistent with the deputy’s training and experience, a deputy may pat a suspect’s outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single deputy.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect’s use of force and/or propensity to carry weapons.
(e) The actions and demeanor of the suspect.
Contacts and Temporary Detentions

(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon. Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

439.5 FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

439.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the deputy should have the individual read and sign the appropriate form accompanying the photograph.

439.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.5.3 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Bureau.
Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

439.5.4 SUPERVISOR RESPONSIBILITIES
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

439.6 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Lake County Sheriff's Office members.
   1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Criminal Organizations

441.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Lake County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS
Definitions related to this policy include:

**Criminal intelligence system** - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY
The Lake County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.

(b) Use of every criminal intelligence system is appropriately reviewed and audited.

(c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any
supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Bureau Supervisor may not purge such documents without the approval of the designated supervisor.

441.3.2 GANG DATABASES
No member of this department shall make entries into a shared criminal gang intelligence database, such as CALGANG®.

441.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

441.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Bureau or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, Central Dispatch records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.
Criminal Organizations

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

441.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Manager to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile’s name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS
The Investigative Bureau supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:

1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING
The Training Manager should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Mobile Audio/Video

444.1 PURPOSE AND SCOPE
The Lake County Sheriff's Office has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist deputies in the performance of their duties. This policy provides guidance on the use of these systems.

444.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

444.2 POLICY
It is the policy of the Lake County Sheriff's Office to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

444.3 DEPUTY RESPONSIBILITIES
Prior to going into service, each deputy will properly equip him/herself to record audio and video in the field. At the end of the shift, each deputy will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each deputy should have adequate recording media for the entire duty assignment. In the event a deputy works at a remote location and reports in only periodically, additional recording media may be issued.

At the start of each shift, deputies should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training. If the system is malfunctioning, the deputy shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

444.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and
should be activated manually by the deputy whenever appropriate. When audio is being recorded, the video will also record.

444.4.1 REQUIRED ACTIVATION OF MAV
Members shall activate their recorder any time they come in contact with a member of the public, in connection with their official duties, or if he/she believes it would be appropriate or valuable to record an incident.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

444.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if a deputy is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

444.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other deputies or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Sheriff or the authorized designee for the purpose of conducting a criminal or administrative investigation.

444.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Central Dispatch.

At reasonable intervals, supervisors should validate that:

(a) Beginning and end-of-shift recording procedures are followed.
Mobile Audio/Video

(b) Logs reflect the proper chain of custody, including:

1. The tracking number of the MAV system media.
2. The date it was issued.
3. The law enforcement operator or the vehicle to which it was issued.
4. The date it was submitted.
5. Law enforcement operators submitting the media.
6. Holds for evidence indication and tagging as required.

(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

Supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of a deputy.

444.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

(a) For use when preparing reports or statements
(b) By a supervisor investigating a specific act of deputy conduct
(c) By a supervisor to assess deputy performance
(d) To assess proper functioning of MAV systems
(e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Supervisor. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

444.6 DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the deputy's report.

444.7 RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of one year after which time it may be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

444.7.1 COPIES OF ORIGINAL RECORDING MEDIA
Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Sheriff or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

444.7.2 MAV RECORDINGS AS EVIDENCE
Deputies who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the deputy or against the Lake County Sheriff's Office should indicate the existence of the MAV in an appropriate report. Deputies should ensure relevant recordings are preserved.
444.8 SYSTEM OPERATIONAL STANDARDS

(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.

(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

(c) The MAV system may not be configured to record audio data occurring prior to activation.

(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating deputy's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

(e) Deputies using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.

(g) Deputies shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

444.9 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.
Portable Audio/Video Recorders

448.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Lake County Sheriff's Office facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

448.2 POLICY
The Lake County Sheriff's Office may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Sheriff's Office by accurately capturing contacts between members of the Sheriff's Office and the public.

448.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

448.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, LCSO identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.
Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

448.4.1 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).

448.5 ACTIVATION OF THE PORTABLE RECORDER
Members shall activate their recorder any time they come in contact with a member of the public, in connection with their official duties, or if he/she believes it would be appropriate or valuable to record an incident.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

448.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER
Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Sheriff or the authorized designee.

448.5.2 CESSATION OF RECORDING
Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).
Portable Audio/Video Recorders

448.5.3 EXPLOSIVE DEVICE
Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

448.6 PROHIBITED USE OF PORTABLE RECORDERS
Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

448.6.1 PROHIBITED USE OF BIOMETRIC SURVEILLANCE SYSTEM
The installation, activation, or use of biometric surveillance systems, including facial recognition, in connection with portable recorders is prohibited (Penal Code § 832.19).

448.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS
To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

(a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
(b) A complainant, victim or witness has requested non-disclosure.
(c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
(d) Disclosure may be an unreasonable violation of someone’s privacy.
(e) Medical or mental health information is contained.
(f) Disclosure may compromise an undercover officer or confidential informant.
Portable Audio/Video Recorders

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

448.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Sheriff or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

448.9 COORDINATOR
The Sheriff or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.

(b) Designating persons responsible for downloading recorded data.

(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.

(d) Establishing a system for tagging and categorizing data according to the type of incident captured.

(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.
Portable Audio/Video Recorders

(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.

(g) Maintaining logs of access and deletions of recordings.

448.10 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incidents involving use of force by a deputy

(b) Officer-involved shootings

(c) Incidents that lead to the detention or arrest of an individual

(d) Recordings relevant to a formal or informal complaint against a deputy or the Lake County Sheriff’s Office

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

448.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.
Medical Marijuana

450.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

450.1.1 DEFINITIONS
Definitions related to this policy include:

**Cardholder** - A person issued a current identification card.

**Compassionate Use Act (CUA)** (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

**Identification card** - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

**Medical marijuana** - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

**Medical Marijuana Program (MMP)** (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

**Patient** - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

**Primary caregiver** - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

**Statutory amount** - No more than 8 ounces of dried, mature, processed female marijuana flowers (“bud”) or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
450.2 POLICY
It is the policy of the Lake County Sheriff's Office to prioritize resources to forgo making arrests related to marijuana that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Lake County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

450.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

450.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the deputy should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

450.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Deputies who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

450.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the deputy reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or, delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Deputies are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Deputies should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Deputies should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

450.3.4 ADDITIONAL CONSIDERATIONS

Deputies should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, deputies may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, deputies should consider the following when determining whether the form and amount is reasonably related to the patient's needs:

1. The amount of marijuana recommended by a medical professional to be ingested.

2. The quality of the marijuana.

3. The method of ingestion (e.g., smoking, eating, nebulizer).

4. The timing of the possession in relation to a harvest (patient may be storing marijuana).

5. Whether the marijuana is being cultivated indoors or outdoors.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, deputies should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

450.3.5 EXCEPTIONS
This policy does not apply to, and deputies should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):

1. In any place where smoking is prohibited by law.

2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.

3. On a school bus.

4. While in a motor vehicle that is being operated.

5. While operating a boat.
Medical Marijuana

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

450.3.6 EVIDENCE COLLECTION

(a) If the investigating Deputy has determined the individual has violated Health & Safety Code 11357,11358 and or 11359, the Deputy shall collect and process evidence as follows.

1. Collect and seize all marijuana and evidence pertaining to the investigation.

(b) Health & Safety Code 11479 states;

1. At least five random and representative samples have been taken in addition to one 10 pound sample, for evidentiary purposes, from the total amount of suspected controlled substances (marijuana) to be destroyed.
2. Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance to be destroyed.
3. The gross weight of the suspected controlled substance had been determined, either by actually weighing the suspected controlled substance or by estimating that weight after dimensional measurement of the total suspected controlled substance.
4. The Sheriff of the County of Lake has determined that it is not reasonably possible to preserve the suspected controlled substance in place, or to remove the suspected controlled substance to another location. In making this determination, the difficulty of transporting and storing the suspected controlled substance to another site and the storage facilities may be taken into consideration.
5. If the above requirements above have been met, the Deputy shall complete a County of Lake Affidavit in Support of Destruction of Controlled Substance in Excess of Required amount.(Health & Safety Code 11479) and present such order to a Magistrate of the Superior Court, County of Lake.

450.3.7 FIELD DESTRUCTION

Field destruction of a marijuana plant occurs when a marijuana plant is physically eradicated and left at the site instead of being transported from the scene for disposal or storage at a Sheriff's Office facility. Field destruction of marijuana is permitted under either of the following circumstances:

(a) the marijuana cannot be seized without sacrificing the safety of the deputies
(b) the marijuana has not reached maturity
**Medical Marijuana**

Action taken in accordance with this section shall be documented in the investigative report.

450.3.8 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Deputies should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

450.4 FEDERAL LAW ENFORCEMENT

Deputies should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the deputy believes those authorities would have a particular interest in the information.

450.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigative Bureau supervisor.

450.6 CLAIM REQUIREMENT NOT MET

(a) The marijuana should be seized and booked as evidence, and the deputy should proceed with normal enforcement action.

(b) The handling deputy shall complete a timely report which will be submitted to the District Attorney with all of the aforementioned documentation for a determination of whether the medicinal marijuana defense will apply.
450.7 RETURN OF MARIJUANA
(a) Regardless of the prosecution status or disposition of any related criminal case, this department will not be responsible for the return of any marijuana seized as evidence except as may be required by a valid court order (Cal. Health and Safety Code § 11473.5 and 21 U.S.C. § 885(d)).
(b) Marijuana booked as safekeeping that is documented to meet the claim requirements may be released without a court order upon presentation of satisfactory identification and a valid marijuana recommendation from a physician.

450.8 LAKE COUNTY CODE NO. 2997 ENFORCEMENT
No deputy shall enforce Lake County Ordinance No. 2997 or conduct summary abatement actions thereunder without the express written consent from the property owner or resident, nor conduct inspections or abatements under Lake County Ordinance No. 2997 by entering real property without a warrant, unless doing so is necessary to prevent immediate physical harm to persons or property, the destruction of evidence for a criminal case, or the escape of a criminal suspect.
Foot Pursuit Policy

456.1 PURPOSE AND SCOPE
This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

456.1.1 POLICY
It is the policy of the Sheriff’s Office when deciding to initiate or continue a foot pursuit that deputies must continuously balance the objective of apprehending the suspect with the risk and potential for injury to Sheriff’s Office personnel, the public or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of Sheriff's Office personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and Sheriff's Office personnel.

456.2 DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Deputies may be justified in initiating a foot pursuit of any individual the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a deputy should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.
Foot Pursuit Policy

(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

456.3 GENERAL GUIDELINES
When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
(b) The deputy is acting alone.
(c) Two or more deputies become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
(d) The deputy is unsure of his/her location and direction of travel.
(e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.
(f) The physical condition of the deputy renders him/her incapable of controlling the suspect if apprehended.
(g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.
(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
(i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to deputies or the public.
(j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.
Foot Pursuit Policy

(k) The deputy loses possession of his/her firearm or other essential equipment.
(l) The deputy or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
(m) The suspect’s location is no longer definitely known.
(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
(o) The deputy’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

456.4 RESPONSIBILITIES IN FOOT PURSUITS

456.4.1 INITIATING DEPUTY RESPONSIBILITIES
Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputy unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct
Foot Pursuit Policy

further actions as reasonably appear necessary, to include requesting medical aid as needed for deputies, suspects or members of the public.

456.4.2 ASSISTING DEPUTY RESPONSIBILITIES
Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

456.4.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

456.4.4 CENTRAL DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved deputies.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Shift Supervisor as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

456.5 REPORTING REQUIREMENTS
The initiating deputy shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and deputies.
Foot Pursuit Policy

(f) Whether a suspect was apprehended as well as the means and methods used.

1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.

(g) Arrestee information, if applicable.

(h) Any injuries and/or medical treatment.

(i) Any property or equipment damage.

(j) Name of the supervisor at the scene or who handled the incident.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.

456.6 POLICY

It is the policy of this department that deputies, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances.
Homeless Persons

462.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Lake County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Lake County Sheriff's Office will address these needs in balance with the overall mission of this department. Therefore, deputies will consider the following when serving the homeless community.

462.1.1 POLICY
It is the policy of the Lake County Sheriff's Office to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

462.2 HOMELESS COMMUNITY LIAISON
The Sheriff will designate a member of this department to act as the Homeless Liaison Deputy. The responsibilities of the Homeless Liaison Deputy include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist deputies in understanding current legal and social issues relating to the homeless.
462.3 FIELD CONTACTS
Deputies are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

462.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
(b) Document places the homeless person may frequent.
(c) Provide homeless victims with victim/witness resources when appropriate.
(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.
(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

462.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a
supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Deputy. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Deputy.

Deputies who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Deputy if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Deputy to address the matter in a timely fashion.

462.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT
Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

462.6 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Public Recording of Law Enforcement Activity

463.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

463.2 POLICY
The Lake County Sheriff’s Office recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

463.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the deputies.
   4. Being so close to the activity as to interfere with a deputy’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the deputies, him/herself or others.

463.4 DEPUTY RESPONSE
Deputies should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

463.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

463.6 SEIZING RECORDINGS AS EVIDENCE
Deputies should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Crisis Intervention Incidents

464.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

464.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

464.2 POLICY
The Lake County Sheriff’s Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

464.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

**464.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS**
The Sheriff should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

**464.5 FIRST RESPONDERS**
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy’s authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

   1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.

**464.6 DE-ESCALATION**

Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

**464.7 INCIDENT ORIENTATION**

When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/Attempts, and whether there has been previous sheriff's response.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
464.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.
(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

464.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

464.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

464.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS
Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person’s behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the
person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

464.11 EVALUATION
The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, deputies or incidents and will be submitted to the Sheriff through the chain of command.

464.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with mentally disabled persons, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Suspicious Activity Reporting

465.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

465.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

465.2 POLICY
The Lake County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

465.3 RESPONSIBILITIES
The Investigation Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Division Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
Suspicious Activity Reporting

(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

465.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

465.5 HANDLING INFORMATION

The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Investigative Bureau supervisor
- Crime Analysis Unit
- Other authorized designees
Medical Aid and Response

466.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

466.2 POLICY
It is the policy of the Lake County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

466.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Central Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Central Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex, and age, if known.
   4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
Medical Aid and Response

466.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

466.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

466.6 MEDICAL ATTENTION RELATED TO USE OF FORCE
Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

466.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are
Medical Aid and Response

victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Enforcement Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

• Responsibility and authority for designating a landing zone and determining the size of the landing zone.
• Responsibility for securing the area and maintaining that security once the landing zone is identified.
• Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
• Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
• Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
• Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

• Never approach the aircraft until signaled by the flight crew.
• Always approach the aircraft from the front.
• Avoid the aircraft’s tail rotor area.
• Wear eye protection during landing and take-off.
• Do not carry or hold items, such as IV bags, above the head.
• Ensure that no one smokes near the aircraft.

466.8  AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

466.8.1  AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Manager who is responsible for ensuring appropriate maintenance.
Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Central Dispatch as soon as possible and request response by EMS.

466.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

466.8.3 AED TRAINING AND MAINTENANCE
The Training Manager should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Manager is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

466.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

466.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Manager.

Any member who administers an opioid overdose medication should contact Central Dispatch as soon as possible and request response by EMS.

466.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Manager will ensure that the Records Bureau Supervisor is provided enough information to meet applicable state reporting requirements.

466.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Manager should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).
Medical Aid and Response

466.9.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION
The Training Manager shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

466.9.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT
Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

466.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS
The Enforcement Division Commander may authorize the acquisition of epinephrine auto-injectors for use by Department members as provided by Health and Safety Code § 1797.197a. The Training Manager shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

466.10.1 EPINEPHRINE USER RESPONSIBILITIES
Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact Central Dispatch as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

466.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING
Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Manager should ensure that the Records Bureau Supervisor is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

466.10.3 EPINEPHRINE AUTO-INJECTOR TRAINING
The Training Manager should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.
Medical Aid and Response

466.11 FIRST AID TRAINING
The Training Manager should ensure deputies receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

466.12 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy’s training.
First Amendment Assemblies

467.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

467.2 POLICY
The Lake County Sheriff’s Office respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

467.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

467.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

467.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Central Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

467.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

467.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

467.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with County government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
First Amendment Assemblies

467.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

467.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

467.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

467.8 ARRESTS
The Lake County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:
   (a) Reasonable measures to address the safety of deputies and arrestees.
   (b) Dedicated arrest, booking and report writing teams.
   (c) Timely access to medical care.
   (d) Timely access to legal resources.
   (e) Timely processing of arrestees.
   (f) Full accountability for arrestees and evidence.
   (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

467.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

467.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
467.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, Central Dispatch records/tapes
(g) Media accounts (print and broadcast media)

467.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

467.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

468.1 PURPOSE AND SCOPE
This policy provides members of the Lake County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

468.2 POLICY
The Lake County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

468.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
468.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.
(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

468.4.1 STANDBY REQUESTS

Deputy responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

468.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

468.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
Civil Disputes
Automated License Plate Readers (ALPRs)

469.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

469.2 POLICY
The policy of the Lake County Sheriff's Office is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

469.3 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Lake County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Division Commander. The Administration Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

469.3.1 ALPR ADMINISTRATOR
The Administration Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.
Automated License Plate Readers (ALPRs)

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.

469.4 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the deputy should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

469.5 DATA COLLECTION AND RETENTION
The Administration Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

469.6 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Lake County Sheriff’s Office will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):
Automated License Plate Readers (ALPRs)

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

469.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the Administration Division Commander or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

469.8 TRAINING
The Training Manager should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Chapter 5 - Traffic Operations
Vehicle Towing and Release

508.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Lake County Sheriff's Office. Nothing in this policy shall require the Department to tow a vehicle.

508.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

508.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should to be given to the tow truck operator and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

508.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Central Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call the official towing garage for the County of Lake County. The deputy will then store the vehicle using a CHP Form 180.

508.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high-crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:
Vehicle Towing and Release

- Traffic-related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the Department will not be responsible for theft or damages.

508.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the deputy shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The deputy shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the deputy shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

508.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

508.2.6 DISPATCHER'S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

508.3 TOWING SERVICES
The Lake County Sheriff's Office periodically selects firms to act as the official tow services and these firms will be used, on a rotational basis, in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
Vehicle Towing and Release

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

508.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

508.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

508.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
Vehicle Towing and Release

2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.

4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

(d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Impound Hearings

510.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

510.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Lake County Sheriff's Office, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code §§ 22650(a) and 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

510.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Watch Commander will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations
where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department’s policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.

1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department’s expense (Vehicle Code § 22852(e)).

(c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving and Evidence Collection

513.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

513.2 POLICY
The Lake County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

513.3 INVESTIGATIONS
Deputies should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All deputies are expected to enforce these laws with due diligence.

513.4 FIELD TESTS
The Watch Commander should identify the primary field sobriety tests (FSTs) and any approved alternate tests for deputies to use when investigating violations of DUI laws.

513.5 DUI TURN-OVERS

POLICY
The Lake County Sheriff's Office shall investigate any suspected DUI drivers(s) brought to his or her attention while on duty. However, Sheriff's Office enforcement personnel who find themselves on a possible DUI enforcement stop shall have the option of requesting the jurisdictional agency respond and handle the DUI investigation.

PROCEDURE

(a) When a driver is exhibiting signs of operating a motor vehicle while under the influence of any alcoholic beverage and/or narcotic, a deputy may request the jurisdictional agency respond to conduct the DUI investigation.

(b) The responding agency MUST agree with taking over the initial enforcement stop including conducting the DUI investigation.

(c) If the jurisdictional agency responds for the DUI investigation, the deputy shall not administer any Field Sobriety Tests or take any further enforcement action.

(d) Lake County Sheriff's Office personnel who in fact turnover any DUI to another agency shall write an INCIDENT REPORT in RIMS, closing the report as INFORMATION ONLY. The report must be completed prior to the end of the shift, unless otherwise approved by a supervisor.

