Francisco Rivero
Sheriff/Coroner/OES Director

The pages in this report detail the number of selected crimes that were reported to the Lake County Sheriff's Deputies between the time periods January 1, 2010 through December 31, 2010. These statistics do not cover all of the **5,602** total documented crimes or incidents reported to the Office of the Lake County Sheriff during this time period. The crime statistics included in this report have been determined to be the most frequently and commonly occurring crimes within the jurisdiction of the Lake County Sheriff's Office. These statistics do not reflect crimes reported to other Law Enforcement agencies in Lake County (e.g. Clearlake Police Department, Lakeport Police Department, CHP, etc).

Furthermore, bear in mind that, in certain cases, the crimes detailed in this report include all subsections of the applicable statute. As an example, this means that the data provided for California Penal Code section 261-Rape, includes all subsections of the base statute. Also of significance is the fact that community boundaries as defined within the Sheriff's Office Computer Aided Dispatch (CAD) system do not necessarily coincide with the recognized political boundaries of each community listed.

Lastly, Population data is not included in this report as the US Census Bureau does not break down population into all of the communities included in this report.

It is my sincere hope that the data contained in this report is of benefit to all who read it.

Sincerely,

Francisco Rivero
Sheriff/Coroner/OES Director