(e) A copy of the report shall be forwarded to the arresting agency as soon as possible.
513.6 CHEMICAL TESTS
A person is deemed to have consented to a chemical test or tests under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

(b) The person is under 21 years of age and is arrested by a deputy having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by a deputy having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

(e) The person is dead, unconscious or otherwise in a condition that renders him/her incapable of refusal (Vehicle Code § 23612(a)(5)).

513.6.1 CHOICE OF TEST
A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the deputy shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the deputy may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

513.6.2 BREATH TEST
The Watch Commander should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Watch Commander.

When the arrested person chooses a breath test, the handling deputy shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).
The deputy should also require the person to submit to a blood test if the deputy has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the deputy's belief shall be included in the deputy's report (Vehicle Code § 23612(a)(2)(C)).

513.6.3 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:
(a) A search warrant has been obtained (Penal Code § 1524); or
(b) The [officer/deputy] can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person’s blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

513.6.4 BLOOD TEST
Only persons authorized by law to withdraw blood shall collect blood samples (Vehicle Code § 23158). The withdrawal of the blood sample should be witnessed by the assigned deputy. No deputy, even if properly certified, should conduct the blood withdrawal.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

If an arrestee cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant, he/she shall not be required to take a blood test. Such inability to take a blood test should not be treated as a refusal. However, the person may be required to complete another available and viable test.

513.6.5 URINE TESTS
If a urine test will be performed, the person should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff of the same sex as the person giving the sample. The person tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the specimen (Vehicle Code § 23158(i)).

The collection kit shall be marked with the person's name, offense, Lake County Sheriff's Office case number and the name of the witnessing deputy. The collection kit should be refrigerated pending transportation for testing.

513.7 REFUSALS
When a person refuses to provide a viable chemical sample, deputies should:

(a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio-record the admonishment and the response if practicable.

(c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

513.7.1 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524); or

(b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol in the person's blood stream. Exigency can be established by the existence of special facts such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

513.7.2 FORCED BLOOD SAMPLE
If a person indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the person to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the withdrawal is taken in a medically approved manner.

(e) Ensure the forced withdrawal is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied is reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood being withdrawn may be permitted.

(g) Ensure the use of force and methods used to accomplish the blood sample draw are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

513.8 ARREST AND INVESTIGATION

513.8.1 WARRANTLESS ARREST
In addition to the arrest authority granted to deputies pursuant to Penal Code § 836, a deputy may make a warrantless arrest of a person that the deputy has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

513.8.2 STATUTORY WARNING
A deputy requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

513.8.3 PRELIMINARY ALCOHOL SCREENING
Deputies may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The deputy shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The deputy shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

513.8.4 PRELIMINARY ALCOHOL SCREENING FOR MINORS
If a deputy lawfully detains a person under 21 years of age who is driving a motor vehicle and the deputy has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the deputy shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not
Impaired Driving and Evidence Collection

immediately available, the deputy may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the deputy shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

513.8.5 DEPUTY RESPONSIBILITIES
The deputy serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).

(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

513.9 RECORDS BUREAU RESPONSIBILITIES
The Records Bureau Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

513.10 ADMINISTRATIVE HEARINGS
The supervisor will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any deputies who receive notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Deputies called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified. The Records Bureau should forward this to the prosecuting attorney as part of the case file.

513.11 TRAINING
The Training Manager should ensure that deputies participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Manager should confer with the prosecuting attorney's office and update training topics as needed.
Traffic Citations

515.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

515.2 RESPONSIBILITIES
The Watch Commander shall be responsible for the development and design of all Sheriff's Office traffic citations in compliance with state law and the Judicial Council.

The Records Bureau shall be responsible for the supply and accounting of all traffic citations issued to employees of the Sheriff's Office.

515.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Bureau Manager. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Bureau Manager may request the Enforcement Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the deputy may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Enforcement Division Commander for review.

515.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Bureau.

515.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Traffic Bureau. The Traffic Bureau shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.
515.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of the Sheriff's Office shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with the Sheriff's Office, all employees issued traffic citations books shall return any unused citations to the Records Bureau.

515.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

515.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the Traffic Bureau who will review written/documentary data. Requests for administrative reviews are available at the front desk or Traffic Bureau of the Lake County Sheriff's Office. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal must be mailed to the current mailing address of the processing agency.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. Independent referees review the existent administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

515.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.

(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking (Violation Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code
Traffic Citations

§ 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

515.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must pay the full amount due for the citation, or provide satisfactory proof of their inability to pay, before receiving an administrative hearing.

(c) An appeal through Superior Court requires prior payment of filing costs including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

515.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Traffic Functions and Enforcement

518.1 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating deputy overall performance (Vehicle Code § 41603). The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

518.1.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

518.1.2 CITATIONS
Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

518.1.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the deputy, such as reckless driving with extenuating circumstances

518.2 SUSPENDED OR REVOKED DRIVERS LICENSES
If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized
by the deputy. The deputy shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The deputy will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

518.3 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

518.3.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

518.3.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each sheriff's motorcycle and in the saddlebag or gear bag of each sheriff's bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Manager should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Disabled Vehicles

519.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

519.2 DEPUTY RESPONSIBILITY
When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy to respond for assistance as soon as practical.

519.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

519.3.1 MECHANICAL REPAIRS
Sheriff's Office personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

519.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 ASSIGNMENT OF CASES TO INVESTIGATIONS
All cases that are to be considered for initial or follow-up investigation by detectives shall be forwarded to the Investigation Supervisor for review prior to being assigned unless otherwise authorized by the Division Commander or the Sheriff.

Types of cases to be investigated by Investigations include, but are not limited to:

(a) Major crimes;
(b) Crimes involving extensive follow-up not normally available under normal Enforcement time constraints;
(c) Crimes that involve out of county work for a successful resolution, unless authorized by the Sheriff, Division Commander or his or her designee.

600.3 DETECTIVE CALL-OUT
The necessity for a detective call-out shall be determined by the on duty watch commander or supervisor as authorized by the Sheriff, Division Commander, or his designee. Notification shall be made directly to the Investigations Supervisor. If the Investigations Supervisor is not available, appropriate notification shall be made via the chain of command. Individual detectives should not be called directly as the initial notification by Enforcement unless otherwise instructed by the Sheriff, Division Commander or his designee.

600.4 NARCOTICS TASK FORCE
The mission of the Narcotics Task Force is to significantly diminish the availability and trafficking in illegal drugs in the County of Lake, by identifying, investigating and apprehending mid to high level drug traffickers.

The Narcotics Task Force will accomplish their mission and objectives by complying with the Department of Justice Bureau of Narcotics Enforcement and Procedure Manual in the operation of narcotics enforcement.

600.5 POLICY
It is the policy of the Lake County Sheriff's Office to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.6 INITIAL INVESTIGATION
600.6.1 CIVILIAN MEMBER RESPONSIBILITIES
A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

600.6.2 DEPUTY RESPONSIBILITIES
A deputy responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
1. An initial statement from any witnesses or complainants.
2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the deputy shall:
1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
5. Collect any evidence.
6. Take any appropriate law enforcement action.
7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.7 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

600.8 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division
Commander or the Sheriff. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.9  CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the Miranda warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.9.1  AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigative Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.9.2  MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a)  Recording is not feasible because of exigent circumstances that are later documented in a report.

(b)  The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c)  The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d)  The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued
custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.10 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.

1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.

2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.
600.11 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.11.1 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

600.11.2 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.12 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Investigation Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):
Investigation and Prosecution

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:

1. The purposes for which using cellular communications interception technology and collecting information is authorized.

2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.

3. Training requirements necessary for those authorized employees.

4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.

5. Process and time period system audits.

6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.

7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.

8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims. Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Lake County Sheriff’s Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART.

602.4 TRAINING
Subject to available resources, periodic training should be provided to:

(a) Members who are first responders. Training should include:
Sexual Assault Investigations

1. Initial response to sexual assaults.
2. Legal issues.
3. Victim advocacy.
4. Victim’s response to trauma.
5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).

(b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
1. Interviewing sexual assault victims.
2. SART.
3. Medical and legal aspects of sexual assault investigations.
4. Serial crimes investigations.
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
6. Techniques for communicating with victims to minimize trauma.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigative Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Central Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the
circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault, the assigned deputy shall accomplish the following:

(a) Advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, any other rights of a sexual assault victim pursuant to Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the deputy shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).

1. The deputy shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).

2. A support person may be excluded from the examination by the deputy or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

602.7.2 VICTIM CONFIDENTIALITY
Deputies investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting deputy shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.
Sexual Assault Investigations

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned deputy shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned deputy determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the deputy shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned deputy shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned deputy shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

602.8.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.
Sexual Assault Investigations

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank of case evidence.

(c) Provided that the sexual assault victim or the victim’s authorized designee has kept the assigned deputy informed with regard to current address, telephone number, and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No deputy shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.8.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT
The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.9 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigative Bureau supervisor.
Classification of a sexual assault case as unfounded requires the Investigative Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.10 CASE REVIEW
The Investigative Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.
Asset Forfeiture

606.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.1.1 DEFINITIONS
Definitions related to this policy include:

Fiscal agent - The person designated by the Sheriff to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Lake County Sheriff's Office seizes property for forfeiture or when the Lake County Sheriff's Office is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Sheriff who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

(a) Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):

1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.

2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.

3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.

4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
Asset Forfeiture

(b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

606.2 POLICY
The Lake County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Lake County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE
Before seizing any currency, vehicle or personal property pursuant to Health & Safety Code § 11470, a patrol deputy should contact the District Attorney or his designee if the deputy is unable to contact the District Attorney or his designee that deputy should contact the narcotics detective sergeant or the narcotics asset forfeiture detective.. The following guidelines will be observed:

(a) The seizing deputy or the detective will serve all persons with Notice of Seizure and Intended Forfeiture forms which includes an attached County of Origin Claim form Opposing Forfeiture, and a forfeiture receipt. Disclaimers (English/Spanish) will be completed on all persons disclaiming ownership of currency, vehicle or property seized.

(b) When someone has made notification other than the Asset Forfeiture detective, a copy of all reports and all applicable asset forfeiture paperwork must be forwarded to the Asset Forfeiture detective in the Narcotics Unit, for review.

(c) Interview all persons involved concerning their possession of the seized assets, financial situation, employment, income and other resources. When possible, the interviewing deputy should be different than the arresting deputy.

(d) Attempt to promptly determine all lien holders or all persons who may have a legal interest in the seized currency, vehicle or property for further contact, investigation
and notification. If property has lien holder’s further investigation should be conducted to determine equity/debt of the property.

(e) The seizure of assets subject to forfeiture is a civil proceeding filed through the county of origin, Office of the District Attorney Forfeiture Unit.

606.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):

1. The property subject to forfeiture is legally seized incident to an arrest.
2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing deputy can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Deputies aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure, unless the requirements of 11370.9 H&S are met.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds ($1000.00 in US currency or property or combination thereof) should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).
(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

606.3.3 SEIZED VEHICLES
Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The deputy seizing the vehicle shall notify the detective supervisor of the seizure of the vehicle and circumstances of the seizure as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The deputy will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY
The Property and Evidence Section Supervisor is responsible for ensuring compliance with the following:
Asset Forfeiture

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Lake County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Lake County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant

The Narcotics Unit supervisor will discuss the above factors with the Enforcement Division Commander and recommend the type and level of payment subject to approval by the Sheriff.

608.2.1 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of deputies or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

608.2.2 AUDIT OF PAYMENTS
The Narcotics Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.
Informants

At least once every six months, the Sheriff or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

608.2.3 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Narcotics Unit buy/expense fund.
   1. The Narcotics Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.
(b) Payments exceeding $500 shall be made by issuance of a check, payable to the deputy who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Sheriff and the County Administrator are required for disbursement of the funds.
(c) To complete the payment process for any amount, the deputy delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:
      (a) Date
      (b) Payment amount
      (c) Lake County Sheriff's Office case number
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant's file.

608.3 USE OF INFORMANTS

608.3.1 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
Informants

(b) The juvenile's attorney, if any
(c) The court in which the juvenile's case is being handled, if applicable (Penal Code § 701.5)
(d) The Sheriff or the authorized designee

608.3.2 INITIAL APPROVAL
Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.3.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

608.4 POLICY
The Lake County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

608.5 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Division Commander, Narcotics Unit supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
(b) Criminal activity by informants shall not be condoned.
(c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Lake County Sheriff's Office, and that they shall not represent themselves as such.
(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
Informants

2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Narcotics Unit supervisor.

3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the Narcotics Unit supervisor.

1. Deputies may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.5.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.

(b) The informant behaves in a way that may endanger the safety of a deputy.

(c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.

(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.

(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.

(f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
Informants

(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.6 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Narcotics Unit. The Narcotics Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Division Commander, Narcotics Unit supervisor or their authorized designees.

The Investigation Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Narcotics Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.6.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
(j) Name of the deputy initiating use of the informant
(k) Signed informant agreement
Informants

(I) Update on active or inactive status of informant
Computer Voice Stress Analyzer (CVSA)

609.1 POLICY
The Lake County Sheriff's Office has established guidelines for administering CVSA examinations in conjunction with pre-employment screening and investigations conducted by members of the Sheriff's Office. CVSA examinations by qualified examiners are gaining national acceptance as an information aid and as a tool to be used in conjunction with an investigation. However, they should never be used as a single determinate for offering employment or a final or sole determinate factor in criminal investigations. They should not be used to circumvent good investigative procedures. Therefore, the CVSA should be viewed as a means to protect the integrity of an investigation and/or the person subject to the examination.

609.2 DEFINITION
Computer Voice Stress Analyzer (CVSA) - The CVSA detects, measures and charts the stress in a person's voice following a pre-formatted questionnaire.

609.2.1 QUALIFIED EXAMINER

(e) Deter those seeking to penetrate law enforcement agencies for improper purposes.

609.4 CRIMINAL INVESTIGATIVE SCREENING
CVSA examinations should be utilized in conjunction with investigative leads and interviews of available suspects, victims, witnesses, and/or complainants. When practical, both the victim and suspect should be tested for comparison. These results are not to be used solely for arrest or legal action, but are designed for developing leads and/or obtaining case direction.

609.5 WHO MAY BE TESTED
Any individual who knows right from wrong. Generally, children who know right from wrong may be tested.

Tests are conducted at the discretion of the examiner.

(a) The CVSA examiner will review the available information pertaining to the case in question prior to administering the examination.

(b) The CVSA examiner will maintain a record of all the examinations they have conducted.

(c) For all examinations, the CVSA examiner will receive a second opinion, or "Cold Call", from another certified examiner.
(d) The CVSA examiner will refrain from examinations that may compromise his or her integrity. Any tests of friends, relatives or persons that the examiner has a relationship with which may represent a conflict of interest must be conducted by neutral examiner.

Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

610.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Lake County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impaired due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Investigative Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).

610.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member
presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating deputy should contact the appropriate prosecuting attorney before proceeding.

610.6 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 DOCUMENTATION RELATED TO RECORDINGS
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

610.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand
Eyewitness Identification

out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.7.1 OTHER SAFEGUARDS
Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

610.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there were distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
Eyewitness Identification

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
INVESTIGATIONS FUND

611.1 SECTION TITLE

611.2 CONTROL OF INVESTIGATIONS FUND
The Sheriff or his designee shall be responsible for all funds expended by the Investigations Bureau. The Lake County Sheriff’s Office Investigation Bureau is made up of two units, the Major Crimes Unit and the Narcotics Unit. Reports of all expenditures shall be forwarded on to the Sheriff or his designee for review or approval, as appropriate. After approval, the receipts will be maintained and secured in the safe of the respective unit, until such time as the Finance Division conducts an unannounced audit for accounting and auditing purposes. The Investigations Bureau Sergeants will each maintain their unit’s Investigations funds within secured safes, located at each unit’s office. When the unit’s Sergeant/Supervisor changes assignments, the safe’s combination shall also be changed. The safe’s combination shall not be provided to anyone unless directed so by the Sheriff or the Enforcement Division Captain. Reports of all expenditures and deposits shall be listed on a ledger that is maintained by the unit’s Sergeant and kept secured in the same safe as the Investigations funds.

611.3 ACCOUNTABILITY OF INVESTIGATIONS FUNDS
Each Investigations Sergeant and the Enforcement Division Captain will be held accountable for the proper disbursement and control of the monies held in or disbursed from the Investigations Fund and for the submission of receipts.

611.4 INVESTIGATIONS FUND AUDIT
At the end of each month, the Investigations Sergeants or Enforcement Division Captain will conduct an audit of the Investigations Funds assigned to his/her office. The Cash Fund Audit will be conducted by the designated “Investigations Sergeant” associated with the funds and witnessed by one of his/her subordinates. The audit will be conducted and the funds will reconcile cash on hand including cash and receipts on hand. The purpose of the audit is to ensure that the funds are fully accounted for on a timely basis. If not completed timely, a loss of funds may not be detected in an expedient manner. This hampers the ability to determine the cause for the loss and ultimately recover the money. Because these documents are the basis for the reconciliation, accuracy is of utmost importance. Upon completion of the audit, the auditing supervisor and subordinate will sign this form. The completed forms will be kept with the funds in the Investigations Sergeant’s safe. Forms will include the receipts, report of expenditure forms and whatever was used to do the calculation.

611.5 EXPENDITURE AUTHORITY
Each expenditure made from the Investigations Fund will only be made after the expenditure has been approved by the Sheriff or his designee.
INVESTIGATIONS FUND

611.6 RECEIPTS
When Investigations funds are issued to an Investigations Sergeant or an authorized designee, a County of Lake receipt will be completed by the Finance Manager and signed by the Sergeant or designee. The receipt will contain the date, the amount, (written both numerically and spelled out), and the signature of both the Finance Manager and Investigations Sergeant or designee.

When Investigations funds are issued to an investigator by an Investigations Sergeant, a two part receipt will be completed and signed by both parties. The original receipt will stay in the safe and the copy shall be retained by the Investigator.

611.7 PURCHASE OF EVIDENCE, INFORMATION, EXPENSES, OR WITNESS PROTECTION
The Investigations expenditure form will be utilized for the expenditure of Sheriff’s Office Investigations Funds. These expenditures shall be limited to: 1) purchase of evidence, 2) payment for information and informant services, 3) payment for investigation expenses.

Purchase of evidence: Funds may be used in the undercover purchase of different types of evidence related to the accomplishment of the Sheriff’s Office mission. All receipts used for the purchase of evidence must contain a case number.

Payment for information and informant services: Funds may be used to pay informants for information or specific services rendered in furtherance of an investigation. Receipts for payments to informants should contain a case number.

Payment for investigation expenses: Funds may be used for expenses directly relating to a specific investigation wherein normal county purchasing methods are inappropriate because of timeliness or circumstances. All receipts for investigation expenses must contain a case number. Funds for investigation expenses will not be used to circumvent normal purchasing procedures.

611.8 INVESTIGATIONS FUNDS USED BY OR ISSUED TO CONFIDENTIAL INFORMANTS
When it becomes necessary to use a confidential informant to further an investigation, Investigations funds may be used. Prior to the use of Investigations Funds for payment of confidential information, a Lake County Sheriff’s Office Confidential Informant Package MUST be completed in accordance with Lake County Sheriff’s Office Policy - Informants. The Confidential Informant Package shall be completed by the investigator and shall be maintained in a secured location within the Investigations Unit, where the investigator in assigned. An informant number shall be assigned to the confidential informant by the unit’s Sergeant. The informant number will be used to identify and track the informant’s participation in Lake County Sheriff’s Office investigations. After completion, the Confidential Informant Package shall stay secured within the respective Investigations Unit.

A receipt shall be complete prior to any Investigations funds being provided to a confidential informant. The assigned informant number will be used on the original copy of the receipt
INVESTIGATIONS FUND

in lieu of the confidential informant’s name. The original receipt shall be maintained with the Investigations funds for auditing purposes. The original receipt shall be signed by the Investigations Sergeant disbursing the currency and by the Investigator who pay the confidential informant. The expenditure of funds shall only be dispersed when both the dispersing Investigator and at least one witnessing Investigator are present. The witnessing Investigator shall sign a copy of the original receipt. The confidential informant shall also sign the same copy of the original receipt, acknowledging acceptance of the currency. A copy of the signed receipt shall be secured and maintained with the appropriate Confidential Informant Packaged. To ensure confidentiality, the receipt copy shall only be viewed by members of the assigned Investigations Unit or a member of the Sheriff’s Command staff.

611.9 INVESTIGATIONS EXPENDITURE FORM

The Investigations Expenditure forms will be used for expenditures of funds from the Investigations Fund.

In addition to the instructions on the reverse side of the form, the following rules are to be strictly followed:

1. A witness is required in all transactions in which the payee is an informant or non-peace officer.

2. The payee’s signature and true name will be correctly shown on the Investigations Expenditure form. Law enforcement officers must include their true name and title.

3. The role of the payer and the witness will not be reversed.

4. The payer and payee shall not be the same person.

5. Following the narrative of the transaction, indicate in the appropriate area whether the expenditure was for evidence, information, or expenses.

6. When funds are expended for the purchase of evidence, information, or expenses relating to an investigation, the case number shall be included on the Investigations Expenditure form.

7. All Investigations Expenditure forms will be completed prior to or at the time of payment except for undercover purchases, which will be completed as soon as practical but within ten (10) days of the purchase. Legible hand-printed forms are acceptable.

8. Signatures of payer, payee, and witness will be made in ink, at the time of the transaction and not at some later date. Under no circumstances, will a signature be affixed to a blank receipt/form.

9. Each signature must be in the handwriting of the person represented. Preparing a voucher with a forged, fictitious, false, proxy, or “authorized” signature is strictly forbidden.
INVESTIGATIONS FUND

10. Any time a non-Lake County Deputy Sheriff signs a receipt/form, his/her agency will be printed below the signature and include their badge number.

11. When a receipt/form involves a confidential informant, his/her confidential informant identification number (CI#) must appear on the receipt/form.

12. Any informant signature which is not legible will require the printed name beneath the signature.

611.10 SUBMISSION OF EXPENDITURE FORM/RECEIPT
Copies of completed forms will be logged and forwarded by the Investigations Sergeant to the Enforcement Division Captain.

611.11 THEFT OR LOSS OF INVESTIGATIONS FUNDS

Funds drawn by an investigator are to be secured at all times. Should a theft or loss occur, the Investigations Sergeant will immediately notify the Enforcement Division Captain, at which time an Investigation will be initiated. The results of the investigation will be forwarded to the Sheriff or his designee. If the funds were stolen, a report to the appropriate law enforcement agency shall be made by the Investigations Sergeant.

When the loss or theft of funds drawn by an investigator occurs, and after review of the facts surrounding such theft or loss it is determined that the investigator responsible for the funds was negligent, the Sheriff’s Office may initiate action to discipline the investigator and/or recover from him/her the amount of the lost funds.

611.12 Recovered Money Receipts (RMR)
When expenditures have been made from the Investigations Fund and the expended funds are recovered, the recovery is documented by use of a Recovered Money Receipt within ten (10) days. Instructions for completion and routing are on the form.

Investigations Sergeants and the Enforcement Division Captain shall maintain an RMR log book. This log book will show the RMR number, date of money seizure, amount of money seizure, date the Investigations Sergeant or Enforcement Division Captain received the funds, defendant’s name, case number, date of disposition, and name of the investigator submitting recovered funds. Upon receipt of the money, the Investigations Sergeant will personally count the currency and maintain it in a completed evidence envelope.
INVESTIGATIONS FUND

Upon final disposition of cases in which money has been held as evidence, the money will be converted to a check or money order and forwarded to the Lake County Sheriff’s Office Finance Manager, immediately as indicated by the instructions on the RMR form.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (Brady information) to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Lake County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Lake County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Lake County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
612.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the deputy’s personnel file, by the Sheriff or his/her designee.

(b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in camera inspection and answer any questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records (via County Counsel) should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.
Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS
Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

613.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR
The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Sheriff or the authorized designee, depending on the type of mission.
Unmanned Aerial System (UAS) Operations

- Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Sheriff.

613.5 USE OF UAS
Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

613.6 PROHIBITED USE
The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
Unmanned Aerial System (UAS) Operations

- To harass, intimidate or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

613.7 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Warrant Service

614.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

614.2 POLICY
It is the policy of the Lake County Sheriff's Office to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS
Deputies should receive authorization from a supervisor before serving a search warrant. Supervisors are responsible for reviewing the warrant and ensuring the provisions of this and the Operations Planning and Deconfliction policy are followed.

614.5 ARREST WARRANTS
If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.
Warrant Service

614.6 WARRANT PREPARATION
A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime warrant execution.

(b) A clear explanation of the affiant’s training, experience and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

614.7 HIGH-RISK WARRANT SERVICE
The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE
Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
Warrant Service

- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Lake County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Lake County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If deputies intend to serve a warrant outside Lake County Sheriff's Office jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Lake County Sheriff's Office when assisting outside agencies or serving a warrant outside Lake County Sheriff's Office jurisdiction.

614.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations. Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY
It is the policy of the Lake County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR
The operations director will be the Crisis Response Unit/SWAT commander or his/her designee. The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT
615.4.1 RISK ASSESSMENT FORM PREPARATION
Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:
(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.

(b) Maps of the location.

(c) Diagrams of any property and the interior of any buildings that are involved.

(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).

(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).

(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).

(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).

(h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW
Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director. The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS
If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:

1. (CRU)
2. Additional personnel
3. Outside agency assistance
4. Special equipment
5. Medical personnel
6. Persons trained in negotiation
7. Additional surveillance
Operations Planning and Deconfliction

8. Canines
9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.
(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
(d) Coordinate the actual operation.

615.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN
The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:
(a) Operation goals, objectives and strategies.
(b) Operation location and people:
   1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
   2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,
availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan

(l) Responsibilities for writing, collecting, reviewing and approving reports.

615.6.1 OPERATIONS PLAN RETENTION
Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING
A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.
(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants’ understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the operations director for deputies who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

1. It is the responsibility of the operations director to ensure that Central Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.

2. If the radio channel needs to be monitored by Central Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 CRU PARTICIPATION
If the operations director determines that CRU participation is appropriate, the director and the CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the deputies present.

615.9 MEDIA ACCESS
No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

615.10 OPERATIONS DEBRIEFING
High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.
615.11 TRAINING
The Training Manager should ensure deputies and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the County of Lake County to provide assigned take-home vehicles.

706.2 POLICY
The Lake County Sheriff’s Office provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.2.1 SHIFT ASSIGNED VEHICLES
Personnel assigned to work in uniform and in a marked patrol unit shall notify Central Dispatch for entry of the vehicle number on the shift roster. If the employee exchanges vehicles during the shift, the new vehicle number shall be entered.

Employees shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shift. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

706.2.2 UNSCHEDULED USE OF VEHICLES
Personnel utilizing a vehicle for any purpose other than their normally assigned duties shall first notify the Shift Supervisor of the reasons for use and a notation will be made on the shift roster indicating the operator’s name and vehicle number. This section does not apply to personnel permanently assigned an individual vehicle (e.g., command staff, detectives), or to Property and Evidence Section personnel assigned transportation duties to and from the maintenance yard, etc. Property and Evidence Section personnel shall be responsible for maintaining records of the property transportation vehicles for a minimum of two years.

706.2.3 UNDERCOVER VEHICLES
Unmarked units, if not assigned to an individual employee, shall not be used without first obtaining approval from the respective unit supervisor.

706.2.4 AUTHORIZED PASSENGERS
Personnel operating Sheriff's Office owned vehicles shall not permit persons other than government employees or persons required to be conveyed in the performance of duty or as otherwise authorized to ride as a passenger in their vehicle.
706.2.5 PARKING
County owned vehicles should be parked in their assigned area. Employees shall not park privately owned vehicles in any area assigned to a county owned vehicle or in other areas of the parking lot not designated as a parking space unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

Pursuit vehicles that are taken home by deputies will be parked in a safe location which is visible to the public when the deputy is off duty.

706.3 ASSIGNED VEHICLE AGREEMENT
County owned vehicles assigned to personnel for their use within their job assignment may be used to transport the employee to and from their residence for work-related purposes. The employee shall sign an agreement setting the standard for how the vehicle shall be used and where it shall be parked when the employee is not on duty.

The agreement states that the vehicle shall only be used for work-related purposes and shall not be used for personal errands, or transports, unless special circumstances exist and the shift supervisor gives authorization. The agreement also requires the employee to be responsible for the vehicle’s care and maintenance. The Sheriff’s Office will provide necessary care/maintenance supplies.

Deputies who live outside of Lake County, who have a permanently assigned pursuit vehicle, must leave that vehicle at the Sheriff’s Main Office or other location designated by the Sheriff. Such vehicles may not be driven to the deputy’s out-of-County residence. For the full County Vehicle Policy, please see Chapter 16 of the County’s Policy and Procedure Manual.

The assignment of vehicles is at the discretion of the Sheriff. Assigned vehicles may be changed at any time and/or permission to take home a vehicle may be withdrawn at any time. The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.3.1 VEHICLES SUBJECT TO INSPECTION
All County owned vehicles are subject to inspection and or search at any time by a supervisor and no employee assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

706.3.2 ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

706.3.3 ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.
706.4 SECURITY
Employees may take home county owned vehicles only with prior approval from their Division Commander and shall meet the following criteria:

(a) Off-street parking shall be available at the employee's residence.
(b) Vehicles shall be locked when not attended.
(c) All firearms and kinetic impact weapons shall be removed from the interior of the vehicle and placed in the trunk or properly secured in the residence when the vehicle is not attended (refer to Firearms policy § 312 regarding safe storage of firearms at home).

706.4.1 KEYS
All uniformed field personnel approved to operate marked patrol vehicles shall be issued their own personal unit key as part of their initial equipment distribution upon hiring. Personnel assigned a permanent vehicle shall be issued keys for their respective vehicle. The loss of any assigned key shall be promptly reported in writing through the employee's chain of command.

706.4.2 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Sheriff or the authorized designee.

706.4.3 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.
(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.
(d) The Department shall be notified of problems with the vehicle and approve any repairs before they are performed.
(e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair form explaining the service or repair, and leave it on the seat or dash.
(f) All weapons shall be removed from any vehicle left for maintenance.
(g) Supervisors should make monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.
706.5 TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempted from incurring toll road charges. Pursuant to the non-revenue policy of the toll roads, law enforcement agencies responding to an emergency or incident on the toll roads, while on duty, are exempt from paying the toll. Commuting, or returning to the County after an emergency does not qualify for this exemption and personnel using County owned vehicles are subject to the toll charge. To avoid unnecessary toll road violation charges, all employees operating a county owned vehicle upon the toll road shall adhere to the following:

(a) All employees operating a county owned vehicle for any reason other than an initial response to an emergency shall stop and pay the appropriate toll charge. Employees may submit for reimbursement from the County for any toll fees.

(b) All employees passing through the Toll Plaza or booth during a response to an emergency shall draft a memo to their respective Division Commander with five working days explaining the circumstances.

Chapter 8 - Support Services
Crime Analysis

800.1 PURPOSE AND SCOPE
Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Sheriff's Office long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

800.2 DATA SOURCES
Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data
- Statewide Integrated Traffic Reporting System (SWITRS)

800.3 CRIME ANALYSIS FACTORS
The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

800.4 CRIME ANALYSIS DISSEMINATION
For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of specific line units should be sent directly to them. Information relevant to the development of the Sheriff's Office strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.
Central Dispatch Operations

801.1 PURPOSE AND SCOPE
This policy establishes guidelines for the basic functions of Central Dispatch. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies.

801.2 COMMUNICATION OPERATIONS
The Sheriff's Office provides 24-hour telephone service to the public for information or assistance that may be needed in emergencies. The ability of citizens to telephone quickly and easily for emergency service is critical. The Sheriff's Office provides access to the 911 system for a single emergency telephone number. The Sheriff's Office has two-way radio capability providing continuous communication between Central Dispatch and deputies.

POLICY AND PROCEDURES
(a) Attendance - Regular and prompt attendance is an essential part of each staff members job responsibility.

1. "Sick leave with pay" is a privilege and should be requested and granted only in cases of absence because of illness which incapacitates the staff member for the performance of duties or as otherwise defined in this rule.

2. Consequently, staff members are only allowed to use sick pay/leave for their own illness or medical appointments or to care for a family member such as the staff member's spouse or registered domestic partner, dependent child or children or parent (s).

3. All staff members are required to adhere to the Sheriff's Office Attendance Standard. This states that a staff member may be considered to be abusing their sick leave privileges when there is a pattern of absences, such as absences taken in relation to regularly scheduled days off and/or paydays, and/or claiming sick pay when a staff member is not incapacitated from working due to injury or illness.

4. A staff member may be considered to have evidenced excessive use of sick time when they have used more than 48 hours in any consecutive twelve month period.

5. An employee found to be excessively absent or abusing their sick leave privileges may be required to submit a certificate of illness for their absences; however, the submission of this certificate does not exempt an employee from the Sheriff's Office Attendance Standard.
6. The only exceptions are leaves covered under the Family Medical Leave Act (FMLA), Workers’ Compensation (typically covered concurrently under FMLA), and the Americans with Disabilities Act (ADA).

(b) **Punctuality** - Central Dispatch expects all staff members to be punctual when reporting for scheduled work, and requiring them to be ready for duty as scheduled. Except where provided for by ordinance, Civil Service Rule, or other law the City and County is not required to pay any member for time that the member was not on duty.

(c) **On Duty Time** - All members must be ready for duty at the time and place scheduled by their supervisor. A member is considered tardy when they are not ready for duty at the designated reporting time and place, ready to begin work without delay. When a member knows that she or he will be late, the member must notify a supervisor or the supervisor's designee as soon as possible and provide an estimated time of arrival. Calling in does not mitigate the tardiness.

(d) **Reporting Time** - Reporting time is the beginning of the daily scheduled briefing, scheduled return to work from break (s), or any scheduled duty assignment time. For members working alternative schedules, reporting time shall be the beginning of a scheduled shift. A supervisor designates a member's regular reporting time and schedule in writing.

(e) **Overtime** - Overtime is defined as hours in excess of twelve (12) hours, for staff members who work a console, in any one day or in excess of forty (40) hours in any calendar week. Overtime pay for all staff members shall be at the rate of one and one-half (1 1/2) times the base hourly rate which shall include a night differential if applicable in the MOU.

(f) **Overtime Sign-up Clip and General Overtime Procedures** - The Scheduling Supervisors shall ensure that sign-up sheets for the current and upcoming pay periods (at least four (4) weeks of overtime slots) have been posted in the Dispatch Schedules folder on the network's T:\ Drive. Communications Operators may sign up in increments of six or twelve (6 or 12) hours to a total of 20 hours per day.

(g) **Overtime Eligibility** - Each qualified employee will begin each Saturday as eligible to work overtime. Any employee who has already worked eight (8) hours of overtime or has been notified and declined eight (8) hours of overtime in the current week, shall go to the end of the eligibility list for the remainder of that week.

(h) **Overtime Notification** - The Scheduling Supervisor shall make every attempt to plan ahead and provide sufficient notification to staff members in advance of anticipated overtime as well as honor seniority guidelines related to overtime. If an employee declines the overtime or does not return the notification slip within five days, the employee waives their seniority slot and goes to the end of the list.
(i) **Unanticipated Overtime** - All overtime will be based on seniority. If less than forty-eight (48) hours remain, prior to a slot being filled, the supervisors may select any available employee, by seniority, to fill the slot. Same day unanticipated overtime, up to four (4) hours prior to the beginning of a watch, may be filled with any available employee based on seniority. As time allows, supervisors will attempt to use the seniority list to contact members.

1. **Cancellation of Overtime** - If the member is unable to fulfill their obligation to work overtime, the member shall notify supervisory staff in writing a minimum of twenty-four (24) hours in advance of the time committed to work. If

(j) **Tardiness Documentation** - Tardiness shall be documented on the divisions’ schedules. Tardiness will be tracked in a rolling twelve month period beginning with the oldest occurrence of tardiness within 12 months of any subsequent tardiness.

1. Each occurrence will be recorded on the member's division schedule. If desired, the member may write a comment in memorandum format.

2. **Evaluation Criteria:**

801.2.1 **COMMUNICATIONS LOG**

It shall be the responsibility of Central Dispatch to record all relevant information on calls for criminal and non-criminal service or self-initiated activity. Employees shall attempt to elicit as much information as possible to enhance the safety of the deputy and assist in anticipating conditions to be encountered at the scene. Desirable information would include, at a minimum, the following:

- Incident number
- Date and time of request
- Name and address of complainant, if possible
- Type of incident reported
- Location of incident reported
- Identification of deputy(s) assigned as primary and backup
Central Dispatch Operations

- Time of dispatch
- Time of the deputy's arrival
- Time of deputy's return to service
- Disposition or status of reported incident

801.2.2 RECORDS RESPONSIBILITIES

Releasing Evidence - Dispatch Records and Tape Recordings

The Lake County Sheriff's Central Dispatch Division is the Custodian of Records (COR) and is required to maintain and provide, under certain conditions, certified copies of the Sheriff's Office information such as audio telephone and radio recordings as well as computer aided dispatch (CAD) records. Legal requirements must be observed when handling, storing, and releasing Sheriff's Office computer records and audio recordings. Pursuant to Government Code §26202.6 the recordings of telephone and radio communications are held and available for release 365 days. Recordings are released in accordance with lawful orders. Information from the CAD system can be retrieved indefinitely from the system. The request forms are maintained for one year before destruction.

Redaction of Records - The California Public Records Act acknowledges that the legislature is "mindful of the right of individuals to privacy" (California Government Code §6250).

It is imperative that protected information in the accompanying records be withheld from disclosure accordingly. Protected information includes references identifying private citizens and/or personal telephone numbers per California Government Code section 6254 (c).

Redactions made to records consist of privileged law enforcement records pursuant to California Government Code section 6254 (f) and patient medical information according to the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

Confidentiality - All records to which members have access are confidential and shall not be copied, distributed or released to any source unless otherwise directed by supervisory personnel. All records released outside the Sheriff's Office must be properly authorized and documented.

Members with access to computer files and records shall not release or disseminate information to others without authorization. Unauthorized release or dissemination of such material may be grounds for disciplinary action. Only system administrators are authorized to add, delete, or modify programs, software, images, icons, displays or functionality of the Sheriff's Office computer systems.

This policy does not preclude supervisors from reviewing or duplicating dispatch records for internal use. Records duplicated for internal use shall be limited to the purpose of training, coaching, investigations in the scope of official duties.

Need to Know/Right to Know - The "need to know" and the "right to know" shall exist before any database inquiry is made. If any employee suspects that any request for information
from the automated system does not fit the criteria, even if the requester is another Sheriff's Office employee, they shall not release the information and shall notify supervisory personnel immediately. Members shall not release confidential information from database files to authorized recipients over the telephone unless the member is certain of the identity of the authorized recipients.

**CLETS/NCIC Records Security** - Members are responsible for adhering to the guidelines outlined in the CLETS/NCIC manuals and maintaining confidentiality of all criminal history offender information (CORI).

(a) CLETS terminals are governed by the Department of Justice and are only to be used by members trained and certified in their use. Misuse of these terminals or the information obtained from these terminals may lead to disciplinary action and criminal prosecution (502PC- California Penal Code).

(b) Members shall not provide Department of Motor Vehicle information to any member of the public.

(c) Under no circumstances shall any CLETS, NCIC, or other law enforcement database record be duplicated for the personal use of any entity, internal or external.

(d) Department of Justice approved test records shall be utilized for the purposes of classroom training.

(e) Sheriff's Office members shall follow the direction of the Sheriff's Office Agency Terminal Coordinator (ATC) in all matters pertaining to the use of information derived from the law enforcement databases.

**Release of Criminal History - DOJ/CLETS Policy** - In order to ensure that authorized recipients have reasonable access to summary criminal history information, while also protecting the public's legal rights to privacy, the Department of Justice has issued the following policy:

(a) Mobile data terminals and radio devices, whether digital or voice, shall not be used routinely for the transmission of summary criminal history information, except when a deputy determines all three criteria listed exist:

1. There is reasonable cause to believe the safety of the deputy and/or the public is at significant risk.
2. There is an immediate need for summary criminal history information.
3. Information from other databases such as Wanted Persons or Stolen Vehicles would not be adequate.

(b) Examples of situations where the transmission of summary criminal history information to a deputy via a radio or mobile data terminal device would be justified, may include a hostage situation or an armed suspect.
Central Dispatch Operations

(c) The Department of Justice requires that all criminal history inquiries include an audit trail with identification of requesters (deputies) and the employee making the inquiry. The case number and purpose of the inquiry are required.

(d) The Department of Social Services - Child Protective Services Division is allowed copies of individual's summary criminal history for placement only of juveniles.

Domestic Violence Restraining Orders - Central Dispatch is the Custodian of the Lake County Domestic Violence Restraining Orders

Time Synchronizations of CAD, Radio, Telephone, and Logging Recorder - CAD, phones, radio and logging recorders are synchronized to Spectracom Netclocks which are synchronized to a National Institute of Standards and Technology (NIST is a non-regulatory federal agency within the U.S. Department of Commerce. NIST's mission is to promote U.S. innovation and industrial competitiveness by advancing measurement science, standards and technology in ways that enhance economic security and improve our quality of life) frequency standard in Boulder, Colorado. The frequency standard is accurate to within a few milliseconds. Occasionally the display of the various computers may differ by one to two seconds due to rounding and differing update periods Time discrepancies shall be verbally reported immediately to supervisory staff. Staff will not make adjustments to correct time errors without the direct guidance or permission of supervisory staff. Supervisors are responsible for verbally notifying the Help Desk and completing a trouble ticket as appropriate.

801.3 RADIO COMMUNICATIONS

(a) POLICY The Sheriff's office and its members shall operate the Sheriff's Office radio or communications system in accordance with F.C.C. rules and regulations and Sheriff's Office guidelines in a professional and courteous manner. Such operations shall further be conducted in a brief, concise and accurate manner.

(b) GENERAL The Sheriff's Office uses a three-station, multi-channel radio system. This Communication Center ("Central") is responsible for dispatching all calls for service that are answered by members or employees of the Sheriff's Office. Central is also responsible for dispatching other agencies as well as monitoring the radio traffic of both law enforcement and other public service priorities within Lake County.

(c) PROCEDURE Radio time is a valuable commodity and should be used only when necessary. The following procedures shall be used by members and employees of the Sheriff's Office:

1. Listen before transmitting. You may be unaware of other units presently talking with Central. Be sure you won't interfere with other radio traffic on the select channel.

2. Messages should be brief and to the point. Use codes and the phonetic alphabet when appropriate.
Central Dispatch Operations

3. Whenever possible, lengthy messages should be given over the telephone. Otherwise, interrupt the transmission at approximate 30 second intervals to allow other units to transmit emergency messages or other traffic as necessary.

4. Profanity shall not be used by any member or employee during radio communications. Profanity is a violation of F.C.C. rules and is punishable by fine or imprisonment.

5. Sheriff’s Office radio shall not be used to transmit messages of a personal or non-job related nature.

6. When transmitting, speak clearly, slowly and distinctly. Rapid speech usually only requires a repeat of the message.

7. Requests for case numbers for citations issued in the field should be obtained by telephone contact with Central within a reasonable time after the issuance of the citation. Citation information and assigned case number should not be transmitted via the radio.

8. Information for stolen property entries, removals, locates, etc. shall not be transmitted via the radio. Such information shall be provided to Central directly via telephone or in writing. However, checking property, vehicles, persons, etc. for their status (“hot checks”) are permitted via radio.

9. Central will make telephone calls at the request of a radio unit only when justification is also provided. Central will not make telephone calls to “get someone on the line and advise when you have them”. Such calls result in unnecessary delays in radio and telephone time.

10. A Patrol unit out of his or her vehicle at any location shall immediately advise Central of that location. This includes the main office, substation, patrol office, administrative offices, etc. Such notification can be made either via radio or telephone, but shall be made immediately. Possession of a portable radio by the member does not negate this duty and responsibility.

11. Avoid unnecessary traffic, such as “10-97 in a minute”. Advise only “10-97”.

12. It is the duty and responsibility of the patrol or detective member to advise Central of Code 4 status. If a member is in fact “Code 4” (no further assistance needed), he/she shall advise the communication operator of that status as soon as possible. When the situation is unstable the member may use ”10-32A” to request assistance as available, or ”10-32B” to request more urgent assistance. ”11-99” shall be used only when the member's safety is in immediate and severe jeopardy.
13. When a unit status changes to on duty or in service, he or she shall advise Central of a "10-8" status. Such status should be advised when clearing calls for service or other duties.

14. When a call for service is assigned to a patrol unit, that unit shall not make any statements or indicate in any way via radio that he or she is reluctant to handle the assigned call. It is the duty of the member to accept the assignment from dispatch. If there is a valid reason why the call cannot be handled in a timely manner by the assigned unit, he or she shall contact his or her supervisor for the requested re-assignment. It is the responsibility of the supervisor alone to re-assign a detail.

801.3.1 DEPUTY IDENTIFICATION
Identification systems are based on factors such as beat assignment and deputy identification numbers. Employees should use the entire call sign when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate unit. Employees initiating communication with other agencies shall use their entire call sign. This requirement does not apply to continuing conversation between the mobile unit and dispatcher once the mobile unit has been properly identified.

801.3.2 RADIO TRAFFIC - IN PROGRESS CRIMES AND PURSUITS
   (a) Radio traffic generated during emergency situations, such as in-progress crime, pursuits, or officer-in-distress calls, test the ability of everyone involved to transmit information in a calm, concise manner. While it is sometimes difficult, all personnel should make a conscious effort to remain composed and calm when using the radio in these situations. Prior to transmitting, personnel should pause to mentally compose the communication content, then proceed in a normal tone of voice. Rapid, excited transmissions are very difficult to hear and understand. Such transmissions must frequently be repeated, thereby taking up valuable radio time and creating an officer safety problem. Such transmissions also foster further excitement and tension in other involved personnel. To assist in transmitting information in a short, concise and calm manner, the following formats should be used:
   (b) IN-PROGRESS CRIMES
      1. Type of incident
      2. Time of occurrence or lapse time
      3. Location
      4. Suspect(s) information:
         (a) Race/sex/adult or juvenile (WMA, WMJ, etc.)
         (b) Approximate age
(c) Height
(d) Weight/build
(e) Hair, beard, mustache
(f) Clothing
(g) Peculiarities

5. Direction and mode of escape or flight. May include:
   (a) Vehicle color
   (b) Vehicle make and year of manufacture
   (c) License number
   (d) Peculiarities

6. Weapon - description, if any

7. Property taken or injuries inflicted

(c) PURSUITS:
   (a) Notify Communications Center of radio identity and pursuit status. (“Central, 400, in pursuit.”)
   (b) After acknowledgement, provide the following information:

Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

803.3.1 PROPERTY BOOKING PROCEDURE
All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the guidelines set forth in the Property and Evidence Manual located on the LCSO ‘T’ Drive.

The final disposition of all such property shall be fully documented in related reports, and all documentation from Property and Evidence shall be electronically attached to the related RiMS case.

The Department is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

Records Bureau

805.1 PURPOSE AND SCOPE
This policy establishes the guidelines for the operational functions of the Lake County Sheriff's Office Records Bureau. The policy addresses department file access and internal requests for case reports.

805.1.1 NUMERICAL FILING SYSTEM
Case reports are filed numerically within the Records Division by Records Division personnel.

Case report numbers are automatically generated by the agency's records management system. Reports are numbered commencing with the last two digits of the current year followed by two digits that correspond to the current month, and ending with a four digit case number starting at midnight on the first day of each month. For example, case number 11010003 would be the third case number issued in January, 2011.

805.2 POLICY
It is the policy of the Lake County Sheriff's Office to maintain department records securely, professionally and efficiently.

805.2.1 RECORDS PROTOCOLS

Redaction of Records - The California Public Records Act acknowledges that the legislature is "mindful of the right of individuals to privacy" (California Government Code §6250). It is imperative that protected information in the accompanying records be withheld from disclosure accordingly. Protected information includes references identifying private citizens and/or personal telephone numbers per California Government Code section 6254 (c). Redactions made to records consist of privileged law enforcement records pursuant to California Government Code section 6254 (f) and patient medical information according to the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

Confidentiality - All records to which members have access are confidential and shall not be copied, distributed or released to any source unless otherwise directed by supervisory personnel. All records released outside the Sheriff's Office must be properly authorized and documented. Members with access to computer files and records shall not release or disseminate information to others without authorization. Unauthorized release or dissemination of such material may be grounds for disciplinary action. Only system administrators are authorized to add, delete, or modify programs, software, images, icons, displays or functionality of the Sheriff's Office computer systems. This policy does not preclude supervisors from reviewing or duplicating dispatch records for internal use. Records duplicated for internal use shall be limited to the purpose of training, coaching, investigations in the scope of official duties.

Need to Know/Right to Know - The "need to know" and the "right to know" shall exist before any database inquiry is made. If any employee suspects that any request for information from the automated system does not fit the criteria, even if the requester is another Sheriff's
Office employee, they shall not release the information and shall notify supervisory personnel immediately. Members shall not release confidential information from database files to authorized recipients over the telephone unless the member is certain of the identity of the authorized recipients.

**CLETS/NCIC Records Security** - Members are responsible for adhering to the guidelines outlined in the CLETS/NCIC manuals and maintaining confidentiality of all criminal history offender information (CORI). CLETS terminals are governed by the Department of Justice and are only to be used by members trained and certified in their use. Misuse of these terminals or the information obtained from these terminals may lead to disciplinary action and criminal prosecution (502PC-California Penal Code). Members shall not provide Department of Motor Vehicle information to any member of the public. Under no circumstances shall any CLETS, NCIC, or other law enforcement database record be duplicated for the personal use of any entity, internal or external. Department of Justice approved test records shall be utilized for the purposes of classroom training. Sheriff's Office members shall follow the direction of the Sheriff's Office Agency Terminal Coordinator (ATC) in all matters pertaining to the use of information derived from the law enforcement databases.

**Release of Criminal History - DOJ/CLETS Policy** - In order to ensure that authorized recipients have reasonable access to summary criminal history information, while also protecting the public’s legal rights to privacy, the Department of Justice has issued the following policy:

(a) Mobile data terminals and radio devices, whether digital or voice, shall not be used routinely for the transmission of summary criminal history information, except when a peace officer determines all three criteria listed exist:

1. There is reasonable cause to believe the safety of the deputy and/or the public is at significant risk.
2. There is an immediate need for summary criminal history information. Information from other databases such as Wanted Persons or Stolen Vehicles would not be adequate.
3. Examples of situations where the transmission of summary criminal history information to a deputy via a radio or mobile data terminal device would be justified, may include a hostage situation or an armed suspect. The Department of Justice requires that all criminal history inquiries include an audit trail with identification of requesters (officers) and the employee making the inquiry. The case number and purpose of the inquiry are required.

**The Department of Social Services** - Child Protective Services Division is allowed copies of individual's summary criminal history for placement only of juveniles.

**Domestic Violence Restraining Orders - Central Dispatch is the Custodian of the Lake County Domestic Violence Restraining Orders**
805.2.2 PERTAINING TO ADMIN PER SE

The deputy shall make the corrections by lining out the incorrect information with a single line and initialing above the corrected area, including the date the correction was made. White out and strikeouts are not acceptable forms of correction. The form(s) shall then be returned to the Records Unit to be returned to the Department of Motor Vehicles.

805.3.2 RECORDS BUREAU
The responsibilities of the Records Bureau include but are not limited to:

(a) Maintaining a records management system for case reports.
   (a) The records management system should include a process for numbering, identifying, tracking, and retrieving case reports.

   1. Modification of case reports shall only be made when authorized by a supervisor.

(c) Providing members of the Department with access to case reports when needed for investigation or court proceedings.

(d) Maintaining compliance with federal, state, and local regulations regarding reporting requirements of crime statistics. This includes reporting statistical data to the California Department of Justice (DOJ) for:
   1. All officer-involved shootings and incidents involving use of force resulting in serious bodily injury (Government Code § 12525.2).
   2. Suspected hate crimes (Penal Code § 13023).
   3. Complaints of racial bias against deputies (Penal Code § 13012; Penal Code § 13020).

(i) Maintaining compliance with the state and DOJ reporting requirements regarding the number of transfers of individuals to immigration authorities and offenses that allowed for the transfers (Government Code § 7284.6(c)(2)).

805.4 DETERMINATION OF FACTUAL INNOCENCE
In any case where a person has been arrested by deputies of the Lake County Sheriff’s Office and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Administration Supervisor. The Administration Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Administration Supervisor should forward the petition to the Investigative Bureau Supervisor and the County Counsel for review. After such review and consultation with the County Counsel, the Investigative Bureau Supervisor and the Administration Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Administration Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California Department of Justice and other law enforcement agencies (Penal Code § 851.8).

The Administration Supervisor should respond to a petition with the Department’s decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

805.6 ARREST WITHOUT FILING OF ACCUSATORY PLEADING
The Records Bureau Supervisor should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

(a) The individual is issued a certificate describing the action as a detention.
(b) All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

(c) The Bureau of Criminal Identification and Investigation of the DOJ is notified.
Restoration of Firearm Serial Numbers

807.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

807.2 PROCEDURE
Any firearm coming into the possession of the Lake County Sheriff's Office as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

807.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

807.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
807.2.3 DEPUTY RESPONSIBILITY
The Evidence Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

807.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

807.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Evidence Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

807.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

809.1 PURPOSE AND SCOPE
This policy provides guidance on the maintenance and release of department records. Protected information is separately covered in the Protected Information Policy.

(i) Ensuring that public records posted on the Department website meet the requirements of Government Code § 6253.10 including but not limited to posting in an open format where a record may be retrieved, downloaded, indexed, and searched by a commonly used internet search application.

(j) Ensuring that a list and description, when applicable, of enterprise systems (as defined by Government Code § 6270.5) is publicly available upon request and posted in a prominent location on the Department's website.
809.4 PROCESSING REQUESTS FOR PUBLIC RECORDS
Any department member who receives a request for any record shall route the request to the Custodian of Records or the authorized designee.

809.4.1 REQUESTS FOR RECORDS
Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 6253).

The processing of requests for any record is subject to the following (Government Code § 6253):

(a) The Department is not required to create records that do not exist.

(b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for

809.6 SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

809.7 RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

809.8 SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Bureau Supervisor shall ensure that the required notations on local summary criminal history information and police
investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

809.9 SECURITY BREACHES
The Records Bureau Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual

- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

809.9.1 FORM OF NOTICE
(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Lake County Sheriff’s Office.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.

6. A general description of the security breach.

7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Lake County Sheriff's Office has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

2. When the breach involves an email address that was furnished by the Lake County Sheriff's Office, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

809.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:

   (a) Email notice when the Department has an email address for the subject person.

   (b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.
(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

809.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by a deputy, or depicts an incident in which the use of force by a deputy against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Sheriff or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

809.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

809.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

(a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the
Records Maintenance and Release

disclosure. The Custodian of Records should work with the Sheriff in reassessing the decision to continue withholding a recording and notify the requester every 30 days. Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

809.10.3 REDACTION
If the Custodian of Records, in consultation with the Sheriff or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

809.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Protected Information

811.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Lake County Sheriff's Office. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

811.1.1 DEFINITIONS
Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Lake County Sheriff's Office and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

811.2 POLICY
Members of the Lake County Sheriff's Office will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

811.3 RESPONSIBILITIES
The Sheriff shall select a member of the Department to coordinate the use of protected information. The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.
(f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

811.4 ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Lake County Sheriff's Office policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

811.4.1 PENALTIES FOR MISUSE OF RECORDS
It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

811.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Bureau Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of deputies, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.
811.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

811.6 SECURITY OF PROTECTED INFORMATION

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Sheriff and appropriate authorities.

811.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

811.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

811.8 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).
Computers and Digital Evidence

813.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

813.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.

1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.

2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, deputies should document the following in related reports:

1. Where the computer was located and whether or not it was in operation.

2. Who was using it at the time.

3. Who claimed ownership.
4. If it can be determined, how it was being used.

(i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

813.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

813.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

(a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
(b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
(c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
(d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

813.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

(a) If the media has a write-protection tab or switch, it should be activated.
(b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
(c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
Computers and Digital Evidence

(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

813.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

813.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Deputies handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

813.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

813.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.

(b) Deputies are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
(c) As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.

(d) Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.

(e) Deputies requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

813.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

813.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Lake County Sheriff's Office facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

900.1.1 DEFINITIONS
Definitions related to this policy include:

This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

900.2 POLICY

Factors to be considered in determining reasonable suspicion include, but are not limited to:

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Shift Supervisor authorization does not need to be in writing.

Chapter 10 - Personnel
Recruitment and Selection

1000.1 PURPOSE AND SCOPE
This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements the rules that govern employment practices for the Lake County Sheriff's Office and that are promulgated and maintained by the Department of Human Resources.

1000.2 POLICY
In accordance with applicable federal, state, and local law, the Lake County Sheriff's Office provides equal opportunities for applicants and employees, regardless of actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, or any other protected class or status. The Department does not show partiality or grant any special status to any applicant, employee, or group of employees unless otherwise required by law.

The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

1000.3 RECRUITMENT

(e) Employee referral and recruitment incentive programs.
(f) Consideration of shared or collaborative regional testing processes.

The Administration Division Commander shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.
1000.4 BACKGROUND INVESTIGATION

Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of the candidate’s unsuitability to perform duties relevant to the operation of the Lake County Sheriff's Office (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

1000.4.1 STATE NOTICES

If information disclosed in a candidate’s criminal offender record information (CORI) is the basis for an adverse employment decision, a copy of the CORI shall be provided to the applicant (Penal Code § 11105).

1000.4.2 REVIEW OF SOCIAL MEDIA SITES

Due to the potential for accessing unsubstantiated, private or protected information, the Administration Division Commander shall not require candidates to provide passwords, account information or access to password-protected social media accounts (Labor Code § 980).

The Administration Division Commander should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, Internet-based searches and/or review information from social media sites to ensure that:

(a) The legal rights of candidates are protected.
(b) Material and information to be considered are verified, accurate and validated.
(c) The Department fully complies with applicable privacy protections and local, state and federal law.

Regardless of whether a third party is used, the Administration Division Commander should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.4.3 NOTICES

Background investigators shall ensure that investigations are conducted and notices provided in accordance with the requirements of the FCRA and the California Investigative Consumer Reporting Agencies Act (ICRAA) (15 USC § 1681d; Civil Code § 1786.16).

1000.4.4 DOCUMENTING AND REPORTING

The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).

1000.5 SELECTION PROCESS

(g) Local, state and federal criminal history record checks

Candidates will be evaluated based on merit, ability, competence and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge and skills required to perform the position’s essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

(a) Appraising performance during probation.
(b) Assessing the level of performance required to complete probation.

Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The purpose of this Policy is to establish standards and uniform procedures for evaluating, reinforcing, commending, and correcting the performance of members of the Lake County Sheriff's Office.

1002.2 POLICY
Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific period and should be based on performance during that period.

Behavior is defined as conduct in adhering to the laws of Federal, State and local governments, department rules and regulations, general orders, and performance standards. Behavior is rated by evaluating the quality of performance in all of the above mentioned areas. Each member of the Sheriff's Office should be informed of what level of performance is expected of them, should be given requisite training to meet those expectations, and allowed sufficient opportunity to meet those expectations. The Sheriff's Office expectations shall be based on the results/accomplishments and preferred behavior. The expectations should be applied to all members fairly.

Behavior and performance that meets and/or exceeds the minimum standards performance will be encouraged, recognized, and reinforced by the Sheriff's Office. This should be done through commendations, awards, and performance evaluations.

Unsatisfactory behavior and performance should be identified and corrected. The concepts of training and progressive discipline should be used to correct unsatisfactory behavior or below standard performance based on the seriousness of the behavior. Unsatisfactory performance can be divided into two sub-groups: Misconduct and Performance problems.

The Sheriff's Office recognizes that all possible situations or conduct cannot be included in the following definitions. Any situation or conduct, not defined in this order, that the Sheriff's Office wants changed or corrected must be defined by the Sheriff's Office so that all parties understand the need for the change or correction.

(a) DEFINITIONS
1. Misconduct - Misconduct is an act or omission that constitutes a serious and/or flagrant breach of behavioral standards which are defined by administrative and Sheriff's Office rules and regulations, department orders, department performance standards, and/or lawful supervisory direction. Misconduct is corrected by using the disciplinary process. The goal in dealing with misconduct is to immediately correct the errant act or omission and to help set uniform standards of conduct for all members.
Evaluation of Employees

2. Performance Problems - Performance problems are less serious or can be identified as chronic failure to perform in a satisfactory manner. Performance problems should be corrected in a positive, orderly manner. The goal is to rehabilitate the member and ensure future satisfactory performance.

1002.3   RESERVE DEPUTY EVALUATIONS
Reserve deputy evaluations are covered under Policy Manual § 350.

1002.3.1   RESERVE DEPUTY EVALUATIONS
Reserve deputy evaluations are covered under the Reserve Deputies Policy.

1002.4   FULL TIME PROBATIONARY PERSONNEL
Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. Sworn personnel are on probation for 18 months before being eligible for certification as permanent employees. Probationary deputies are evaluated daily, weekly and monthly during the FTO period.

1002.5   FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1002.5.1   RATINGS PROCEDURES
(a) Behavior Recognition and Modification - can take a number of different forms. The components of an effective system of behavior recognition and modification are the performance standard, the performance evaluation, the improvement/disciplinary process.
Evaluation of Employees

1. **The Performance Standard** - The member needs to know what is expected of him/her. Once informed, he/she can be held responsible for meeting those expectations. Performance standards should define satisfactory performance. The performance standard defines what is expected of a member.

2. **The Performance Evaluation** - The member should be evaluated using a comprehensive, valid, and reliable system. The member's performance evaluation provides the member with an accurate reflection of the quality and acceptability of his/her performance. In this process the member will receive ratings of Exceeds Standards, Meets Standards, Below Standards in rating categories. The performance evaluation identified the quality of the member's performance.

   (a) The evaluation process begins after the member is made aware of what is expected of him/her. The member's supervisor shall monitor the member's behavior and provide constant constructive feedback to the member. This feedback shall include all aspects of the member's behavior.

   (b) At the end of the evaluation period, the supervisor will meet with the member to discuss the evaluation and to give the member the opportunity to suggest issues that should be mentioned in the evaluation. The supervisor will then prepare a written evaluation based on all his/her knowledge of the member's work performance. This will provide documented feedback on the member's performance.

   (c) The written evaluation shall be submitted to the Division Commander for approval and/or correction. After the Division Commander approves the evaluation it will be returned to the Supervisor and given to the member in a counseling session. The member may sign and accept the evaluation, may request a conference with the Division Commander within five (5) days to present an opposing view, or may attach a rebuttal to the evaluation within thirty (30) days. If the written rebuttal to the evaluation is submitted within five (5) days it shall be attached to the evaluation as it progresses through the chain of command. If it is submitted later, it will trail the evaluation but shall move through the chain of command and be signed by the Division Commander and Sheriff prior to being attached to the evaluation and placed in the member's personnel file.

   (d) During a conference with the Division Commander, the member may present a reasonable case explaining why an evaluation is not an accurate reflection of the member's performance. The conference shall merely be an informal conference designed to prevent error in evaluation. Evaluation rebuttal conferences with higher authorities are not provided. The Division Commander shall act on the information presented in the conference as
Evaluation of Employees

he/she deems appropriate. This shall include a written correction of errors, if errors are found. The Division Commander is responsible for ensuring the performance evaluation is completed in a reasonable, valid, and timely fashion. He/she shall insure that the Supervisor involved has submitted an accurate evaluation and has followed the evaluation procedure.

(e) After the Division Commander approves the evaluation and it has been presented to the member, the evaluation shall be routed to the Sheriff for review. After the Sheriff reviews and signs the evaluation, it shall be forwarded to the Personnel Department. A copy of the evaluation shall be placed in the member's personnel file.

(b) **The Improvement/Disciplinary Process** - This process is designed to recognize performance that meets or exceeds the standards, improve performance that meets the standards, and to correct below standard performance. This component defines the options that a supervisor may use to document a member's performance.

(a) **Do Nothing** - It is recognized that many times a member will self-correct a performance problem or understand that his/her performance is at an acceptable or above level. The Supervisor has the option to act when he/she observes a performance problem with the hope or presumption that the member will recognize their performance as needing improvement or being unacceptable. It is in the supervisor's and member's best interests if the supervisor reinforces acceptable or above average performance immediately. However, the supervisor may opt to mention that specific performance alter, in an evaluation.

(b) **On-The-Spot Counseling** - It is recognized that more often than not, reinforcement of acceptable performance and correction of unacceptable performance will be most effective if an immediate verbal counseling is given by a Supervisor. On-the-spot verbal reinforcements and corrections may or may not be documented at the Supervisor's discretion. The documentation resulting from the on the spot counseling shall be placed in the member's evaluation file. On the spot counseling is designed to be conducted as soon as reasonable. If on-the spot counseling does not correct a performance problem, then formal counseling should be instituted.

(c) **Formal Counseling** - Formal counseling may be used to reinforce adequate performance or correct inadequate performance. The reinforcement will take the form of a commendation memo. The correction will take the form of a counseling memo. When a Supervisor feels that an individual act or omission or pattern of behavior needs to be reinforced or corrected the Supervisor should use the formal counseling option. The supervisor should counsel the member regarding the performance issue and document that counseling session with a formal counseling memo. The purpose of this is to ensure adequate and
accurate communication between the Supervisor and the member regarding how the member is performing. Formalizing this process allows both parties to understand completely the issues involved in the counseling. Recognition of performance that exceeds standards is as important as identifying performance that is below standards or is unacceptable. This documentation provides a reference for the Supervisor in preparing the member's performance evaluation and in determining if the member has or has not corrected unacceptable behavior and therefore, would be in need of further counseling or additional behavior modification.

(d) **Performance Improvement Plan** - The performance improvement plan is used to enhance already acceptable behavior or provide a structured approach to correcting unacceptable behavior. A performance improvement plan may also be created after imposition of formal discipline where performance improvement is mandated. Supervisors will create performance improvement plans for members. They will establish and conduct periodic member review to insure the member is complying with the terms of the performance improvement plan. A performance improvement plan shall be mentioned in the member's performance evaluation if designed to correct a behavior problem. A performance improvement plan need not be mentioned in the member's evaluation if it was designed to enhance already acceptable performance. The member and the Supervisor shall come to an agreement on how an enhancing Performance Improvement Plan will be documented prior to the implementation of the plan and/or prior to the completion of the plan.

(e) **Discipline** - Should on-the-spot counseling, formal counseling, and/or performance improvement plans fail to correct a behavior or performance problem, the disciplinary process may be used. Depending on the severity of the performance problem, all of the above supervisory options need not be used in progression prior to the use of discipline.

### 1002.6 DISCIPLINE PROCESS

(a) **DISCIPLINE PROCESS**

1. A member’s Supervisor may recommend a written reprimand for misconduct or a performance problem. That recommendation shall be submitted to the next level in the chain of command. In most cases this person will be the Division Commander.

   (a) The Division Commander shall review the documentation supporting the recommendation for a written reprimand. The Division Commander shall either approve, deny, or return the documentation for further work. If the Division Commander approves the Supervisor’s recommendation for written reprimand, he/she shall forward the documentation to
Evaluation of Employees

the Commander assigned to administer discipline. The actual written reprimand shall be issued by the Commander assigned to administer discipline. If the member elects to have an administrative hearing the Administrative Commander shall conduct that hearing.

2. The options in the disciplinary process beyond a written reprimand are: - Suspension - Demotion - Termination

(b) **DOCUMENTATION** - The following methods shall be used to document a member's performance.

(a) **Supervisory Notes or Cards** - Supervisors may opt to document positive and negative aspects of a member's performance. The format for this documentation may include, but will not be limited to, any form of note, card or letter. The act or omission documented should be of a minor nature or should show a pattern or the development of a performance problem.

(b) **Commendation/Counseling Memorandum** - The commendation/counseling memorandum is written documentation that addresses a specific corrective session held between a Supervisor and a member, or addresses a member's positive performance. A counseling memorandum shall be shown to the member and placed in the evaluation file. The member may sign the document. Should the member refuse to sign the memorandum, that fact shall be noted on that document, and signed or initialed by the member. When the member's evaluation period comes to a close and the evaluation is prepared, the Supervisor will have the option to mention or not to mention the counseling memo in the evaluation. The Supervisor should mention a commendation memo in the evaluation. The counseling memorandum will be destroyed after the evaluation period in accordance with the evaluation file purge requirements. A commendation memorandum shall be placed permanently in the member's personnel file. The format for the "Counseling Memorandum" shall be:

(a) The Issues,
(b) A Clear Statement of Performance Expectations,
(c) The Response of the Member,
(d) The Assistance Offered to the Member,
(e) Directions to the Member (to include a time frame for correction),
(f) The Consequences if Performance not Corrected,
(g) The Disposition of the Record of Counseling if Performance is Corrected.

(c) **Performance Improvement Plan** - The Performance Improvement Plan provides a formal, detailed working document for the member and Supervisor. These plans discuss specific performance issues and are directed to providing the member with all reasonable and available means to meet expected
behavioral standards or to enhance already acceptable behavioral standards. PIP's will be retained in the member's evaluation file for the duration of the plan. If a corrective plan is not successfully completed by the member, a formal disciplinary process should be initiated or a follow-up plan developed, if appropriate.

(a) The process of developing a PIP shall be:
   (a) Supervisor drafts PIP,
   (b) Supervisor discusses draft with their Supervisor,
   (c) Supervisor discusses draft with the member and prepares final plan,
   (d) Supervisor implements assistance section,
   (e) Supervisor conducts periodic review meetings with the member, and
   (f) Supervisor completes final progress report on plan.

(b) The format of the PIP will be:
   (a) Performance Standards and failure to meet them,
   (b) How to improve (to include a time frame for improvements),
   (c) Supervisory assistance and guidance, and
   (d) Statement of further action.

(c) A corrective performance improvement plan shall be mentioned in the member's performance evaluation. If the PIP was designed to enhance already acceptable performance, the Supervisor has the option to mention it in the performance evaluation. In no case will a PIP that was designed to enhance already acceptable performance be used in a negative fashion.

(d) Evaluation - As discussed previously, the Performance Evaluation shall be a reflection of the member's performance. After the annual or special evaluation has been approved and routed properly, it shall be placed in the member's personnel file, with evaluation rebuttal if submitted, as permanent documentation of the member's performance for that rating period. NOTE: Interim evaluations shall be placed in the Evaluation file, for the express purpose of accurately preparing the annual evaluation.

(e) Discipline - Formal discipline is defined as punitive action taken against a member ranging from a written reprimand to, and including termination. Whenever formal discipline is implemented that discipline shall be documented and placed in the member's personnel file. The discipline shall also be mentioned in the member's evaluation.

(f) Evaluation File - The evaluation file is a file that will provide continuity supervision and accuracy in the evaluation process. Each member will have only one evaluation file. The file is to be kept in the control of the Division Supervisors. As a member moves to different divisions or units, that evaluation file shall be transferred from Supervisor to Supervisor. There will be a mandatory purge criteria dealing with items that are placed in the evaluation file. This will insure
timeliness in removing those items, which have been adequately dealt with. The evaluation file will be open to the member. Any adverse entry into the evaluation file shall be signed or initialed by the member to insure the member's knowledge of the issue.

(a) A member has the right to present a rebuttal, in writing, to any negative documentation that is placed in the evaluation file.

(g) **Purge Criteria for the Evaluation File** - Items in the evaluation file shall be returned to the member at the end of the annual evaluation period, unless a specific performance problem is documented and identified as a continuing problem. Those items identifying a continuing performance problem will be returned to the member when the specific performance problem is corrected.

(h) **Personnel File** - The member personnel file shall be kept in the Administration Office and shall contain performance evaluations and documents describing formal disciplinary action. Supervisor's notes, cards, letters, records of counseling and performance improvement plans shall not be kept in the personnel file.

(c) **PERFORMANCE STANDARDS**

(a) The preceding Performance Standards Manuals establish guidelines for the conduct of all member classifications in the Lake County Sheriff's Office. The minimum standard of performance is defined for each category. Many performance dimensions, requirements, and categories have been included in these documents. However, the Department recognizes that not all possible situations can be documented in these performance standards. These standards are intended as guidelines to cover specific and general behaviors and performances.

1002.6.1 **DISCRIMINATORY HARASSMENT FORM**

At the time of each employee’s annual evaluation, the reviewing supervisor shall require the employee to read the County and Department harassment and discrimination policies. Following such policy review, the supervisor shall provide the employee a form to be completed and returned by the employee certifying the following:

(a) That the employee understands the harassment and discrimination policies.

(b) Whether any questions the employee has have been sufficiently addressed.

(c) That the employee knows how and where to report harassment policy violations.

(d) Whether the employee has been the subject of, or witness to, any conduct that violates the discrimination or harassment policy which has not been previously reported.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week.
Evaluation of Employees

The employee's completed answers shall be attached to the evaluation. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall insure that appropriate follow up action is taken.

1002.7 EVALUATION REVIEW
After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander shall evaluate the supervisor on the quality of ratings given.

1002.8 EVALUATION DISTRIBUTION
The original performance evaluation will be forwarded to County Department of Human Resources. A copy of the performance evaluation shall be maintained in the employee's personnel file in the office of the Sheriff for the tenure of the employee's employment, and a copy will also be given to the employee.

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

• Refusing to hire or denying a promotion.
• Extending the probationary period.
• Unjustified reassignment of duties or change of work schedule.
• Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
• Taking unwarranted disciplinary action.
• Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
• Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1007.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Sheriff or the County Director of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1007.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.

(b) Receiving all complaints in a fair and impartial manner.

(c) Documenting the complaint and any steps taken to resolve the problem.

(d) Acknowledging receipt of the complaint, notifying the Sheriff via the chain of command and explaining to the member how the complaint will be handled.

(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.

(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.

(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

(h) Not interfering with or denying the right of a member to make any complaint.

(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
1007.6 COMMAND STAFF RESPONSIBILITIES
The Sheriff should communicate to all supervisors the prohibition against retaliation. Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.
(b) The timely review of complaint investigations.
(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
(d) The timely communication of the outcome to the complainant.

1007.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.
(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
(e) Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1007.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).
1007.8  RECORDS RETENTION AND RELEASE
The Records Bureau Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1007.9  TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1009.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1009.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1009.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1009.4 REPORTING PROCEDURE
All members of this department and all retired deputies with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1009.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Risk Management

1010.1 PURPOSE AND SCOPE
INJURY AND ILLNESS PREVENTION

Lake County's Human Resources Personnel has issued a manual containing the County's Injury and Illness Prevention Program (IIPP) to all new employees as part of their orientation program.

(a) All employees receive training in:
   1. Fire Prevention
   2. Hazard Communication
   3. Bloodborne Pathogens
   4. Sexual Harassment
   5. Racial and Cultural Diversity and Profiling
   6. (see Policy 208.1 for additional Law Enforcement Training requirements)

1010.2 CODE OF SAFE PRACTICES

All employees are required by Lake County Human Resources at new employee orientation to read and understand the Code of Safe Practices and certify the same. Safety is a cooperative undertaking requiring participation by every employee and every supervisor. Failure by any employee or supervisor to comply with safety rules will be grounds for corrective discipline. Supervisors shall insist that employees observe all applicable County, State and Federal safety rules and practices and shall take action as necessary to obtain compliance. To carry out this policy employees should reread the Code of Safety Practices at least annually and comply with the following:

(a) Report all unsafe conditions and equipment to your supervisor or safety coordinator.
(b) Report all accidents, injuries and illnesses to your supervisor immediately.
(c) Keep all exits unblocked and well lighted during work hours.
(d) In the event of a fire sound the safety alarm or call 911, and evacuate.
(e) Upon hearing the fire alarm, stop work and proceed to the nearest clear exit. Report to your designated assembly point and count heads and determine, with your fellow workers, identity of any persons who may be missing.
(f) Only trained workers may attempt to respond to a fire or other emergency.
(g) Exit doors must meet fire safety regulations during business hours.
(h) Always keep stairways clear of items that can cause trips or falls, and do not store combustibles beneath stairways used as exit routes.
Risk Management

(i) Do not store materials and equipment against doors or exits, fire ladders or fire extinguisher stations.

(j) Keep aisles clear at all times.

(k) Maintain work areas in neat order and condition. Deposit trash and refuse in proper waste containers.

(l) Wipe up all spills promptly.

(m) Store files and supplies in a manner so as to preclude damage to the supplies or injury to personnel. Store heaviest items closest to the floor and lightweight items above.

(n) All cords running into walk areas must be taped down or inserted through rubber protectors to minimize risk of tripping hazards.

(o) Never stack material precariously on top of lockers, file cabinets or other high places.

(p) Never leave open unattended lower desk or cabinet drawers. They are a tripping hazard. Use care when opening and closing drawers to avoid pinching fingers. Open heavily loaded drawers with caution and, if possible, stand to the side to avoid injury by a falling drawer.

(q) Do not open more than one upper file drawer at a time; particularly the top two drawers on tall file cabinets. Never open more than one drawer at a time on sliding shelf file cabinets.

(r) Always use the proper lifting technique. Never attempt to lift or push an object that is too heavy. Contact your supervisor when help is needed to move a heavy object.

(s) When carrying material caution should be exercised in watching for and avoiding obstructions, loose material, trip hazards, etc. Never try to go up or down a stairway while carrying a load that obstructs your vision.

(t) Plug electrical equipment into appropriate wall receptacles or into an extension of only one cord of equal or greater size and capacity. Use three-pronged plugs to ensure continuity of ground.

(u) Keep individual heaters in work areas clear of combustible materials such as drapes or waste. Heaters equipped with tip-over switches should be used if available.

(v) Appliances such as coffee pots and microwave ovens must be maintained in good working order. Inspect regularly for signs of wear, heat or fraying of cords.

(w) Fans used in work areas must be equipped with guards. Guards must prevent insertion of fingers through the mesh or grill.

(x) Use equipment such as scissors, staplers, etc., only for their intended purposes and not as hammers, pry bars, screwdrivers, etc. Misuse can cause damage to equipment and possible injury to the user.
(y) Store cleaning supplies away from edible items on kitchen shelves.

(z) Cleaning solvents and flammable liquids must be stored in appropriate containers, contents identified, and clearly marked with appropriate hazard warnings.

(aa) Materials that may be poisonous or not intended for consumption must be kept in well labeled containers and stored away from all edible items.

1010.3 GUIDELINES

(a) If anyone is injured, whether it's an employee or otherwise, call for medical assistance (911) and then provide whatever help you are medically trained to provide. Do not attempt to transport the injured person unless 911 instructs you to do so.

(b) Do not discuss the circumstances of the incident with anyone except upon request by an officer of the law, the Sheriff's Office or division supervisor, a representative of the Risk Management Office, or a legal representative of the Office of the County Counsel. Avoid all discussions with other persons present, including witnesses, injured persons or co-workers.

(c) Every incident, regardless of how minor it may seem, should be reported to the individual's immediate supervisor at once.

(d) An incident investigation should be completed on each accident by the individual's supervisor. Accidents should be investigated as soon as possible after occurrence to obtain the most complete and useful information regarding the incident, before the situation changes and details are forgotten.

(e) Incident investigation should be completed in as detailed a manner as possible and should, at a minimum, require the following:

1. Who was involved?
2. When did it occur
3. Where did it happen
4. What happened?
5. Why did it happen?
6. What caused it?
7. What can keep it from happening again?
8. Witness statements.
9. Photographs
1010.4 EMERGENCY FIRE/EVACUATION POLICY
This emergency/ fire evacuation policy is designed to provide basic guidelines for orderly evacuation of County facilities in the event of fire, bomb threat, or any natural catastrophe. The objective of this program is to provide guidance for preplanning activities, assign responsibilities, educate County personnel, and train personnel where necessary.

(a) The Superintendent of Facilities Maintenance will designate an individual to inspect each County facility on a periodic basis.

(b) The County's Loss Control Office working with the department, will develop an emergency/fire evacuation plan for each department and/or building. This plan will include:

1. Written Instructions - Instructions should be given for actions to be taken in the event of fire, bomb threat, or various natural catastrophes. Instructions should include emergency notifications, self-help measures to be taken, etc.

2. Evacuation Plan - An evacuation plan will consist of a scale drawing of the floor plan of the departments/buildings involved, indicating all exits, windows, fire hoses, standpipes, fire extinguishers, electrical panels and shutoffs, evacuation gatherings points, and where instructions are posted ("you are here"). The floor plan should be divided into zones designating which exit services that different areas of the building.

3. Both the written plan and the evacuation floor plan drawing should be posted in prominent bulletin board locations throughout each facility.

4. All personnel working within the facility should be fully briefed and trained on the content and working matters of the plan.

5. Actual evacuation drills should be practiced on a periodic basis in the larger more complex building layouts.

6. The individual appointed to inspect for building safety should ensure that all standpipes, fire hoses, fire extinguishers, etc., are inspected and in proper working order. Inspection frequencies should coincide with current National Fire Prevention Association Guidelines or other state, county or local fire authority requirements.
Drug- and Alcohol-Free Workplace

1011.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1011.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1011.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1011.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1011.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1011.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1011.5 EMPLOYEE ASSISTANCE PROGRAM
There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1011.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1011.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1011.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1011.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1011.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1011.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1013.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1013.2 POLICY
It is the policy of the Lake County Sheriff's Office to provide eligible employees with a sick leave benefit.

1013.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1013.3.1 NOTIFICATION
All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
1013.4 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1013.5 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:
   1. Negatively affected the member’s performance or ability to complete assigned duties.
   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.

(f) When receiving notification from an employee that the employee is using sick leave, it is the responsibility of the Supervisor/Watch Commander to send an Email Sick notification. The notification will include the identity of the employee, the date and time the employee made notification, whether overtime was needed to cover the employee's absence, and who they are using sick leave for (i.e.; themselves or a qualified family member).

1013.6 REQUIRED NOTICES
The Director of Human Resources shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.
Communicable Diseases

1015.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1015.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Lake County Sheriff’s Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1015.2 EXPOSURE CONTROL OFFICER
The Sheriff will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
2. Bloodborne pathogen mandates including (8 CCR 5193):
   (a) Sharps injury log.
   (b) Needleless systems and sharps injury protection.
3. Airborne transmissible disease mandates including (8 CCR 5199):
Communicable Diseases

(a) Engineering and work practice controls related to airborne transmissible diseases.

(b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.

6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).

(f) Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1015.3 EXPOSURE PREVENTION AND MITIGATION

1015.3.1 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1015.3.2 GENERAL PRECAUTIONS
All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
Communicable Diseases

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1015.4 TRAINING
All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

(a) Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

1015.5 CONFIDENTIALITY OF REPORTS
Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1015.6 POST EXPOSURE

1015.6.1 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:
Communicable Diseases

(a) Obtaining consent from the individual.

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1015.6.2 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1015.6.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.

(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1015.6.4 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):
Communicable Diseases

(a) Name and Social Security number of the member exposed
(b) Date and time of the incident
(c) Location of the incident
(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
(e) Work being done during exposure
(f) How the incident occurred or was caused
(g) PPE in use at the time of the incident
(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1015.6.5 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
(b) Obtain medical attention as appropriate.
(c) Notify a supervisor as soon as practicable.

1015.7 POLICY
The Lake County Sheriff's Office is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.
Smoking and Tobacco Use

1017.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Lake County Sheriff's Office facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1017.2 POLICY
The Lake County Sheriff's Office recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as is further outlined in this policy (Government Code § 7597; Labor Code § 6404.5). This policy does not prohibit the use of approved tobacco products by inmates housed in the Hill Road Correctional Facility in areas designated by the Jail Commander.
Personnel Complaints

1019.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Lake County Sheriff's Office. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1019.2 POLICY
The Lake County Sheriff's Office takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1019.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1019.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
Personnel Complaints

1019.3.2 SOURCES OF COMPLAINTS
The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

1019.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1019.4.1 COMPLAINT FORMS
Personnel complaint forms will be maintained in a clearly visible location in the public area of the sheriff's facility and be accessible through the department website. Forms may also be available at other County facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1019.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

1019.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The Department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1019.5 DOCUMENTATION
Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.
Personnel Complaints

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Sheriff or the authorized designee.

1019.6   ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows

1019.6.1   SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   1. The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Sheriff, who will initiate appropriate action.

(b) Responding to all complainants in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Supervisor.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Supervisor and the Sheriff are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Department of Human Resources and the Shift Supervisor for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Shift Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.
Personnel Complaints

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:

1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1019.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Lake County Sheriff's Office or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the deputy in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any deputy solely because the deputy has been placed on a prosecutor’s *Brady* list or the name of the deputy may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the deputy has been placed on a Brady list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1019.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Investigations of personnel complaints shall be detailed, complete and essentially follow this format:

Background - Provide a summary of the complaint and the conduct surrounding the complaint.

Investigation - List a timeline to include the date and time of actions taken.

Applicable Authorities - List the policy/rules/law sections applicable to the allegations.

Analysis - The report narrative, to follow the Investigation timeline.

Summary - A brief summary of relevant information obtained during the investigation

Attachments - A detailed list of items attached to the investigative report

1019.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

SUSTAINED - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Sections 3304 and 3304.5 of the Government Code, that the actions of a deputy were found to violate law or department policy (Penal Code § 832.8).
Personnel Complaints

NOT SUSTAINED - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

UNFOUNDED - When the investigation clearly establishes that the allegation is not true (Penal Code § 832.8).

NO FINDING – The complainant failed to disclose promised information to further the investigation; or the investigation revealed that another agency was involved and the complaint or complainant has been referred to that agency; or the complainant wishes to withdraw the complaint; or the complainant is no longer available for clarification.

EXONERATED - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

1019.6.5   COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1019.6.6   NOTICE TO COMPLAINTANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1019.7   ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member’s presence, with the member’s consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1019.7.1   DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements
Personnel Complaints

1019.8 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Sheriff or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1019.9 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.

1019.10 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary deputy subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the Peace Officer Bill of Rights (Government Code § 3303; Government Code § 3304). At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Sheriff or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Sheriff shall be final.

1019.11 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

During any administrative appeal, evidence that a deputy has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations
of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1019.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1019.13 PRE-DISCIPLINE EMPLOYEE RESPONSE
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Sheriff after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

(c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Sheriff to consider.

(d) In the event that the Sheriff elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.

(e) The employee may thereafter have the opportunity to further respond orally or in writing to the Sheriff on the limited issues of information raised in any subsequent materials.

1019.14 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Sheriff through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Sheriff may accept or modify any classification or recommendation for disciplinary action.

1019.14.1 SHERIFF RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Sheriff shall review the recommendation and all accompanying materials. The Sheriff may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Sheriff is satisfied that no further investigation or action is required by staff, the Sheriff shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Sheriff shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons.
Personnel Complaints

for the proposed action. Written notice shall be provided within one year from the date of discovery
of the misconduct (Government Code § 3304(d)). The Sheriff shall also provide the member with:

(a) Access to all of the materials considered by the Sheriff in recommending the proposed
discipline.
(b) An opportunity to respond orally or in writing to the Sheriff within five days of receiving
the notice.

1. Upon a showing of good cause by the member, the Sheriff may grant a
reasonable extension of time for the member to respond.
2. If the member elects to respond orally, the presentation may be recorded by
the Department. Upon request, the member shall be provided with a copy of the
recording.

Once the member has completed his/her response or if the member has elected to waive any
such response, the Sheriff shall consider all information received in regard to the recommended
discipline. The Sheriff shall render a timely written decision to the member and specify the grounds
and reasons for discipline and the effective date of the discipline. Once the Sheriff has issued a
written decision, the discipline shall become effective.

1019.14.2 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Commander of the involved
member shall review the entire investigative file, the member's personnel file and any other
relevant materials.

The Division Commander may make recommendations regarding the disposition of any
allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Sheriff, the Division Commander may return the entire
investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Sheriff, the Division Commander shall include
all relevant materials supporting the recommendation. Actual copies of a member's existing
personnel file need not be provided and may be incorporated by reference.

1019.14.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT
The Sheriff or the authorized designee shall ensure that the complainant is notified of the
disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code
§ 832.7(f)).

1019.14.4 NOTICE REQUIREMENTS
The disposition of any civilian’s complaint shall be released to the complaining party within 30
days of the final disposition. This release shall not include what discipline, if any, was imposed
(Penal Code § 832.7(f)).
Personnel Complaints

1019.15 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Lake County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.
Seat Belts

1021.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1021.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1021.2 WEARING OF SAFETY RESTRAINTS
All employees shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by the Sheriff's Office while on- or off-duty or in any privately owned vehicle while on-duty. The employee driving such a vehicle shall ensure that all other occupants, including non-employees, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the deputy or the public. Employees must be prepared to justify any deviation from this requirement.

1021.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1021.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1021.5 POLICY
It is the policy of the Lake County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.
1021.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1021.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1021.8 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor (Ballistic vests)

1023.1 PURPOSE AND SCOPE

The purpose of this policy is to provide deputies with guidelines for the proper use of body armor.

1023.2 POLICY

It is the policy of the Lake County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures. The terms "body armor" and "ballistic vest" are used interchangeably in this policy.

1023.3 ISSUANCE OF BODY ARMOR

The Sheriff's Office shall provide all deputies assigned to the enforcement division and the Custody Transportation Unit with ballistic vests. The ballistic vests issued by the Sheriff's Office shall provide protection equal to or exceeding Threat Level IIIA as as defined by the National Institute of Justice (NIJ). The ordering and issuance of ballistic vests shall be coordinated by the Administration and Finance divisions, after proper measuring of the deputy. Ballistic vests purchased by the Sheriff's Office will remain the property of the Sheriff's Office.

1023.3.1 USE OF SOFT BODY ARMOR

Generally, the use of ballistic vests are mandatory and subject to the following:

(a) 1. The wearing of Sheriff's Office issued or approved body armor is mandatory for all unformed Deputies while they are on duty and engaged in patrol operations.

2. The wearing of Sheriff’s Office issued or approved body armor is mandatory for all Deputies who are permanently assigned to Custody Transportation Unit.
   1. The term permanently assigned shall be defined as a Deputy whose primary assignment is working on or supervising the Transportation Unit and who receives the related extra pay for that assignment.

3. Deputies working grant or overtime programs involving the activities listed in section a are required to wear body armor.

4. Deputies participating in high risk or tactical situations, including but not limited to, search warrant executions, drug raids, initial crime scene response, and serving felony warrants, shall be required to wear a ballistic vest during the execution of the operation. Additionally, a supervisor may direct subordinate staff to wear body armor during unusual occurrences as he or she deems appropriate.

5. Deputies assigned to Administration and Investigative duties shall wear ballistic vests at the discretion of their immediate supervisor. Any deputy working a non-uniformed assignment must have their ballistic vest readily available in their Sheriff's Office vehicle. Vests shall be worn if the deputy is reasonably expected to take enforcement action.
Body Armor (Ballistic vests)

6. Deputies assigned to the Special Weapons and Tactics team (SWAT) will be provided a specialized ballistic vest for use during deployments. That vest shall provide protection equal to or exceeding Threat level III for soft panels and Threat level IV for ballistic plates, as defined by the NIJ.

7. Deputies may purchase their own ballistic vest. The vest must provide protection equal to or exceeding Threat level IIIA, as defined by NIJ. Deputies who purchase their own ballistic vest will not be eligible for reimbursement.

8. Exceptions/Exemptions:
   (a) Assignments in certain environmental conditions, such as extreme heat. Such conditions will be evaluated by the on-duty supervisor who will make a determination as to any exception to this policy.
   (b) Deputies assigned to the Marine Patrol Division are exempt from this policy.
   (c) Deputies wearing the ceremonial dress uniform are exempt from this policy.
   (d) Medical conditions may preclude the wearing of a ballistic vest. Deputies seeking a medical exception to this policy shall submit written verification by a physician to their immediate supervisor.

1023.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections.

1023.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Ballistic vests should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Ballistic vests should be cared for and cleaned pursuant to the manufacturer’s care instructions provided with the ballistic vests. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities. If care instructions for the ballistic vests cannot be located, contact the manufacturer to request care instructions.

Ballistic vests should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Ballistic vests shall be replaced in accordance with the manufacturer’s recommended replacement schedule.

1023.4 RANGEMASTER RESPONSIBILITIES
The Rangemaster should:
(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates deputies about the safety benefits of wearing body armor.

   2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
   3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. Such a refusal, however, shall
not be deemed insubordination, nor shall it prohibit the entry of the adverse comment into the member's file (Government Code § 3305).

(g) Commendations and awards.

(h) Any other information, the disclosure of which would constitute an unwarranted invasion of personal privacy.

1025.4 DIVISION FILE

The Division file may contain supervisor comments, notes, notices to correct and other materials that are intended to serve as a foundation for the completion of timely performance evaluations.

All materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.

1025.5 TRAINING FILE
An individual training file shall be maintained by the Training Manager for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically (e.g., Daily Training Bulletin (DTB) records).

(a) The involved member is responsible for providing the Training Manager or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Training Manager or supervisor shall ensure that copies of such training records are placed in the member’s training file.

1025.6 INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Unit in conjunction with the office of the Sheriff. Access to these files may only be approved by the Sheriff or the Professional Standards Unit supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12). Investigations of complaints that result in the following findings shall not be placed in the member’s file but will be maintained in the internal affairs file:

(a) Not sustained

(b) Unfounded

(c) Exonerated

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that
resulted in other than a sustained finding may not be used by the Department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

(d) Medical release forms, doctor’s slips and attendance records that reveal a member’s medical condition.

(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1025.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the County Administrator, County Counsel or other attorneys or representatives of the County in connection with official business.

1025.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Custodian of Records or other person charged with the maintenance of such records.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.
All requests for disclosure that result in access to a member’s personnel records shall be logged in the corresponding file.

1025.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1025.9 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS
Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Sheriff through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the Department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files that have not been sustained against the member.

(c) Criminal investigations involving the member.

(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

(e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.

(f) Materials used by the Department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.
(g) Information of a personal nature about a person other than the member if disclosure of
the information would constitute a clearly unwarranted invasion of the other person's
privacy.

(h) Records relevant to any other pending claim between the Department and the member
that may be discovered in a judicial proceeding.

1025.10 RETENTION AND PURGING
Unless provided otherwise in this policy, personnel records shall be maintained in accordance
with the established records retention schedule.

(a) During the preparation of each member’s performance evaluation, all personnel
complaints and disciplinary actions should be reviewed to determine the relevancy,
if any, to progressive discipline, training and career development. Each supervisor
responsible for completing the member’s performance evaluation should determine
whether any prior sustained disciplinary file should be retained beyond the required
period for reasons other than pending litigation or other ongoing legal proceedings.

(b) If a supervisor determines that records of prior discipline should be retained beyond
the required period, approval for such retention should be obtained through the chain
of command from the Sheriff.

(c) If, in the opinion of the Sheriff, a personnel complaint or disciplinary action maintained
beyond the required retention period is no longer relevant, all records of such matter
may be destroyed in accordance with the established records retention schedule.

1025.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN
INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF DEPUTIES
Personnel records and records related to certain incidents, complaints, and investigations of
deputies shall be released pursuant to a proper request under the Public Records Act and subject
to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Sheriff or the Professional
Standards Unit supervisor in determining what records may qualify for disclosure when a request
for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person
  or body charged with determining whether to file criminal charges against a deputy
  in connection with an incident, or whether the deputy’s action was consistent with
  law and department policy for purposes of discipline or administrative action, or what
discipline to impose or corrective action to take.
Personnel Records

- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by a deputy.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by a deputy.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department or oversight agency regarding:
   1. A deputy engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
   2. Dishonesty of a deputy relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another deputy, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple deputies, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of a deputy unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the deputy. However, factual information about the action of the deputy during an incident or the statements of a deputy shall be released if the statements are relevant to a sustained finding of the qualified allegation against another deputy that is subject to release (Penal Code § 832.7(b)(4)).

1025.11.1 REDACTION
The Custodian of Records, in consultation with the Sheriff or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of deputies

(b) Information that would compromise the anonymity of complainants and witnesses

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly
Personnel Records

outweighs the strong public interest in records about misconduct and serious use of force

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the deputy or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1025.11.2 DELAY OF RELEASE
Unless otherwise directed by the Sheriff, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations
   1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
   2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a deputy or against someone other than a deputy who used the force.

(b) Filed criminal charges
   1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations
   1. Disclosure may be delayed until whichever occurs later:
      (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department’s discovery of the use of force or allegation of use of force
      (b) Thirty days after the close of any criminal investigation related to the deputy’s use of force

1025.11.3 NOTICE OF DELAY OF RECORDS
When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):
(a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

(a) When the criminal proceeding is against someone other than a deputy and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by deputies.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).
Request for Change of Assignment

1027.1 PURPOSE AND SCOPE
It is the intent of the Sheriff's Office that all requests for change of assignment are considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made.

1027.1.1 REORIENTATION WHEN REASSIGNED TO ENFORCEMENT POLICY
The Lake County Sheriff's Office recognizes that the duties of a patrol deputy requires specialized skills, including, but not limited to those related to officer safety, emergency driving, and appropriate use of force. These skills can become diminished when a deputy is assigned to a non-enforcement function for an extended period of time. Prior to return to an enforcement assignment, these skills should be refreshed, as may appropriately be done in a reorientation program for patrol. The purpose of this policy is not to evaluate the competency of the deputy, but to provide a smooth transition back into the Enforcement Division.

PROCEDURE
(a) All deputies having been on specialized assignment to another division, i.e. Boat Patrol, Investigations, Narcotics, etc., or on leave for more than twelve (12) months shall, when reassigned to the Enforcement Division, be assigned to a Field Training Officer for a period of three to five days.

(b) All deputies shall be familiarized with any changes in report writing, policy additions and/or deletions, and current legal updates.

(c) The Field Training Officer shall notify the Enforcement Commander, in writing, that the deputy has been made aware of any policy changes, current legal updates, and changes in report writing procedures.

(d) The Field Training Officer shall not evaluate the deputy. The Field Training Officer may offer, in writing, to the Enforcement Commander, comments or suggestions that may improve the reassigned deputy's performance, such as additional remedial training, formal training courses, etc.

1027.1.2 ASSIGNMENT TO SPECIALIZED DUTIES OR POSITIONS POLICY
Members and employees of the Lake County Sheriff's Office may be assigned to specialized duties or positions, some of which may result in additional compensation, when such duties and positions are consistent with the rank or grade of said member or employee. Such assignments shall be made at the discretion of and for such duration as authorized by the Sheriff or his designee.

PROCEDURE
(a) The Lake County Sheriff's Office utilizes several non-exclusive methods to differentiate its members and employees. These methods include distinction by rank or grade or job title, such as sergeant, deputy sheriff II, or office assistant. Members and employees may also be distinguished by assignment to specialized duties or positions, such as field training officers, investigators or other specialists.

(b) Pursuant to existing memorandums of understanding between the County of Lake and the effected members or employees, certain of these specialized duty assignments may result in additional compensation to the member or employee during the period of such assignment. Such compensation is in addition to that provided as basic compensation under the existing memorandums of understanding, and is not part of the basic salary or benefits of the effected member or employee.

(c) The Sheriff of the County of Lake may, at his or her discretion, make such assignments as he or she may deem necessary, within consistent ranks, grades or job titles.

(d) Such assignments shall not be considered permanent and the duration of such assignment shall be at the discretion of the Sheriff.

(e) No permanent entitlement shall attach to any temporary compensation or benefit received by any member or employee as a result of such assignments.

1027.2 REQUEST FOR CHANGE OF ASSIGNMENT
Personnel wishing a change of assignment are to complete a Request for Change of Assignment form. The form should then be forwarded through the chain of command to their Division Commander.

1027.2.1 PURPOSE OF FORM
The form is designed to aid employees in listing their qualifications for specific assignments. All relevant experience, education and training should be included when completing this form. All assignments an employee is interested in should be listed on the form.

The Request for Change of Assignment form will remain in effect until the end of the calendar year in which it was submitted. Effective January 1st of each year, employees still interested in new positions will need to complete and submit a new Change of Assignment Request form.

1027.3 SUPERVISOR'S COMMENTARY
The deputy's immediate supervisor shall make appropriate comments in the space provided on the form before forwarding it to the Division Commander of the employee involved. In the case of patrol deputies, the Shift Supervisor must comment on the request with his/her recommendation before forwarding the request to the Division Commander. If the Shift Supervisor does not receive the Change of Assignment Request Form, the Division Commander will initial the form and return it to the employee without consideration.
Employee Awards and Commendations

1029.1 PURPOSE AND SCOPE
Special recognition may be in order whenever an employee performs his/her duties in an exemplary manner. This procedure provides general guidelines for the commending of exceptional employee performance.

1029.2 COMMENDATION, MEDAL, AND RIBBON RECOMMENDATIONS
A written commendation may be made by any supervisor regarding any other member of the Sheriff's Office, provided the reporting person is superior in rank or is the person-in-charge of the individual being commended. Additionally, investigating deputies may commend uniformed deputies for exceptional assistance in investigative functions, with approval from the investigator's supervisor. Any member may recommend a commendation to the supervisor of the member subject to commendation.

Any member or citizen may submit an application for any other member or themselves to receive commendation, a medal, or a ribbon. All applications must be submitted in writing to the Sheriff or a Command Staff member. After reviewing the application, the Sheriff or Command Staff member will forward the application to the chairperson of the Recognition Committee. It is in the best interest of the Sheriff's Office, its members, and the citizens we serve that all acts of heroism and outstanding distinguished service be recognized and rewarded. Each member has an equal opportunity to bring these acts or actions to attention and is encouraged to do so.

The Sheriff may choose to issue a Certificate of Commendation or a Certificate of Appreciation in lieu of medals or ribbons.

1029.3 COMMENDABLE ACTIONS
A meritorious or commendable act by an employee of this Sheriff's Office may include, but is not limited to, the following:

• Superior handling of a difficult situation by an employee
• Conspicuous bravery or outstanding performance by any employee of the Sheriff's Office
• Any action or performance that is above and beyond the typical duties of an employee

1029.3.1 RECOGNITION COMMITTEE STRUCTURE AND REQUIREMENTS
The Recognition Committee shall be appointed by the Sheriff or his designee.

The Recognition Committee should consist of:

• One member of Command Staff
• One Deputy Sergeant or Correctional Sergeant
• One Deputy Sheriff or Correctional Officer
Employee Awards and Commendations

Each member of the committee will have an equal vote in deciding on recognition awards. The Command Staff member will serve as the chairperson and as a representative of management for the purposes of facilitating fair and impartial proceedings for all applications.

The committee will meet as necessary to review requests for awards. Each committee will be assigned by the committee chairperson as deemed necessary. In order for a commendation to be awarded, the Recognition Committee must come to a unanimous vote. The Command Staff member shall prepare a list of commendations the committee voted to be awarded and provide that list to the Sheriff.

1029.3.2 SHERIFF'S OFFICE AWARDS
MEDAL OF VALOR

The Lake County Sheriff's Office Medal of Valor is awarded to members who, while serving in an official capacity, distinguish themselves conspicuously by heroic action above and beyond the call of duty. Each recommendation for the Medal of Valor is based upon the following criteria:

1. The situation was extremely hazardous.
2. A strong possibility existed at the time the member acted that they could have suffered serious injury or death.
3. The act was not foolhardy.
4. The member did not use poor judgment or procedures, thus creating the necessity for action.
5. The fact the member then performed valorously shall not in itself merit the Medal for Valor.

SHERIFF'S SILVER STAR

The Sheriff's Silver Star may be awarded to members who distinguish themselves by bravery and heroism above and beyond the normal demands of duty, but to a lesser degree than required for the Medal of Valor, and who distinguish themselves by performing in stressful situations with exceptional tactics and/or judgment.

SHERIFF'S SERVICE MERITORIOUS MEDAL

The Sheriff's Service Meritorious Medal may be awarded to employees who perform meritorious service similar to, but to a lesser degree than required for the Sheriff's Silver Star.

PURPLE HEART
A member will be eligible when he/she suffers an injury as a result of unlawful force aimed at them, which could have resulted in death. This award shall also be awarded, posthumously, to the family of a deceased departmental employee. The next of kin, in order of precedence, are widow/widower, eldest son or daughter, father, mother, eldest brother or sister.

1029.3.3 ACHIEVEMENT RIBBONS

LIFESAVING AWARD

A member will be eligible anytime he/she saves a life in an immediate life threatening situation. The situation would have to be such that if the employee did not act, a life would have been lost. The employee does not have to be on-duty during the incident. Routine emergency calls for service will not suffice to obtain this ribbon (i.e.: first aid calls). First aid or a rescue attempt must be given to the victim.

SAFE DRIVING

A Deputy will be eligible when they complete five years without being involved in a traffic accident as either the cause or contributing factor of the accident. Only accidents which warrant an investigation shall be used for disqualification. The Deputy shall not have any reference to a less than satisfactory driving ability on any performance evaluation during the five-year period. Gold stars will be attached for each additional five years this criteria is met.

PERFECT ATTENDANCE

A member will be eligible when they receive five years of no sick leave used or no extended absences from work. Gold stars will be added for each additional five years this criteria is met.

MILITARY SERVICE

Members will be awarded this ribbon for having served honorably in one of the U.S. Armed Forces.

EDUCATIONAL ACHIEVEMENT
Employee Awards and Commendations

Members will be eligible when they receive a Baccalaureate Degree from a college or university. Gold stars will be added when a Masters and Doctorate Degree are received.

**EMERGENCY MEDICAL TECHNICIAN**

A member will be eligible when they satisfactorily complete a certified EMT course. A gold star will be added upon completion of an EMT-II course. This may be worn as long as the certification is current.

**COMMUNITY SERVICE**

A member who devotes an extraordinary amount of off-duty time and energy to developing positive community relations between the Lake County Sheriff's Office and citizens may receive this ribbon. The member:

1. Must devote off-duty time well above that required for any Sheriff's Office paid program.
3. Must exceed 100 hours.
4. Must be Sheriff's Office related community service.
5. Above community service must be described, including hours, in a memorandum directed to the employees supervisor for review by the Recognition Committee.

**STOLEN VEHICLE RECOVERY**

A Deputy will be eligible when, during a twelve-month period, they meet any of the following criteria:

1. Make six separate incident, rolling, in custody, confirmed 10851 arrests, or
2. Recover a total of twelve confirmed stolen vehicles of which a minimum of three must be rolling, or;
3. Develop information which results in the identification of a theft ring, subsequent arrest of two or more suspects, and the recovery of at least ten confirmed stolen vehicles.

**SHERIFF'S CITATION**
Employee Awards and Commendations

The Sheriff's Citation will be awarded to any member who engages in a program or operation that exemplifies an extraordinary quality or service. This award will be made at the discretion of the Sheriff.

1029.3.4 WEARING OF MEDALS AND RIBBONS
Medals and ribbons will be worn by members for whom they have been authorized and only on those uniforms outlined in this section. Ribbons and medals will only be worn on the long sleeve shirt of the Class A uniform. On special occasions, the Sheriff may authorize ribbons and medals to be worn with other uniform classifications. Awards or ribbons earned while the employee was a member of another law enforcement agency or the military are not approved to wear with an LCSO uniform.

The ribbon with the highest precedence will be placed farthest from the lapel on the top row; other ribbons will follow in the proper order of precedence from right to left. Ribbons will be placed on the wearers right above the name plate, or if no name plate worn, with the bottom row resting on, but not over, the top edge of the right pocket. The ribbons will be worn in rows of three and will be centered above the pocket between the right and left pocket edges. The top row of ribbon(s) will be centered over the row immediately below.

Awards are listed in this policy in order of precedence by category. Those of equal category status will be worn in the order received. Sheriff's medals will only be worn when authorized by the Sheriff.

1029.3.5 AWARDS CEREMONY
Medals and ribbons may be awarded during an awards ceremony. The date and location of the ceremony will be determined by the Sheriff or his designee. It will be the responsibility of the Recognition Committee to determine who is eligible for commendations and to insure the proper paper work is done prior to the awards ceremony. With the approval of the Sheriff, Command Staff members may award commendations at any time so long as they have been approved by the Recognition Committee. Employees who are eligible for achievement ribbons prior to the start their employment (ie; Military Service, Educational Achievement, or EMT) at the Lake County Sheriff's Office will be considered by the Recognition Committee after their successful completion of probation.

1029.4 CAREER OFFICER/DEPUTY PROGRAM
The profession of law enforcement calls to a variety of individuals. These dedicated men and women respond with their talents, time and devotion to duty. Many advance in rank during their years of service, and some rise in rank or position. Not all are called to supervise or command. Members of the Lake County Sheriff's Office who perform their services at the line level are no less valuable to the community and the Sheriff's Office than those who are distinguished by rank. To signify the dedication and perseverance shown by these officers, the Career Deputy Program was created.

Deputies who attain the service, education and/or certificate requirements contained herein shall receive the following:
Employee Awards and Commendations

- Forty (40) consecutive hours of P.O.S.T. training (for sworn personnel) or S.T.C. training (for correctional officers) in a subject or course of the officer's choice. The recipient may choose to attend a Supervisory Course, even though it may consist of an eighty (80) hour course.

- An Associate or higher degree awarded by an accredited college or university
Fitness for Duty

1031.1 PURPOSE AND SCOPE
All deputies are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers. The purpose of this policy is to ensure that all deputies of this department remain fit for duty and able to perform their job functions (Government Code § 1031).

1031.2 EMPLOYEE RESPONSIBILITIES
(a) It shall be the responsibility of each member of this department to maintain good physical condition sufficient to safely and properly perform essential duties of their position.

(b) Each member of the Sheriff's Office shall perform his/her respective duties without physical, emotional, and/or mental constraints.

(c) During working hours, all employees are required to be alert, attentive, and capable of performing his/her assigned responsibilities.

(d) Any employee who feels unable to perform his/her duties shall promptly notify a supervisor. In the event that an employee believes that another employee is unable to perform his/her duties, such observations and/or belief shall be promptly reported to a supervisor.

1031.3 SUPERVISOR RESPONSIBILITIES
(a) A supervisor observing an employee, or receiving a report of an employee who is perceived to be, unable to safely perform his/her duties due to a physical or mental condition shall take prompt and appropriate action in an effort to resolve the situation.

(b) Whenever feasible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the employee to perform his/her duties.

(c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.

(d) In conjunction with the Shift Supervisor or employee's available Division Commander, a determination should be made whether or not the employee should be temporarily relieved from his/her duties.

(e) The Sheriff shall be promptly notified in the event that any employee is relieved from duty.
1031.4 NON-WORK RELATED CONDITIONS
Any employee suffering from a non-work related condition which warrants a temporary relief from
duty may be required to use applicable accrued time or apply for other leaves of absence per county policy in order to obtain medical treatment or other reasonable rest period.

1031.5 WORK RELATED CONDITIONS
Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with County rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

(a) A preliminary determination that the employee's conduct appears to be in compliance with policy and, if appropriate.

(b) The employee has had the opportunity to receive necessary counseling and/or psychological clearance to return to full duty.

1031.6 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

(a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Sheriff may serve that employee with a written order to undergo a physical and/or psychological examination in cooperation with Department of Human Resources to determine the level of the employee's fitness for duty. The order shall indicate the date, time and place for the examination. The employee will be compensated for the examination time.

(b) The examining physician or therapist will provide the Sheriff's Office with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties (Civil Code § 56.10 (c)(8)(A)). If the employee places his/her condition at issue in any subsequent or related administrative action/grievance, the examining physician or therapist may be required to disclose any and all information which is relevant to such proceeding (Civil Code § 56.10(c)(8)(B)).

(c) In order to facilitate the examination of any employee, the Sheriff's Office will provide all appropriate documents and available information to assist in the evaluation and/or treatment.

(d) All reports and evaluations submitted by the treating physician or therapist shall be part of the employee's privacy file in the Human Resources Office.
Fitness for Duty

(e) Any employee ordered to receive a fitness for duty examination shall comply with the terms of the order and cooperate fully with the examining physician or therapist regarding any clinical interview, tests administered or other procedures as directed. Any failure to comply with such an order and any failure to cooperate with the examining physician or therapist may be deemed insubordination and shall be subject to discipline up to and including termination.

(f) Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume his/her duties.

1031.7 LIMITATION ON HOURS WORKED
Absent emergency operations members should not work more than:

• 16 hours in one day (24 hour) period or
• 30 hours in any 2 day (48 hour) period or
• 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1031.8 APPEALS
An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.
Meal Periods and Breaks

1033.1 PURPOSE AND SCOPE
This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all County employees that has been established by the County Administrator.

1033.1.1 MEAL PERIODS
Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed deputies shall take their breaks within the County limits unless on assignment outside of the County.

The time spent for the meal period shall not exceed the authorized time allowed.

1033.1.2 15 MINUTE BREAKS
Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the Sheriff's facility shall remain in the Sheriff's facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field deputies will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field deputies take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of Central Dispatch.
Lactation Break Policy

1034.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee’s infant child (Labor Code § 1034).

1034.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for the employee's nursing infant child (29 USC § 207; Labor Code § 1030).

1034.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Central Dispatch or a supervisor in person or by telephone prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1034.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

A list of designated lactation areas will be established by the Sheriff or designee.
1034.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends their shift.

1034.5.1 STATE REQUIREMENTS
Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).
Time Card Procedures

1035.1 PURPOSE AND SCOPE
Timecards are submitted to Finance on a monthly basis, in a manner prescribed by the County Auditor's Office.

1035.1.1 RESPONSIBILITY FOR COMPLETION OF TIME CARDS
Employees are responsible for the accurate and timely submission of timecards. The timecard deadline will vary from month to month depending on the payroll deadline as prescribed by the County Auditor's Office.

1035.1.2 TIME REQUIREMENTS
Employees are paid on a monthly basis in a manner prescribed by the County Auditor's Office. Payday will be the first working day of the month with paychecks being released by the County Auditor's Office no earlier than 1030 hours.

1035.1.3 FUNCTIONAL TIME SHEET
All employees assigned to a special project shall, in addition to the standard time card, complete a functional time sheet identifying all grant hours worked. This functional time sheet must be completed properly and signed by both the employee and supervisor prior to submission to the Finance Division for payroll processing.

Finance Division personnel shall maintain a listing of all employees assigned to a special project as provided by supervisory staff. Supervisors will maintain this information and will require all employees which they are approving time cards for to complete a functional time sheet to be submitted with their time card.

Any employee that does not submit a functional time sheet with their standard time card will be contacted immediately by their supervisor and required to complete one prior to time card submission. Supervisors shall be required to sign and forward the functional time sheet to the Finance Division by the time card deadline.

Incomplete functional time sheets submitted to the Finance Division shall be returned to the respective Division Commander for correction.

Timecards are to be stored in the Finance Department for 7 years, for future auditing purposes.
Overtime Compensation Requests

1037.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1037.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Sheriff's Office, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Sheriff's Office. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed the total number of hours allowed pursuant to the current MOU.

1037.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1037.2.1 EMPLOYEES RESPONSIBILITY
Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Shift Supervisor. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Shift Supervisor the first day after returning for work.

1037.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the employee's Division Commander for final approval.

1037.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.
Overtime Compensation Requests

1037.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<table>
<thead>
<tr>
<th>TIME WORKED</th>
<th>INDICATE ON CARD</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 15 minutes</td>

1037.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other deputy, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.
Outside Employment

1038.1 PURPOSE AND SCOPE
In order to avoid actual or perceived conflicts of interest for Sheriff's Office employees engaging in outside employment, all employees shall obtain written approval from the Sheriff prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff in accordance with the provisions of this policy.

1038.1.1 DEFINITIONS
Outside Employment - Any member of the Sheriff's Office who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with the Sheriff's Office for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with the Sheriff's Office for services, product(s) or benefits rendered.

Outside Overtime - Any member of the Sheriff's Office who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through the Sheriff's Office so that the Sheriff's Office may be reimbursed for the cost of wages and benefits.

1038.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Sheriff for consideration.

If approved, the employee will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3) and Government Code § 1126 (c)).

1038.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee's Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Sheriff within ten days of the date of denial.

If the employee's appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).
Outside Employment

1038.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1038.3 PROHIBITED OUTSIDE EMPLOYMENT
Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

(a) Involves the employee’s use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

(b) Involves the employee’s receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee’s duties as a member of this department.

(c) Involves the performance of an act in other than the employee’s capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.

(d) Involves time demands that would render performance of the employee’s duties for this department less efficient.

1038.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary...
Outside Employment

employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Sheriff in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The deputy(s) shall wear the departmental uniform/identification.

2. The deputy(s) shall be subject to the rules and regulations of this department.

3. No deputy may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.

4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.

5. Outside security services shall not be subject to the collective bargaining process.

6. No deputy may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Sheriff.

1038.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to Sheriff's Office policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1038.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover deputies or deputies assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the deputy’s law enforcement status.

1038.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official
Outside Employment

records or databases of this department or other agencies through the use of the employee’s position with this department.

1038.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1038.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Sheriff through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Sheriff any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1038.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor’s orders, and make a recommendation to the Sheriff whether such outside employment should continue.

In the event the Sheriff determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the County’s professional medical advisors.
Outside Employment

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee’s failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Lake County Sheriff’s Office, a request (in writing) may be made to the Sheriff to restore the permit.
Occupational Disease and Work-Related Injury Reporting

1039.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1039.1.1 DEFINITIONS

1039.2.2 EMPLOYEE'S RESPONSIBILITY
Any employee sustaining any work-related injury or illness, as well as any employee who is involved in any accident while on duty shall report such injury, illness or accident as soon as practical to his/her supervisor. However, unless circumstances prevent, the injury, illness, or accident shall be reported prior to the end of the employee's shift during which the injury, accident, or illness occurred.

Any employee observing or learning of a potentially hazardous condition is to promptly report the condition to his/her immediate supervisor.

Any employee sustaining a work-related injury or illness that requires relief from duty is required to be examined/treated by a doctor.

Any employee sustaining a work-related injury or illness that requires relief from duty is also required to comply with Sheriff's Office policies and directives relating to the duty to periodically call in during absences, as well as the duty to notify the Sheriff's Office of any change in condition or anticipated duration of the absence.

When appropriate, an employee being treated for an on-duty injury should inform the attending physician that a modified duty assignment may be available at the Sheriff's Office. Limited-service duty may be available for the employees whose injuries prevent resumption of regular duties.
An injured employee or employee who has suffered a work-related illness shall report as soon as practical to his/her immediate supervisor the medical findings concerning the injury and the extent and duration of any work restrictions if they are known. In addition, such employees are required to promptly submit all medical releases, whether partial or full releases, to their supervisor.

1039.2.3 SUPERVISOR'S RESPONSIBILITY
A supervisor learning of any work-related injury, illness or accident shall promptly prepare the appropriate forms as outlined in this policy. Updated copies of forms with instructions for completion provided by Risk Management are kept in the Sergeant's office.

For work-related accidents, injuries or illness not requiring professional medical care, a Hazard/Incident Report of Injury form shall be completed in triplicate. All copies of the completed form shall be forwarded to the supervisor's Division Commander, through the chain of command.

When an accident, injury, or illness is reported initially on the Hazard/Incident Report of Injury form and the employee subsequently requires professional medical care, the State of California Employer's Report of Occupational Injury or Illness form shall then be completed. The injured employee shall also sign the form in the appropriate location.

Every injured employee must be provided with a Claim for Workers' Compensation Form (DWC-1) within 24 hours, regardless of the nature of illness or injury.

Copies of any reports documenting the accident or injury should be forwarded to the Division Commander as soon as they are completed.

1039.2.4 DIVISION COMMANDER RESPONSIBILITY
The Division Commander receiving a report of a work-related accident or injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Sheriff or his designee.

1039.2.5 SHERIFF RESPONSIBILITY
The Sheriff, or his designee, shall review and forward copies of the report to the Department of Human Resources and County Counsel. Any copies of the report and any related documents retained by the Sheriff's Office shall be filed in the employee's confidential medical file and not in the employee's personnel file upon return from County Counsel. (see Personnel File Policy).

1039.2.6 LIABILITY INCIDENTS RISK MANAGEMENT POLICY
All incidents whose occurrence it is felt might give rise to a claim being filed against a member of this department, the department, or the County of Lake shall be reported expeditiously to the departments command staff.

PROCEDURE
(a) All employees of the Lake County Sheriff's Office shall report to their immediate supervisor any incident which they feel might result in a claim being made against any employee, the department or the County of Lake.

(b) All Sheriff's Office supervisors, having been made aware of any incident because of which a claim could be filed against any employee of the Sheriff's Office, the Sheriff's Office or the County of Lake shall as soon as possible but prior to the conclusion of his/her shift report the incident to their Division Commander and the Administrative Lieutenant, who acts as the department's Risk Management liaison.

(c) The Administrative Lieutenant shall obtain sufficient information concerning each reported incident as to make a report to the county's Risk Management Department in a timely manner.

(d) Should an individual request the procedure for filing a claim against the department or the County of Lake, they shall be referred to the Clerk of the Board of Supervisors for the filing of the claim.

1039.3 INJURY NOT REQUIRING MEDICAL ATTENTION
Those injuries and illnesses not requiring medical attention shall be recorded on a Hazard/Incident Report of Injury form. This form shall be completed and signed by a supervisor.

This form shall be signed by the affected employee, indicating that he/she desired no medical attention at the time of the report. By signing this form, the employee will not preclude his/her ability to seek medical attention later.

1039.4 OTHER DISEASE OR INJURY
Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administration Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1039.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.
1039.5.1  NO SETTLEMENT WITHOUT PRIOR APPROVAL
No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County’s right of subrogation, while ensuring that the member’s right to receive compensation is not affected.
Personal Appearance Standards

1041.1 PURPOSE AND SCOPE
In order to project uniformity and neutrality toward the public and other members of the department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this department and for their assignment.

1041.2 GROOMING STANDARDS

1041.2.1 HAIR
Hairstyles of all members shall be neat in appearance. For male sworn members, hair must not extend below the top edge of the uniform collar while assuming a normal stance.

For female sworn members, hair must be no longer than the horizontal level of the bottom of the uniform patch when the employee is standing erect, worn up or in a tightly wrapped braid or ponytail.

1041.2.5 FINGERNAILS
Fingernails extending beyond the tip of the finger can pose a safety hazard to deputies or others. For this reason, fingernails shall be trimmed so that no point of the nail extends beyond the tip of the finger.

1041.2.6 JEWELRY AND ACCESSORIES
No jewelry or personal ornaments shall be worn by deputies on any part of the uniform or equipment, except those authorized within this manual. Jewelry, if worn around the neck, shall not be visible above the shirt collar.

If the Division Commander concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.
Performance History Audits

If discipline or other adverse action is initiated against a deputy as a result of a Performance History Audit, the deputy shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

1052.8 CONFIDENTIALITY OF DATA
Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered confidential as part of the employee’s personnel file and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to a deputy’s personnel file as outlined in the Department Peace Officer Personnel Files Policy.

1052.9 RETENTION AND PURGING
Except as incorporated in separate training or disciplinary records, all performance indicators and Performance History Audit Reports shall be purged from the Professional Standards Unit and all other locations within the Sheriff's Office one year from the date generated. The County Counsel however, shall retain a copy of Performance History Audit Reports for an additional one year period as attorney work product.
Employee Speech, Expression and Social Networking

1054.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1054.1.1 APPLICABILITY
This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1054.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Lake County Sheriff's Office will carefully balance the individual employee's rights against the Sheriff's Office needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1054.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Lake County Sheriff's Office employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates.
Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of a deputy who is working undercover.
- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

1054.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Lake County Sheriff's Office or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Lake County Sheriff's Office and tends to compromise or damage the mission, function, reputation or professionalism of the Lake County Sheriff's Office or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Lake County Sheriff's Office.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department.
for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Lake County Sheriff's Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).

2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1054.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Lake County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Lake County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose or contradict any political campaign or initiative.

(b) Endorse, support, oppose or contradict any social issue, cause or religion.

(c) Endorse, support or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or deputy associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Lake County Sheriff's Office.
Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1054.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1054.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1054.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Line-of-Duty Deaths

1055.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Lake County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Sheriff may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1055.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1055.2 POLICY
It is the policy of the Lake County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1055.3 INITIAL ACTIONS BY COMMAND STAFF

(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Shift Supervisor and Central Dispatch.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).

(b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Shift Supervisor or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
Line-of-Duty Deaths

(d) The Sheriff or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1055.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Sheriff, Shift Supervisor or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
Line-of-Duty Deaths

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Sheriff or the authorized designee once survivor notifications have been made so that other Lake County Sheriff's Office members may be apprised that survivor notifications are complete.

1055.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Sheriff.

1055.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Sheriff are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.
1055.6 LIAISONS AND COORDINATORS
The Sheriff or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

(a) Department Liaison.
(b) Hospital Liaison.
(c) Survivor Support Liaison.
(d) Critical Incident Stress Management (CISM) coordinator.
(e) Funeral Liaison.
(f) Mutual aid coordinator.
(g) Benefits Liaison.
(h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1055.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member’s survivors and the Department. The Department Liaison reports directly to the Sheriff. The Department Liaison’s responsibilities include, but are not limited to:

(a) Directing the other liaisons and coordinators in fulfilling survivors’ needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
(b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
(c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
(d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
(e) Coordinating all official law enforcement notifications and arrangements.
(f) Making necessary contacts for authorization to display flags at half-mast.
(g) Ensuring that department members are reminded of appropriate information–sharing restrictions regarding the release of information that could undermine future legal proceedings.
(h) Coordinating security checks of the member’s residence as necessary and reasonable.
Line-of-Duty Deaths

(i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1055.6.2 HOSPITAL LIAISON
The Hospital Liaison should work with hospital personnel to:

(a) Arrange for appropriate and separate waiting areas for:
   1. The survivors and others whose presence is requested by the survivors.
   2. Department members and friends of the deceased member.
   3. Media personnel.

(b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member’s survivors or Lake County Sheriff’s Office members (except for members who may be guarding the suspect).

(c) Ensure that survivors receive timely updates regarding the member before information is released to others.

(d) Arrange for survivors to have private time with the member, if requested.
   1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
   2. The Hospital Liaison should accompany the survivors into the room, if requested.

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member’s residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member’s equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1055.6.3 SURVIVOR SUPPORT LIAISON
The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member’s Division Commander. The following should be considered when selecting the Survivor Support Liaison:
Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.
(b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.
(c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.
(d) Providing assistance with travel and lodging arrangements for out-of-town survivors.
(e) Returning the deceased member’s personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
   1. Items should not be delivered to the survivors until they are ready to receive the items.
   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.
(f) Assisting with the return of department-issued equipment that may be at the deceased member’s residence.
   1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors’ wishes.
(g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.
(h) Coordinating with the department’s Public Information Officer (PIO) to brief the survivors on pending press releases related to the incident and to assist the survivors with media relations in accordance with their wishes (see the Public Information Officer section of this policy).
(i) Briefing survivors on investigative processes related to the line-of-duty death, such as criminal, internal and administrative investigations.
Line-of-Duty Deaths

(j) Informing survivors of any related criminal proceedings and accompanying them to such proceedings.

(k) Introducing survivors to prosecutors, victim’s assistance personnel and other involved personnel as appropriate.

(l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1055.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR

The CISM coordinator should work with the Sheriff or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death. 1. Members involved in the incident.
2. Members who witnessed the incident.
3. Members who worked closely with the deceased member but were not involved in the incident.

(b) Ensuring that members who were involved in or witnessed the incident are relieved of department responsibilities until they can receive CISM support as appropriate and possible.

(c) Ensuring that CISM and counseling resources (e.g., peer support, debriefing, grief counselors) are available to members as soon as reasonably practicable following the line-of-duty death.

(d) Coordinating with the Survivor Support Liaison to ensure survivors are aware of available CISM and counseling services and assisting with arrangements as needed.
Line-of-Duty Deaths

(b) Area coverage so that as many Lake County Sheriff’s Office members can attend funeral services as possible.

The mutual aid coordinator should perform his/her duties in accordance with the Mutual Aid and Outside Agency Assistance Policy.
1055.6.7 BENEFITS LIAISON

   4. Related funding or accounting questions and issues.

(c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member’s survivors.

(d) Providing accounting and cost information as needed.

The PIO should ensure that media are notified when survivor notifications have been made.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor’s Report, titled “Hate Crimes in California,” found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven “top-down” process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency’s jurisdiction.

POLICY GUIDELINES

GUIDELINE #1
Develop the foundation for the agency’s hate crimes policy.

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency’s hate crimes policy. Employees’ ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

GUIDELINE #2
Develop a hate crimes policy for the agency.

I. An agency’s hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
   A. Response
   B. Training
   C. Planning and Prevention
   D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar “Message from the Agency Chief Executive”.

GUIDELINE #3
Develop expertise to identify and investigate hate crimes.

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

GUIDELINE #4
Develop and implement cooperative hate crimes plans with other law enforcement agencies.

I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.

II. Develop and/or participate in law enforcement intelligence networks to enhance the agency’s ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

GUIDELINE #5
Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.

I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
   • Develop a network to build rapport with community groups
• Develop a protocol for response to hate crimes
• Obtain witness and victim cooperation
• Provide support services to victims
• Collect demographic information about specific communities
• Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
• Identify periods of increased vulnerability based on significant dates and events for affected communities

II. Law enforcement should identify and seek out cultural diversity training and information from/about specific communities within its jurisdiction (immigrant, Muslim, Arab, LGBTQ, Black or African American, Jewish, Sikh, disability, etc.) to strengthen agency awareness.

GUIDELINE #6

Conduct an annual assessment of the agency’s hate crimes policy and its ongoing implementation.

The assessment should include:

I. A review to ensure compliance with the POST Hate Crimes Model Policy and California law.

II. A review and analysis of the agency’s data collection, policy, and annual mandated reporting of hate crimes.

III. A review and updating of the agency’s hate crimes brochure to ensure compliance with CPC 422.92.

IV. A review of any existing or available data or reports, including the annual California Attorney General’s report on hate crimes, in preparation for, and response to, future hate crime trends.

V. Annual outreach to the community including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools, and colleges assessing the agency’s responsiveness to hate crimes.
MINIMUM LEGAL REQUIREMENTS FOR AN AGENCY’S HATE CRIMES POLICY

CPC 13519.6, effective January 1, 2005, minimally requires:

1. A message from the law enforcement agency’s chief executive officer to the agency’s officers and staff concerning the importance of hate crime laws and the agency’s commitment to enforcement.

2. The definition of “hate crime” in Penal Code section 422.55.

3. References to hate crime statutes including Penal Code section 422.6.

4. A title-by-title specific protocol that agency personnel are required to follow, including, but not limited to, the following:
   a. Preventing and preparing for likely hate crimes by, among other things, establishing contact with persons and communities who are likely targets, and forming and cooperating with community hate crime prevention and response networks.
   b. Responding to reports of hate crimes, including reports of hate crimes committed under the color of authority.
   c. Accessing assistance, by, among other things, activating the Department of Justice hate crimes rapid response protocol when necessary.
   d. Providing victim assistance and follow-up, including community follow-up.
   e. Reporting

CPC 422.87, effective January 1, 2019, states and minimally requires:

Each local law enforcement agency may adopt a hate crimes policy. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new one shall include, but not limited to, the following:

1. The definitions in Penal Code sections 422.55 and 422.56.

2. The content of the model policy framework that the Commission on Peace Officer Standards and Training developed pursuant to Section 13519.6 (above) and any content that the commission may revise or add in the future, including any policy, definitions, response and reporting responsibilities, training resources, and planning and prevention methods.

3. Information regarding bias motivation
   a. For the purposes of this paragraph, “bias motivation” is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one’s “own kind,” or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.
   i. In recognizing suspected disability-bias hate crimes, the policy shall advise officers to consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse
fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

ii. In recognizing suspected disability-bias hate crimes, the policy also shall advise officers to consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

b. Information regarding the general underreporting of hate crimes and the more extreme underreporting of anti-disability and anti-gender hate crimes and a plan for the agency to remedy this underreporting (emphasis added).

c. A protocol for reporting suspected hate crimes to the Department of Justice pursuant to Penal Code section 13023.

d. A checklist of first responder responsibilities, including, but not limited to, being sensitive to effects of the crime on the victim, determining whether any additional resources are needed on the scene to assist the victim or whether to refer the victim to appropriate community and legal services, and giving the victims and any interested persons the agency’s hate crimes brochure, as required by Section 422.92.

e. A specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

f. The title or titles of the officer or officers responsible for assuring that the department has a hate crime brochure as required by Section 422.92 and ensuring that all officers are trained to distribute the brochure to all suspected hate crime victims and all other interested persons.

g. A requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

h. Any local law enforcement agency that updates an existing hate crimes policy or adopts a new hate crimes policy may include any of the provisions of a model hate crime policy and other relevant documents developed by the International Association of Chiefs of Police that are relevant to California and consistent with this chapter.
MODEL POLICY FRAMEWORK

Purpose
This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement’s role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

Policy
It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

Response, Victim Assistance and Follow-up

Initial response
First responding officers should know the role of all department personnel as they relate to the agency’s investigation of hate crimes and/or incidents. Responding officers should evaluate the need for additional assistance, and working with supervision and/or investigations, access needed assistance if applicable. Responding officers should ensure the crime scene is properly protected, preserved and processed.

At the scene of a suspected hate or bias crimes, officers should take preliminary actions deemed necessary, to include, but not limited to, the following:

If evidence of an inflammatory nature cannot be physically removed, the property owner should be contacted to ensure that it is removed or covered up as soon as possible. Agency personnel should follow-up to ensure that this is accomplished in a timely manner.

All staff, including dispatch, desk personnel, volunteers, records, support staff, officers, supervisors, and managers shall be properly trained on the department’s hate crimes policy. The agency will follow all legislatively mandated training requirements.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims’ considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at www.post.ca.gov. In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency’s plan to remedy this underreporting shall be inserted into the policy (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency’s concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.

2. Provide direct and referral assistance to the victim and his/her family.

3. Conduct public meetings on hate crime threats and violence in general.

4. Establish relationships with formal community-based organizations and leaders.

5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.
6. Review the Attorney General’s latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities. 

7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim’s family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

**Release of Information**

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

---

2As described in CPC 13519.6(b)(8)
1. Informing community organizations in a timely manner when a community group has been the target of a hate crime.

2. Informing the community of the impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.

3. Informing the community regarding hate crime law and the legal rights of, and the remedies available to, victims of hate crimes.

4. Providing the community with ongoing information regarding hate crime and/or hate incidents (if policy requires it).

**Reporting**

The agency policy shall require development of a procedure for data collection, documentation, and mandated reporting requirements. The agency shall:

1. Ensure that hate crimes are properly investigated, documented, and reported.

2. During documentation, ensure hate crimes are flagged properly to allow for required reporting to the California Department of Justice. This is typically indicated by the title/penal code section identifying the report as a hate crime. Some agencies have added a check box specifically indicating a hate crime that, if required by the agency policy, requires a secondary review by an investigator/detective, supervisor or other identified party. It is the agency executive’s responsibility to determine the form of documentation and type of indicators on crime reports.

3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.

4. Agencies shall develop procedures to comply with legally mandated reporting, including the California Department of Justice, pursuant to CPC 13023.

(7) Association with a person or group with one or more of these actual or perceived characteristics.

(b) “Hate crime” includes, but is not limited to, a violation of Section 422.6.

“Association with a person or group with these actual or perceived characteristics” includes advocacy for, identification with, or being on the ground owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of those characteristics listed in the definition of “hate crime” under paragraphs 1 to 6, inclusive, of CPC 422.55 subdivision (a).

Note: A “hate crime” need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate Speech

The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

Hate incident

A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property
Bias Motivation

Bias motivation is a preexisting negative attitude toward actual or perceived characteristics referenced in Section 422.55. Depending on the circumstances of each case, bias motivation may include, but is not limited to, hatred, animosity, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one’s “own kind,” or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including, but not limited to, disability or gender.

Disability Bias

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore “deserving victims,” a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator’s motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Disability

Disability includes mental disability and physical disability as defined in GC 12926, regardless of whether those disabilities are temporary, permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Gender

Gender means sex and includes a person gender identity and gender expression. Gender expression means a person’s gender-related appearance and behavior, whether or not stereotypically associated with the persons assigned sex at birth. A person’s gender identity and gender related appearance and behavior, whether or not stereotypically associated with the person’s assigned sex at birth.

In Whole or In Part

“In whole or in part because of” means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that crime would not have been committed but for the actual or perceived characteristic.

Nationality

Nationality includes citizenship, country of origin, and national origin.
Race or Ethnicity
Race or ethnicity includes ancestry, color, and ethnic background.

Religion
Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Sexual orientation
Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim
Victim includes, but is not limited to, a community center, educational facility, entity, family, group, individual, office, meeting hall, person, place of worship, private institution, public
